Neilson,Matthew J. Grow,2016 This book contains fifteen essays from leading historians and religious studies scholars each originally presented as the annual Tanner lecture at the conference of the Mormon History Association Approaching Mormon history from a variety of angles such as gender identity creation American imperialism and globalization these scholars all experts in their fields but new to the study of Mormon history itself ask intriguing questions about Mormonism s past and future and analyze familiar sources in unexpected ways **The Law Times Reports** ,1912 **The Solicitors' Journal and Weekly Reporter** ,1912 **Law Reports Under the Superintendence and Control of the Incorporated Council of Law Reporting for England and Wales. Supreme Court of Judicature : Cases Determined in the Chancery Division and in Bankruptcy and Lunacy and on Appeal Therefrom in the Court of Appeal** ,1912 **The Twenty-First-Century Legacy of the Beatles** Michael Brocken,2016-03-03 It has taken Liverpool almost half a century to come to terms with the musical cultural and now economic legacy of the Beatles and popular music At times the group was negatively associated with sex and drugs images surrounding rock music deemed unacceptable by the city fathers and unworthy of their support Liverpoolian musicians believe that the musical legacy of the Beatles can be a burden especially when the British music industry continues to brand the latest white male group to emerge from Liverpool as the next Beatles Furthermore Liverpoolians of perhaps differing ethnicities find images of four white boys with guitars and drums not only problematic in a musical roots sense but for them culturally devoid of meaning and musically generic The musical and cultural legacy of the Beatles remains complex In a post industrial setting in which both popular and traditional heritage tourism have emerged as providers of regular employment on Merseyside major players in what might be described as a Beatles music tourism industry have constructed new interpretations of the past and placed these in such an order as to re confirm re create and re work the city as a symbolic place that both authentically and contextually represents the Beatles **The Contemporary Law Review, with Current English and Foreign Decisions** ,1913 **The Swimmer** Patrick Barkham,2023-05-25 BEST BOOK OF 2023 ACCORDING TO THE NEWSTATSMAN AND OBSERVER The Swimmer is a wonderful original achievement teeming with stories glittering with images and experimental in form and tone Robert Macfarlane Roger Deakin author of the immortal Waterlog was a man of many parts maverick ad man cider maker teacher environmentalist music promoter and filmmaker But above all he was the restorer of ancient Walnut Tree Farm in Suffolk the heartland where he wrote about all natural life with rare attention intimacy precision and poetry Roger Deakin was unique and so too is this joyful work of creative biography told primarily in the words of the subject himself with support from a chorus of friends family colleagues and lovers Delving deep into Deakin s library of words Patrick Barkham draws from notebooks diaries letters and recordings to

conjure his voice back to glorious life in these pages A rich strange and compelling work of creative memoir that beautifully honours and elevates the life and work of its subject Alex Preston Observer **Contemporary Literary Landscapes** Daniel Weston, 2017-05-15 Writing landscapes inevitably occurs in dialogue with a long textual and pictorial tradition but first hand experience also provides key stimuli to many writers accounts This monograph employs a comparative lens to offer an intervention in debates between literary scholars who focus on genre and those cultural geographers who are concerned that self-perpetuating literary tropes marginalize practical engagements Suggesting that representation and experience are not competing paradigms for landscape Daniel Weston argues that in the hands of contemporary writers they are complementary forces building composite articulations of place In five case studies Weston matches a writer to a mode of apprehending place W G Sebald with picturing Ciaran Carson with mapping Iain Sinclair with walking Robert Macfarlane with engaging Kathleen Jamie with noticing Drawing out a range of sites at which representation and experience interact Weston's argument is twofold first interaction between traditions of landscape writing and direct experience of landscapes are mutually influential and second writers increasingly deploy style form and descriptive aesthetics to recover the experience of place in the poetics of the text itself As Weston shows emergent landscape writing shuttles across generic boundaries reflecting the fact that the landscapes traversed are built out of a combination of real and imaginary sources
