Machiavellian Moment Florentine Political Thought

John Greville Agard Pocock

Machiavellian Moment Florentine Political Thought:

The Machiavellian Moment John Greville Agard Pocock, 2016-10-04 Originally published in 1975 The Machiavellian Moment remains a landmark of historical and political thought Celebrated historian J G A Pocock looks at the consequences for modern historical and social consciousness arising from the ideal of the classical republic revived by Machiavelli and other thinkers of Renaissance Italy Pocock shows that Machiavelli's prime emphasis was on the moment in which the republic confronts the problem of its own instability in time which Pocock calls the Machiavellian moment After examining this problem in the works of Machiavelli Guicciardini and Giannotti Pocock turns to the revival of republican ideology in Puritan England and in Revolutionary and Federalist America He argues that the American Revolution can be considered the last great act of civic humanism of the Renaissance and he relates the origins of modern historicism to the clash between civic Christian and commercial values in eighteenth century thought This Princeton Classics edition of The Machiavellian Moment features a new introduction by Richard Whatmore

The Machiavellian Moment John Greville Agard Pocock, 1975 The Machiavellian Moment is a classic study of the consequences for modern historical and social consciousness of the ideal of the classical republic revived by Machiavelli and other thinkers of Renaissance Italy J G A Pocock suggests that Machiavelli's prime emphasis was on the moment in which the republic confronts the problem of its own instability in time and which he calls the Machiavellian moment After examining this problem in the thought of Machiavelli Guicciardini and Giannotti Pocock turns to the revival of republican thought in Puritan England and in Revolutionary and Federalist America He argues that the American Revolution can be considered the last great act of civic humanism of the Renaissance He relates the origins of modern historicism to the clash between civic Christian and commercial values in the thought of the eighteenth century

Republicanism, Liberty, and Commercial Society, 1649-1776 David Wootton, 1994 This examination of republicanism in an Anglo American and European context gives weight not only to the thought of the theorists of republicanism but also to the practical experience of republican governments in England Geneva the Netherlands and Venice

Machiavelli's Liberal Republican Legacy Paul A. Rahe, 2005-11-14 The significance of Machiavelli's political thinking for the development of modern republicanism is a matter of great controversy In this volume a distinguished team of political theorists and historians reassess the evidence examining the character of Machiavelli's own republicanism and charting his influence on Marchamont Nedham James Harrington John Locke Algernon Sidney John Trenchard Thomas Gordon David Hume the Baron de Montesquieu Benjamin Franklin George Washington John Adams Thomas Jefferson James Madison and Alexander Hamilton This work argues that while Machiavelli himself was not liberal he did set the stage for the emergence of liberal republicanism in England By the exponents of commercial society he provided the foundations for a moderation of commonwealth ideology and exercised considerable if circumscribed influence on the statesmen who founded the American Republic Machiavelli's Liberal Republican Legacy will be of great interest to political theorists early modern historians and

students of the American political tradition **The Reception of Machiavelli in Early Modern Spain** Keith David Howard, 2014 Howard demonstrates that Machiavellian discourse had a profound impact on early modern Spanish prose treatises Arguing against historians of Spanish political thought that have neglected recent developments in our understanding of Machiavelli's contribution to the European tradition the thesis of this book is that Machiavellian discourse had a profound impact on Spanish prose treatises of the sixteenth and seventeenth centuries After reviewing in chapter 1 Machiavelli's ideological restructuring of the language of European political thought in chapter 2 Dr Howard shows how before his works were prohibited in Spain in 1583 Spaniards such as Fadrique Furi Ceriol and Balthazar Ayala used Machiavelli's new vocabulary and theoretical framework to develop an imperial discourse that would be compatible with a militant understanding of Catholic Christianity In chapters 3 4 and 5 he demonstrates in detail how Giovanni Botero Pedro de Ribadeneyra and their imitators in the anti Machiavellian reason of state tradition in Spain attack a straw figure of Machiavelli that they have invented for their own rhetorical and ideological purposes while they simultaneously incorporate key Machiavellian concepts into their own advice Keith David Howard is an Assistant Professor of Spanish at Florida State University [A Global Encyclopedia of Historical Writing, Volume 2](#) D.R. Woolf, 2022-09-30 First published in 1998 Including a wide range of information and recommended for academic libraries this encyclopedia covers historiography and historians from around the world and will be a useful reference to students researchers scholars librarians and the general public who are interested in the writing of history Volume II covers entries from K to Z *Reformations* Carlos M. N. Eire, 2016-06-28 This fast paced survey of Western civilization's transition from the Middle Ages to modernity brings that tumultuous period vividly to life Carlos Eire popular professor and gifted writer chronicles the two hundred year era of the Renaissance and Reformation with particular attention to issues that persist as concerns in the present day Eire connects the Protestant and Catholic Reformations in new and profound ways and he demonstrates convincingly that this crucial turning point in history not only affected people long gone but continues to shape our world and define who we are today The book focuses on the vast changes that took place in Western civilization between 1450 and 1650 from Gutenberg's printing press and the subsequent revolution in the spread of ideas to the close of the Thirty Years War Eire devotes equal attention to the various Protestant traditions and churches as well as to Catholicism skepticism and secularism and he takes into account the expansion of European culture and religion into other lands particularly the Americas and Asia He also underscores how changes in religion transformed the Western secular world A book created with students and nonspecialists in mind *Reformations* is an inspiring provocative volume for any reader who is curious about the role of ideas and beliefs in history

The Political Value of Time Elizabeth F. Cohen, 2018-03-01 Waiting periods and deadlines are so ubiquitous that we often take them for granted Yet they form a critical part of any democratic architecture When a precise moment or amount of time is given political importance we ought to understand why this is so *The Political Value of Time* explores the idea of time

within democratic theory and practice Elizabeth F Cohen demonstrates how political procedures use quantities of time to confer and deny citizenship rights Using specific dates and deadlines states carve boundaries around a citizenry As time is assigned a form of political value it comes to be used to transact over rights Cohen concludes with a normative analysis of the ways in which the devaluation of some people s political time constitutes a widely overlooked form of injustice This book shows readers how and why they need to think about time if they want to understand politics Rethinking Liberty before Liberalism Hannah Dawson,Annelien de Dijn,2022-02-03 Reflects on histories of freedom and republicanism through a major new reappraisal of Quentin Skinner s Liberty before Liberalism **Marvell and Liberty** Martin Dzelzainis,1999-07-09 Marvell and Liberty is a collection of original essays by leading scholars which treats this major poet in an entirely new light Uniquely it gives equal attention to the full range of Marvell s writings Marvell is a writer deeply implicated in the history of his time and as the essays in this volume show also exercised a potent political influence after his death Marvell and Liberty constitutes a major reassessment of a figure who lived much of his life close to the epicentre of the revolutionary upheavals of the seventeenth century
