Machiavellis Children Leaders And Their Legacies In Italy And Japan:

Machiavelli's Children Richard J. Samuels, 2019-06-30 Two late developing nations Japan and Italy similarly obsessed with achieving modernity and with joining the ranks of the great powers have traveled parallel courses with very different national identities In this audacious book about leadership and historical choices Richard J Samuels emphasizes the role of human ingenuity in political change He draws on interviews and archival research in a fascinating series of paired biographies of political and business leaders from Italy and Japan Beginning with the founding of modern nation states after the Meiji Restoration and the Risorgimento Samuels traces the developmental dynamic in both countries through the failure of early liberalism the coming of fascism imperial adventures defeat in wartime and reconstruction as American allies Highlights of Machiavelli s Children include new accounts of the making of postwar Japanese politics using American money and Manchukuo connections and of the collapse of Italian political parties in the Clean Hands Mani Pulite scandal The author also tells the more recent stories of Umberto Bossi s regional experiment the Lega Nord the different choices made by Italian and Japanese communist party leaders after the collapse of the USSR and the leadership of Silvio Berlusconi and Ishihara Shintaro on the contemporary right in each country

Japan, Italy and the Road to the Tripartite Alliance Ken Ishida, 2018-09-20 This book employs a comparative approach to explore the decision making processes behind the Japanese and Italian foreign policies concerned with East Asia Africa Europe and the Mediterranean It explores these policies in relation to the Axis powers and Britain in the 1930s Both Japan and Italy shared significant similarities in their decision making processes which help to illustrate the workings of ultra nationalist and fascist foreign policy The work examines the mechanism of decision making in the foreign ministries rather than the personalities of leaders in order to understand why and how both countries finally chose unexpected partners The Tripartite Alliance has often been perceived through the diplomatic motives and arbitrary manners of dictatorial leadership in Nazi Germany Fascist Italy and ultra nationalist Japan individually This book compares the foreign policies of Italy and Japan and looks outwards to their diplomatic relations with Britain a key imperial factor in their expansions into East Asia and Africa contrasting these Axis powers with Germany usually thought to typify fascist diplomacy

Italy and Japan: How Similar Are They? Silvio Beretta, Axel Berkofsky, Fabio Rugge, 2014-07-01 This book provides an enlightening comparative analysis of Japan s and Italy s political cultures and systems economics and international relations from World War II to the present day It addresses a variety of fascinating questions ranging from the origins of the authoritarian regimes and post war one party rule in both countries through to Japan s and Italy s responses to the economic and societal challenges posed by globalization and their international ambitions and strategies Similarities and differences between the two countries with regard to economic development models the relationship of politics and business economic structures and developments and international relations are analyzed in depth This innovative volume on an under researched area will be of great interest to those with an interest in Italian and Japanese

politics and economics **Italians in Africa and the Japanese in South East Asia** Nikolaos Mavropoulos, 2022-08-22 The comparison of early Italy's and Japan's colonialism is without precedence. The majority of studies on Italian and Japanese expansion refer to the 1930-1940s period, fascist totalitarian era, when Japan annexed Manchuria 1931 and Italy Ethiopia 1936. The first formative and crucial steps that paved the way for this expansion have been neglected. This analysis covers a range of social, political, and economic parameters illuminating the diversity but also the common ground of the nature and aspirations of Japan's and Italy's early colonial systems. The two states, alongside the Great Powers of the era, expanded in the name of humanism and civilization but in reality in a way typically imperialistic: they sought territorial compensations, financial privileges, and prestige. A parallel and deeper understanding of the nineteenth-century socio-cultural psychological parameters, such as tradition, mentality, and religion, that shaped and explain the later ideological framework of Rome's and Tokyo's expansionist disposition has never been attempted before. This monograph offers a detailed examination of the phenomenon of colonialism by examining the issue from two different angles. The study contributes to the understanding of Italy's and Japan's early imperial expansion. In addition, it traces the origins of these states' similar and common historical evolution in late nineteenth and the first half of the twentieth century.

Machiavelliana Michael Jackson, Damian Grace, 2018-06-05 In *Machiavelliana*, Michael Jackson and Damian Grace offer a comprehensive study of the uses and abuses of Niccolò Machiavelli's name in society generally and in academic fields distant from his intellectual origins. It assesses the appropriation of Machiavelli in didactic works, in management, social psychology, and primatology, scholarly texts, in leaderships studies, as well as novels, plays, commercial enterprises, television dramas, operas, rap music, Machiavelli's scales, children's books, and more. The book audits, surveys, examines, and evaluates this *Machiavelliana* against wider claims about Machiavelli. It explains the origins of Machiavelli's reputation and the spread of his fame as the foundation for the many uses and misuses of his name. They conclude by redressing the most persistent distortions of Machiavelli.

[Searching for Japan](#) Michele Monserrati, 2020-03-27 This book pursues the specific case of Italian travel narratives in the Far East through a focus on the experience of Japan in works by writers who visited the Land of the Rising Sun beginning in the Meiji period 1868-1912 and during the concomitant opening of Japan's relations with the West. Drawing from the fields of Postcolonial and Transnational Studies, analysis of these texts explores one central question: what does it mean to imagine Japanese culture as contributing to Italian culture? Each author shares in common an attempt to disrupt ideas about dichotomies and unbalanced power relationships between East and West. Proposing the notion of relational Orientalism, this book suggests that Italian travelogues to Japan in many cases pursued the goal of building imaginary transnational communities predicated on commonalities and integration by claiming what they perceived as Oriental as their own. In contrast with a long history of Western representations of Japan as inferior and irrational, *Searching for Japan* identifies a positive overarching attitude toward the Far East country in modern Italian culture. Expanding the horizon of Italian transnational networks normally

situated within the Southern European region this book reinstates the existence of an alternative Euro Asian axis operating across Italian history

Growing Democracy in Japan Associate Chair and Director of Graduate Programs Brian Woodall, Brian Woodall, 2014-06-19 Kentucky native and national tastemaker Duncan Hines 1880 1959 published his first cookbook *Adventures in Good Cooking* in 1939 at the age of fifty nine This best selling collection featured recipes from select restaurants across the country as well as crowd pleasing family favorites and it helped to raise the standard for home cooking in America Filled with succulent treats from the Waldorf Astoria's Chicken Fricassee to the Oeufs a la Russe served at Antoine's Restaurant in New Orleans to Mrs Hines's own Christmas Nut Cake this book includes classic recipes from top chefs and home cooks alike Featuring a new introduction by Hines biographer Louis Hatchett and a valuable guide to the art of carving this classic cookbook serves up a satisfying slice of twentieth century Americana direct from the kitchen of one of the nation's most trusted names in food Now a new generation of cooks can enjoy and share these delectable dishes with family and friends

Japan's Politics and Economy Marie Söderberg, Patricia Nelson, 2009-12-16 For some time Japan has been under fire for adjusting too slowly to new realities While this criticism may be valid on some levels Japan has been transforming in tandem with both regional and global forces However these changes have been largely overshadowed by the immense changes in Asia including the rise of China the 1997 Southeast Asian financial crisis and North Korea's development of nuclear weapons Has Japan the world's second largest economy only been muddling through In this volume the contributors show that although the challenges faced are great Japan is changing in areas ranging from political leadership education policy official development assistance peace building and security to defence production business associations and innovation policy The book analyses processes of change focusing on the dynamics of change rather than structural change or institutional change per se from four levels the individual domestic regional and global Forces from outside Japan such as a changing world order and changes in power relationships in Asia have driven change along with pressures emerging within Japan such as the increasing power of public opinion and competitiveness within markets This book will be of interest to scholars and students of Japanese and Asian Studies Politics International Relations Globalization Business and Economics

Special Duty Richard J. Samuels, 2019-10-15 The prewar history of the Japanese intelligence community demonstrates how having power over much but insight into little can have devastating consequences Its postwar history one of limited Japanese power despite growing insight has also been problematic for national security In *Special Duty* Richard J Samuels dissects the fascinating history of the intelligence community in Japan Looking at the impact of shifts in the strategic environment technological change and past failures he probes the reasons why Japan has endured such a roller coaster ride when it comes to intelligence gathering and analysis and concludes that the ups and downs of the past century combined with growing uncertainties in the regional security environment have convinced Japanese leaders of the critical importance of striking balance between power and insight Using examples of excessive hubris and debilitating bureaucratic

competition before the Asia Pacific War the unavoidable dependence on US assets and popular sensitivity to security issues after World War II and the tardy adoption of image processing and cyber technologies Samuels bold book highlights the century long history of Japan s struggles to develop a fully functioning and effective intelligence capability and makes clear that Japanese leaders have begun to reinvent their nation s intelligence community

Japanese Politics and Government

Alisa Gaunder,2023-02-27 The revised 2nd edition of this successful textbook explores Japanese politics in the postwar era from theoretical and comparative perspectives After providing historical context it offers an in depth exploration of postwar political institutions political reform in the 1990s the policymaking process and the politics of economic growth and stagnation By delving into Japan s international relations the book sheds light on Japan s security and foreign policies and Japan s role in Asia The textbook concludes by addressing what has changed since party alternation in 2009 the triple disaster in March 2011 and the global Covid pandemic Themes and questions addressed throughout the text include How and why did Japan modernize so successfully when so many other countries fell prey to colonialism and authoritarianism What explains the Japanese economic miracle and its subsequent economic stagnation What accounts for Japan s successful democratization In the international realm why has Japan achieved economic superpower status without achieving political superpower status What is the future trajectory of Japanese politics Connecting Japan to larger themes in comparative politics and linking Japan s history institutions policymaking process and international relations to experiences and structures in other countries this book is essential reading for students of Japanese or Asian Politics

Machiavellis Children Leaders And Their Legacies In Italy And Japan Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Machiavellis Children Leaders And Their Legacies In Italy And Japan PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process

and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Machiavellis Children Leaders And Their Legacies In Italy And Japan PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Machiavellis Children Leaders And Their Legacies In Italy And Japan free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Machiavellis Children Leaders And Their Legacies In Italy And Japan Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
