Eagles: The Italian 10th Army In The Opening Campaign In The Western Desert, June 1940 Major Howard R. Christie,2015-11-06 The Italian Army developed a sound and unique combined arms doctrine for mechanized warfare in 1938 This new doctrine was called the War of Rapid Decision It involved the use of mechanized warfare in the Italian version of the blitzkrieg This doctrine evolved from the lessons learned in the Italian Ethiopian War of 1935 to 1936 and the Spanish Civil War of 1936 1939 With Italy s entry into World War II military operations ensued along the Libyan Egyptian border between the Italian 10th Army and a much smaller British Western Desert Force The Italian Army in Libya outnumbered the British Army in Egypt by a ratio of four to one The setting seemed to be ideal for the employment of the War of Rapid Decisions Moreover Marshal Rodolfo Graziani who was the commander of the Italian 10th Army in North Africa during its first campaign in the western desert had pioneered this new form of mechanized warfare during the Ethiopian War Surprisingly the Italian forces in Libya did not employ their new doctrine reverting instead to more conventional techniques of mass It was Graziani s failure to utilize the doctrine which he had helped to develop that led to Italy s embarrassing defeat in 1941

Reid, 2016-01-21 *Anzac Battlefield A Gallipoli Landscape of War and Memory* explores the transformation of Gallipoli's landscape in antiquity during the famed battles of the First World War and in the present day. Drawing on archival archaeological and cartographic material, this book unearths the deep history of the Gallipoli peninsula, setting the Gallipoli campaign in a broader cultural and historical context. The book presents the results of an original archaeological survey, the research for which was supported by the Australian, New Zealand, and Turkish Governments. The survey examines materials from both sides of the battlefield and sheds new light on the environment in which Anzac and Turkish soldiers endured the conflict. Richly illustrated with both Ottoman and Anzac archival images and maps, as well as original maps and photographs of the landscape and archaeological findings, *Anzac Battlefield* is an important contribution to our understanding of Gallipoli and its landscape of war and memory.
