Copyright Office,1976 **Fundamentalists in the Public Square** Madison Trammel,2023-12-13 A myth busting work on fundamentalists and culture The Scopes Trial of 1925 is often regarded as a turning point in the history of American fundamentalism and evangelicalism It is claimed that Scopes was a public relations defeat that sent fundamentalism into retreat from mainstream culture In *Fundamentalists in the Public Square* Evolution Alcohol and the Culture Wars after the Scopes Trial Madison Trammel argues that such a characterization is misguided Using documentary evidence from newspapers in the 1920s and 1930s Trammel shows that fundamentalists remained fully active in seeking to transform the culture for Christ and they remained so through the rise of Billy Graham s ministry Grounded in historical evidence *Fundamentalists in the Public Square* offers a fresh take on the relationship between fundamentalism evangelicalism and the public square *Commentary on the Book of Genesis: Bible Study Notes and Comments* David Pratte,2018-12-20 Bible study notes and commentary on the Old Testament book of Genesis Emphasizes understanding the text with practical applications Intended to be helpful to all Christians including teachers and preachers while avoiding an emphasis on technical issues Written from the perspective of faith in the Bible as the absolute inerrant verbally inspired word of God Comments include discussion of these topics Are Bible accounts of creation and the flood literal history Can organic or theistic evolution be harmonized with Scripture Are the days of Genesis 1 literal or symbols of long ages Were Adam and Eve the first man and woman How did sin and death enter the world Was Noah s flood worldwide or local What promises did God make to Abraham Isaac and Jacob about the nation of Israel How did Joseph interpret Pharaoh s dreams and save his family in Egypt **Dictionary of Premillennial Theology** Mal Couch,1996 More than 50 scholars combine their expertise to present a historical and topical dictionary of premillennial theology *Is it time to think again?* Graeme Evans,2019-03-09 We all have one life to live and gradually realize that it passes quickly As adults we learn the value of living intelligently and intentionally Yet most of us become swamped when we try to apply this approach to the big questions of life The biosphere and humanity are highly complex and the cosmos is breathtakingly vast What is truth Can we rely on perspectives that were taught to us as facts Does current mainstream science provide all the answers and worldview we need in order to live and thrive Can it fully satisfy our desire for meaning This book begins with an examination of truth itself and suggests ways we can improve our ability to discern truth from fiction It then goes on to identify recent scientific discoveries that challenge conventional thinking before exploring a number of other vital issues that touch on the meaning of life *Is It Time to Think Again* is both a roadmap and travel guide for people who seek to explore the big questions of life As a roadmap it provides a useful structure that readers should find very helpful for approaching these complex subjects systematically rather than

being intimidated by their sheer breadth and complexity As a travel guide it identifies many fascinating discoveries and topics that readers may wish to explore further themselves Because our understanding of origins greatly influences our answer to the question What is the meaning of life nearly half of the book is devoted to exploring this vital subject in breadth It identifies many scientific discoveries over the last fifty years that challenge status quo perspectives and visits key aspects of the evolution intelligent design debate The second half of the book explores the implications if we are created rather than are the product of colossal cosmic chance It identifies two sets of writings from antiquity that stand head and shoulders above everything else for being consistent with an entity who could create the cosmos and biosphere The book then gives an overview of their characteristics and main themes helping readers to assess whether compiled together as our modern Bible they form the Maker s handbook for humankind It goes on to summarize what the Bible says about how we can find our way home to the one who made us The book is written in a fast moving and stimulating style that conveys the sense that the author is a fellow traveler and explorer with the reader At various points along the way it asks penetrating questions that give readers plenty to ponder It opens up topics for readers to think about for themselves rather than forcing them to agree with the author Primarily the book has been written for those who are humbly asking whether God exists and want to think your way through this objectively with an integrity that is willing to embrace what you discover However the book is also inspiring for existing Christians Much of the content is very encouraging and stimulating even for mature believers And it provides plenty of material you can use in conversations with people who are eager for honest discussion on these interesting and wide ranging topics or might want to borrow your copy of the paperback or e book *The Moody Handbook of Theology*
