Make Your Own Preschool Games:

Make Your Own Preschool Games Sally Goldberg, 2009-07-21 Nearly 90% of all brain growth occurs in the first five years of life. Parents can capitalize on this impressionable time by improving and varying the sights, sounds, and smells in a child's immediate surroundings. With this eminently practical guide in hand, parents can actively promote the motor, cognitive, and social skills that will make a difference in a child's readiness for formal academic learning later on. Ideal for busy parents, *Make Your Own Preschool Games* describes quick and inexpensive activities that can be assembled from materials found at home: paper cups, bottle caps, clothespins, magazines, shoeboxes, and grocery bags. Designed to be used as part of dynamic play, these games will help expand a child's math, science, art, music, language, reading, and writing knowledge while providing the necessary and fun one-on-one bonding time that every child craves with her parents.
