Making Every Vote Count Reassessing Canadas Election System

Michael Gallagher, Paul Mitchell

Making Every Vote Count Reassessing Canadas Election System:

The Politics of Electoral Systems Michael Gallagher, Paul Mitchell, 2005-09-15 Electoral systems matter They are a crucial link in the chain connecting the preferences of citizens to the policy choices made by governments They are chosen by political actors and once in existence have political consequences for those actors They are an important object of study for anyone interested in the political process and in this book we subject them to systematic analysis In addition to some comparative chapters the book contains full accounts of the operation of electoral systems in 22 countries France the UK Germany Italy Israel Spain Austria Belgium Denmark Finland The Netherlands Ireland Hungary Russia Australia Canada India the USA Japan New Zealand Chile and South Africa The book provides detailed analyses of the operation of a diverse set of electoral systems in their national context Each chapter explains how the electoral system really works in the given country examining the strategic incentives the system provides to voters candidates and parties All country chapters have a common format and structure Successive sections analyse the institutional context how each electoral system was chosen historically how the current electoral system operates the rules mechanics and ballot structure and the political consequences of the current system the impact on the party system the internal life of parties and the impact on parliament and government formation Each country chapter then contains a final section which focuses on the politicization of electoral institutions In recent years many countries have changed their electoral systems either entirely or in part so there is a strong focus on the processes of electoral reform both historically and prospectively The book concentrates on the real world politics as well as the political science of electoral systems The book will be of interest to those concerned with the practical political business of electoral reform The book contains a wealth of evidence about the performance of various kinds of proportional representation and of non PR systems This will be invaluable for anyone interested in the question What would be the best electoral system for my country

Canadian Parties in Transition, Fifth Edition Alain-G Gagnon, Brian Tanguay, 2024-10-01 The fifth edition of Canadian Parties in Transition continues and enriches the work of earlier editions in bringing together a highly respected group of scholars to offer a comprehensive account of the development of party politics in Canada The book addresses the origin and the evolution of the Canadian party system and discusses how that system has been impacted by regionalism brokerage politics and political marketing It focuses on the competing ideological currents that occupy the political stage while also paying attention to the role of third parties in federal politics Contributors address the representation and democracy through an exploration of voting systems direct democracy the role occupied by constituencies gender politics and the distinct Quebec dynamics in the federal party system Finally the book analyses topical issues such as electoral participation social movements right wing populist parties political campaigning and digital party politics This new edition has been thoroughly revised and updated to reflect ongoing transformations and includes nineteen new contributing authors and coverage of seven new topics Canadian Parties in Transition presents a multi faceted image of

party dynamics electoral behaviour political marketing and representative democracy *The ^AOxford Handbook of Electoral Systems* Erik S. Herron, Robert J. Pekkanen, Matthew S. Shugart, 2018-03-15 No subject is more central to the study of politics than elections Electoral systems the rules about how voters preferences are translated into election results profoundly shape important political outcomes including party systems candidate selection and policy choices This volume provides an in depth exploration of the origins and effects of electoral systems *Making Every Vote Count* Henry Milner, 1999 Steps Toward Making Every Vote Count brings together the best analyses from the best qualified observers on developments in the growing movement to reform Canada s electoral system Among mature democracies only the United States and Canada use the first past the post FPTP system for electing all state and provincial as well as national law makers In Canada the debate over the electoral system which began in earnest after the 1997 federal election is now moving from the university and think tank seminar room to the floor of five provincial legislatures Four key chapters present up to date accounts of developments in BC Quebec PEI and Ontario They show the provinces moving at different speeds toward meeting an objective to propose a specific model of proportional representation that also ensures a continued role for directly elected representatives of specific geographic boundaries Two chapters recount experiences in New Zealand and Scotland which adopted electoral plans attempting just such a balance Others look at South Africa Japan Frances and the United States each selected for the light it casts on a specific aspect of electoral system reform The remaining chapters consider various practical implications of changing Canada s electoral system now a very real prospect **Stalled** Linda Trimble, Jane Arscott, Manon Tremblay, 2013-05-31 Following significant increases in women s electoral representation in the 1980s and 90s progress has stalled Today there are only a few more women in Canada s parliament and legislatures than a decade ago What has happened to the representational gains for women and why does gender parity remain so elusive To answer these questions Stalled provides a detailed roadmap of women s political representation as candidates office holders cabinet ministers party leaders and as representatives of the Crown at all levels of government across Canada Comprehensive and accessible this volume makes clear that women are far from achieving equality in sites of formal political power Factional Politics Françoise Boucek, 2012-10-29 Drawing on theories of neo institutionalism to show how institutions shape dissident behaviour Boucek develops new ways of measuring factionalism and explains its effects on office tenure In each of the four cases from Britain Canada Italy and Japan intra party dynamics are analyzed through times series and rational choice tools

Dynasties and Interludes Lawrence LeDuc, Jon H. Pammett, 2016-08-06 The Hill Times Best Books of 2016 An overview of the history of elections and voting in Canada including minority governments dynasties and social movements Dynasties and Interludes provides a comprehensive and unique overview of elections and voting in Canada from Confederation to the most recent election Its principal argument is that the Canadian political landscape has consisted of long periods of hegemony of a single party and or leader dynasties punctuated by short sharp disruptions brought about by the sudden rise

of new parties leaders or social movements interludes This revised and updated second edition includes an analysis of the results of the 2011 and 2015 federal elections as well as an in depth discussion of the Harper Dynasty **Real Choices/new Voices** Douglas J. Amy,2002 There is a growing realization that many of the problems afflicting American elections can be traced to the electoral system itself in particular to our winner take all approach to electing officials Douglas Amy demonstrates that switching to proportional representation elections the voting system used in most other Western democracies by which officials are elected in large multimember districts according to the proportion of the vote won by their parties would enliven democratic political debate increase voter choice and voter turnout ensure fair representation for third parties and minorities eliminate wasted votes and spoilers and ultimately produce policies that better reflect the public will Looking beyond new voting machines and other quick fixes for our electoral predicament this new edition of Real Choices New Voices offers a timely and imaginative way out of the frustrations of our current system of choosing leaders

Elections in the Americas A Data Handbook Volume 1 Dieter Nohlen,2005-04-14 This two volume work continues the series of election data handbooks published by OUP It presents a first ever compendium of electoral data for all 35 countries in the Americas since the introduction of universal male suffrage Following the overall structure of the series an initial comparative introduction on elections and electoral systems is followed by chapters on each country Written by knowledgeable and renowned scholars the contributions examine the evolution of constitutional and electoral arrangements and provide systematic surveys of the up to date electoral provisions and electoral rules These widely differing rules exert considerable influence on party systems and political processes Exhaustive statistics on all national elections and referendums are given in each chapter Together with the other books of this series Elections in the Americas is a highly reliable resource for historical and cross national comparisons of elections and electoral systems worldwide *Canadian Parties in Transition, Fourth Edition* Alain-G. Gagnon,A. Brian Tanguay,2017-01-01 Canadian Parties in Transition examines the transformation of party politics in Canada and the possible shape the party system might take in the near future With chapters written by an outstanding team of political scientists the book presents a multi faceted image of party dynamics electoral behaviour political marketing and representative democracy The fourth edition has been thoroughly updated and includes fifteen new chapters and several new contributors The new material covers topics such as the return to power of the Liberal Party voting politics in Quebec women in Canadian political parties political campaigning digital party politics and municipal party politics

Embracing the Tune of Term: An Mental Symphony within **Making Every Vote Count Reassessing Canadas Election System**

In a global used by displays and the ceaseless chatter of instantaneous communication, the melodic elegance and psychological symphony produced by the published word frequently diminish into the backdrop, eclipsed by the persistent sound and disruptions that permeate our lives. Nevertheless, set within the pages of **Making Every Vote Count Reassessing Canadas Election System** a wonderful literary prize full of fresh emotions, lies an immersive symphony waiting to be embraced. Constructed by an outstanding musician of language, that fascinating masterpiece conducts readers on a mental journey, well unraveling the concealed songs and profound impact resonating within each carefully crafted phrase. Within the depths of the poignant assessment, we shall discover the book is main harmonies, analyze their enthralling publishing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
