Case ABBA Forever! From Waterloo to Voyage, passing through Mamma Mia! Gómez Quijano, Arturo, 2024-04-04 ABBA the soundtrack of my whole life Why is ABBA suddenly appearing in our lives now My sister in law asked me in a family reunion when I told her that I was writing a case of ABBA Many people will think that the main reason is because I am an ABBA freak Nothing could be further from the truth The main reason is because it seems to me that we do have a lot to learn from Björn and Benny's career One of the longest lived and most productive creative couples in the history of music They met on 5th June 1966 and and they are still active and successful today However my sister in law's question remained in my teacher's mind In class I jokingly say that this is the question of Jos Mourinho a famous football coach Why It is also the question of the researcher the journalist the academic the businessperson It is the question that drives us forward as human beings Man seeks explanations There are many businesses from which many things can be learned but why ABBA It was then that I realized ABBA was the soundtrack that had been with me all my life I was born in Galicia in the Northwest of Spain in the early sixties of the last century From there when I was just a child I watched them live and in black and white win the Eurovision Song Contest It was 1974 At that moment ABBA was born The group designed by Stig Anderson was formed after that triumph to manage the success For the next

eight years they swept the world They went as far as Australia where when a special TV program about their visit to the country was broadcast it had a 54% audience share beating the record set by the broadcast of the man landing on the moon a few years earlier I saw them born **The Oxford Companion to the American Musical** Thomas S.
