From Television to the Internet Wiley Lee Umphlett, 2006 This book complements and expands on the commentary and conclusions of the author's initial inquiry into the modern era of media made culture in *The Visual Focus of American Media Culture in the Twentieth Century* FDUP 2004 From the 1890s on to the 1920s and the Depression and World War II years society's pervasively communal focus demanded idealized images and romanticized interpretations of life But the communal imperative as it was impacted on by evolving social change harbored the seeds of its own disintegration

The

Leatherneck, 1946 *Analecta* Jim Whiting, 2005 If you're looking for a trite phrase to describe the essence of this book try "A trip down memory lane." It might be as apt as any. And Jim Whiting's *Analecta* fits that mold. His bittersweet telling of a childhood filled with sometimes warm and fuzzy anecdotes may trigger fond memories of your own younger days. The more unpleasant aspects of growing up are also visited here and these tales will have you grateful that your experiences perhaps similar are in the past only to be remembered sometimes painfully. *Analecta* begins at a critical point in the author's life. He is on the final lap of a solo car journey from upstate New York to Southern California. Six days ago he had left a life that had become routine, comfortable and very much a part of himself in retrospect perhaps too much so. He would in a matter of hours be reunited with his wife who had taken a job a month prior in Solana Beach. In New York State they had left behind four of five of their grown children and five grandchildren. He also left behind almost twenty-nine years in broadcasting and an overlapping career in cartooning that's his resume. Flashbacks to his preteen years reveal a kid who shows very early entrepreneurial leanings. He has a tendency to want to belong but he has difficulty being at ease in belonging. Whiting touches on the uneasy relationship with his older brother is that so different from many siblings have. There are interludes about a twelve-year-old kid getting lost in on his first visit to New York City, a high school girl, friend, Navy boot camp, magic in New Orleans, personalities in Radio poems, some very good, some not so, but fun observations made in classrooms, business offices and on the tennis court. Don't look for gossip, accusations or grievances, none of them are in this book. It's definitely not a downer. Returning to Mell Lazarus's Introduction for a final note. It's a great book. If you're like me you'll love it. If you're not like me you'll love it.

Web-Spinning Heroics Robert Moses Peaslee, Robert G. Weiner, 2014-01-10 This volume collects a wide-ranging sample of fresh analyses of Spider-Man. It traverses boundaries of medium, genre, epistemology and discipline in essays both insightful and passionate that move forward the study of one of the world's most beloved characters. The editors have crafted the book for fans, creators and academics alike. Foreword by Tom DeFalco with poetry and an afterword by Gary Jackson, winner of the 2009 Cave Canem Poetry Prize.

Fear and Faith in Paradise Phil Karber, 2012-06-18 From life along the Tigris River in the 1970s to the ongoing Arab Spring uprisings, Phil Karber has witnessed decades of change throughout the Middle East. *Fear and Faith in Paradise*

draws on his wealth of experience to sketch a timely and compelling portrait of the region throughout history. Going beyond the endless images of terrorism and war, he challenges pervasive stereotypes of Muslims and delves into the living history and cultures of Arabs, Turks, Kurds, Persians, Jews, Tunisians, Moroccans, Armenians, and others. Seamlessly moving between past and present, Karber skillfully develops two overarching themes: How America's footprint can be shifted from a military to a humanitarian emphasis, and how fear is used as a cudgel by today's monotheistic leaders to sacrifice the faithful. Whether Christian, Muslim, or Jewish, they all invoke their own vision of paradise often as incentive in hopeless conflicts that seem doomed to be repeated. Karber's down-to-earth writing vividly conveys the region's charm and beauty against a backdrop of power struggles among competing faiths, nationalisms, and outside forces. Language and Power Benedict R. O'G.

Anderson, 2006. In this lively book, Benedict R. O'G. Anderson explores the cultural and political contradictions that have arisen from two critical facts in Indonesian history: that while the Indonesian nation is young, the Indonesian nation is ancient, originating in the early seventeenth century Dutch conquests, and that contemporary politics are conducted in a new language, Bahasa Indonesia, by peoples, especially the Javanese, whose cultures are rooted in medieval times. Analyzing a spectrum of examples from classical poetry to public monuments and cartoons, Anderson deepens our understanding of the interaction between modern and traditional notions of power, the mediation of power by language, and the development of national consciousness. Language and Power now republished as part of Equinox Publishing's Classic Indonesia series, brings together eight of Anderson's most influential essays over the past two decades and is essential reading for anyone studying the Indonesian country, people, or language. Benedict Anderson is one of the world's leading authorities on Southeast Asian nationalism and particularly on Indonesia. He is Professor of International Studies and Director of the Modern Indonesia Project at Cornell University, New York. His other works include *Imagined Communities: Reflections on the Origin and Spread of Nationalism* and *The Spectre of Comparisons: Nationalism, Southeast Asia, and the World*. **Singapore National**
