unprecedented political and technological change Fearless adventurous and independent Elisabeth and Eugenie represented a new kind of empress one who rebelled against tradition and anticipated and embraced modern values Yet both women endured hardship in their private and public lives Elisabeth was plagued by a mother in law who snatched her infant children away and undermined her authority at court Eugenie's husband was an infamous philanderer who could not match the military prowess of his namesake Between them Elisabeth and Eugenie were personally involved in every major international confrontation in their turbulent century which witnessed thrilling technological advances as well as revolutions assassinations and wars With her characteristic jump off the page writing and in depth research Nancy Goldstone brings to life these two remarkable women as Europe goes through the convulsions that led up to the international landscape we recognize today
