Midlife Loss Coping Strategies

Morgan John

Midlife Loss Coping Strategies:

Midlife Loss Richard A. Kalish, 1989-11 This innovative volume focuses on how people cope with the inevitable losses encountered in the middle years of life from the mid thirties to the mid fifties It views midlife as a stage in which people develop and as a time that links youth and the later years in which loss and stress can lead to growth and positive change Each chapter reflects both the research available and the individual contributor s ideas and insights *Handbook of Midlife Development* Margie E. Lachman, 2002-02-28 THE DEFINITIVE RESOURCE ON MIDLIFE DEVELOPMENT Edited by Margie Lachman a leader in the field Handbook of Midlife Development provides an up to date portrayal of human development during the middle years of the life span Featuring contributions from well established highly regarded experts this exhaustive reference fills the gap for a compilation of research on this increasingly important topic Divided into four comprehensive sections the book addresses the theoretical biomedical psychological and social aspects of midlife development Each chapter includes coverage of unifying themes such as gender differences ethnic and cultural diversity historical changes and socioeconomic differences from a life span developmental perspective Readers will discover what can be learned from individuals subjective conceptions of midlife explore various cultural fictions of middle age examine the resources individuals have at their disposal to negotiate midlife consider mechanisms for balancing work and family and other topics as presented in the latest research from the social behavioral and medical sciences Handbook of Midlife Development is an indispensable resource for professionals and practitioners who work with adults and for researchers and students who study adult development and related topics Some of the midlife topics discussed Cultural perspectives Physical changes Stress coping and health Intellectual functioning Memory Personality and the self Adaptation and resilience Emotional development Families and intergenerational relationships Social relationships The role of work Planning for retirement Living Through Loss Nancy R. Hooyman, Betty J. Kramer, 2008 Hooyman and Kramer s starting point is that loss comes in many forms and can include not only suffering the death of a person one loves but also giving birth to a child with disabilities living with chronic illness or being abused assaulted or otherwise traumatized They approach loss from the perspective of the resilience model which acknowledges the capacity of people to integrate loss into their lives and write sensitively about the role of age race culture sexual orientation gender and spirituality in a person s response to loss from publisher information The Craft of Life Course Research Glen H. Elder, Janet Z. Giele, 2009-08-03 This book brings together prominent investigators to provide a comprehensive guide to doing life course research including an inside view of how they designed and carried out influential longitudinal studies Using vivid examples the contributors trace the connections between early and later experience and reveal how researchers and graduate students can discover these links in their own research Well organized chapters describe the best and newest ways to Use surveys life records ethnography and data archives to collect different types of data over years or even decades Apply innovative statistical methods to measure dynamic processes that result in

improvement decline or reversibility in economic fortune stress health and criminality Explore the micro and macro level explanatory factors that shape individual trajectories including genetic and environmental interactions personal life history interpersonal ties and sociocultural institutions *Cultural Sociology of Divorce* Robert E. Emery, 2013-01-24 While the formal definition of divorce may be concise and straightforward legal termination of a marital union dissolving bonds of matrimony between parties the effects are anything but particularly when children are involved The Americans for Divorce Reform estimates that 40 or possibly even 50 percent of marriages will end in divorce if current trends continue Outside the U S divorce rates have markedly increased across developed countries Divorce and its effects are a significant social factor in our culture and others It might be said that a whole divorce industry has been constructed with divorce lawyers and mediators family counselors support groups etc As King Henry VIII s divorces showed divorce has not always been easy or accepted In some countries divorce is not permitted and even in Europe countries such as Spain Italy Portugal and the Republic of Ireland legalized divorce only in the latter quarter of the 20th century This multi disciplinary encyclopedia covers curricular subjects related to divorce as examined by disciplines ranging from marriage and the family to anthropology social and legal history developmental and clinical psychology and religion all through a lens of cultural sociology Features 550 signed entries A to Z fill 3 volumes 1 500 pages in print and electronic formats offering the most detailed reference work available on issues related to divorce both in the U S and globally Cross References and Further Readings guide readers to additional resources A Chronology provides students with context via a historical perspective of divorce In the electronic version the comprehensive Index combines with Cross References and thematic Reader s Guide themes to provide convenient search and browse capabilities For state and nation entries uniform entry structure combined with an abundance of statistics facilitates comparison between and across states and nations Appendices provide further annotated sources of data and statistics *The Handbook of Life-Span Development, Volume 2* , 2010-12-14 In the past fifty years scholars of human development have been moving from studying change in humans within sharply defined periods to seeing many more of these phenomenon as more profitably studied over time and in relation to other processes The Handbook of Life Span Development Volume 2 Social and Emotional Development presents the study of human development conducted by the best scholars in the 21st century Social workers counselors and public health workers will receive coverage of the social and emotional aspects of human change across the lifespan *She Loved Me, She Loved Me Not* Linda J. Converse, 2001-07-12 Anger rage ambivalence guilt and shame relief all of these unexpected feelings can accompany grief and sadness when a parent dies Such reactions however are often considered unacceptable in our society In *She Loved Me She Loved Me Not* Adult Parent Loss After a Conflicted Relationship Linda Converse offers honest reflections insights and advice from adults including herself who have experienced these unacceptable feelings after losing a parent As a professional social worker Ms Converse explores the issues involved in parent loss after a conflicted relationship Drawing upon the work of experts in the field of

death and dying she offers concrete suggestions on how to reach a place of understanding and acceptance If you have or had a conflicted relationship with a parent once you begin reading this sensitive thoughtful book you will no longer feel alone

When Professionals Weep Renee S. Katz,2013 Diverse leaders in the field of death dying and bereavement address the issues surrounding the intersection of the personal and the professional in the unique context of end of life care End of life care EOL is a specialized area of work that crosses a number of academic and professional disciplines including social work counseling hospice physical medicine geriatrics nursing counseling psychology and clerical work Professionals who work in EOL have often had deeply moving personal experiences with trauma death and loss in their own lives and almost inevitably bring their own

Dialogic Formations Marie-Cécile Bertau,Miguel M. Gonçalves,Peter T. F. Raggatt,2013-01-01 This volume understands itself as an invitation to follow a fundamental shift in perspective away from the self contained I of Western conventions and towards a relational self where development and change are contingent on otherness In the framework of Dialogical Self Theory Hermans Hermans Gieser 2012 it is precisely the forms of interaction and exchange with others and with the world that determine the course of the self s development The volume hence addresses dialogical processes in human interaction from a psychological perspective bringing together previously separate theoretical traditions about the self and about dialogue within the innovative framework of Dialogical Self Theory The book is devoted to developmental questions and so broaches one of the more difficult and challenging topics for models of a pluralist self the question of how the dynamics of multiplicity emerge and change over time This question is explored by addressing ontogenetic questions directed at the emergence of the dialogical self in early infancy as well as microgenetic questions addressed to later developmental dynamics in adulthood Additionally development and change in a range of culture specific settings and practices is also examined including the practices of mothering of migration and cross cultural assimilation and of doing psychotherapy

Bodies of Evidence Paul Sant Cassia,2007-10-01 In the course of hostilities between Greek and Turkish Cypriots between 1963 and 1974 over 2000 persons both Greek and Turkish Cypriots went missing in Cyprus an island in the Mediterranean with a population distribution of 80% Greeks and 18% Turks This represents a significant number for a population of only 600 000 Few bodies have been recovered most will probably not be All are still mourned by their surviving friends and relatives The conflict has still not been resolved and the memories are still alive

The Hmong, 1987-1995 J. Christina Smith,1998 Encyclopedia of Death and the Human Experience Clifton D. Bryant,Dennis L. Peck,2009-07-15 Death and dying and death related behavior involve the causes of death and the nature of the actions and emotions surrounding death among the living Interest in the varied dimensions of death and dying has led to the development of death studies that move beyond medical research to include behavioral science disciplines and practitioner oriented fields As a result of this interdisciplinary interest the literature in the field has proliferated This two volume resource addresses the traditional death and dying related topics but also presents a unique focus on the human experience

to create a new dimension to the study of death and dying With more than 300 entries the Encyclopedia of Death and the Human Experience includes the complex cultural beliefs and traditions and the institutionalized social rituals that surround dying and death as well as the array of emotional responses relating to bereavement grieving and mourning The Encyclopedia is enriched through important multidisciplinary contributions and perspectives as it arranges organizes defines and clarifies a comprehensive list of death related perspectives concepts and theories Key Features Imparts significant insight into the process of dying and the phenomenon of death Includes contributors from Asia Africa Australia Canada China eastern southern and western Europe Iceland Scandinavia South America and the United States who offer important interdisciplinary and cross cultural perspectives Provides a special focus on the cultural artifacts and social institutions and practices that constitute the human experience Addresses death related terms and concepts such as angel makers equivocal death end of life decision making near death experiences cemeteries ghost photography halo nurses caregiver stress cyberfunerals global religious beliefs and traditions and death denial Presents a selective use of figures tables and images Key Themes Arts Media and Popular Culture Perspectives Causes of Death Conceptualization of Death Dying and the Human Experience Coping With Loss and Grief The Human Experience Cross Cultural Perspectives Cultural Determined Social Oriented and Violent Forms of Death Developmental and Demographic Perspectives Funerals and Death Related Activities Legal Matters Process of Dying Symbolic Rituals Ceremonies and Celebrations of Life Theories and Concepts Unworldly Entities and Events With an array of topics that include traditional subjects and important emerging ideas the Encyclopedia of Death and the Human Experience is the ultimate resource for students researchers academics and others interested in this intriguing area of study

The Baby Boomers Grow Up Susan Krauss Whitbourne, Sherry L. Willis, 2014-06-03 The goal of this volume is to examine development in middle age from the perspective of baby boomers a unique cohort in the United States defined as those individuals born from 1946 to 1962 This is the largest cohort ever to enter middle age in Western society and they currently represent approximately one third of the total U S population The Baby Boomers Grow Up provides contemporary and comprehensive perspectives of development of the baby boomer cohort as they proceed through midlife Baby boomers continue to exert a powerful impact on the media fiction movies and even popular music just as they were an imposing force in society from the time of their entry into youth As these individuals enter the years normally considered to represent midlife they are redefining how we as a society regard adults in their middle and later years This volume features several unique aspects First the literature reviewed focuses specifically on research relevant to baby boomers and their development as adults rather than a global perspective on middle age Second the volume takes into account the diversity within the boomer cohort such as social class race and education In addition quantitative and qualitative developmental changes occurring from the forties to the fifties and the sixties are considered Differences in leading and trailing edge boomers are likewise addressed Ideal for researchers in adult development and graduate seminars

on adult development The Baby Boomers Grow Up will also appeal to adult educators human resource personnel health professionals and service providers and clinical psychologists and counselors Helping Teens Work Through Grief Mary Kelly Perschy, 2012-09-10 The second edition of Helping Teens Work Through Grief provides a more complete and updated manual for facilitators of teen grief groups It includes additional background information about developmental aspects of teens the process of grief aspects of trauma and its effects on teens the value of a group determining the group appropriateness of particular teens and parental involvement The many details involved with beginning a group publicity interviews registration structure closure evaluation and follow up are listed Women in Global Migration, 1945-2000 Eleanore O. Hofstetter, 2001-03-30 With large numbers of people migrating to other countries after World War II a substantial amount of scholarship has focused on the status problems and successes of women immigrants since 1945 The first comprehensive compilation of the international literature on these women this bibliography with over 5 100 entries reveals the breadth of scholarship on feminist immigration issues Focusing particularly on sources from North America and Western Europe where most immigrant women settled the book includes feminist analyses bibliographies demographic studies economic comparisons educational research health and medical reports legal discussions biographies and autobiographies psychological case studies religious reports sociological investigations and publications dealing with general aspects of female immigration The book covers such legal issues as citizenship international conventions on contract workers the traffic in women and services and government benefits to immigrants Medical entries include such topics as female genital mutilation comparative obstetric results and equity of treatment Education entries cover such subjects as adult education and the second language programs necessary for assimilation With entries in several languages the bibliography includes books journal articles essays and chapters in books dissertations ERIC reports national and international government documents and statistical sources With immigration a major political and social issue in most countries today the book provides an important research tool *The Encyclopedia of Aging* Linda S. Noelker, PhD, Kenneth Rockwood, MD, FRCPC, Richard L. Sprott, Ph.D., 2006-03-17 A COMPREHENSIVE RESOURCE ON GERONTOLOGY AND GERIATRICS Since its inception in 1987 The Encyclopedia of Aging has proven to be the definitive resource for scholars and students across the burgeoning and increasingly interdisciplinary fields of gerontology and geriatrics Like its three esteemed predecessors the fourth edition contains concise readable explorations of hundreds of terms concepts and issues related to the lives of older adults as well as timely coverage of the many new programs and services for the elderly Updated under the distinguished stewardship of editor in chief Richard Schulz to reflect the infusion of new information across the scientific disciplines this new edition brings readers up to the moment significant advances in biology physiology genetics medicine psychology nursing social services sociology economics technology and political science While retaining the format and standard of excellence that marked the first three editions the fourth edition encompasses a wealth of new information from the social

and health sciences It contains the most current bibliography of an expanding literature an exhaustive index and extensive cross references This much anticipated update of the field s most authoritative resource will take its place as an indispensable reference for specialists and non specialists across a broad range of disciplines that now comprise the field of aging SPRINGER SERVING THE HEALTHCARE AND HELPING PROFESSIONS FOR MORE THAN 55 YEARS **Political Violence and Trauma in Argentina** Antonius C. G. M. Robben,2010-11-24 For decades Argentina s population was subject to human rights violations ranging from the merely disruptive to the abominable Violence pervaded Argentine social and cultural life in the repression of protest crowds a ruthless counterinsurgency campaign massive numbers of abductions instances of torture and innumerable assassinations Despite continued repression thousands of parents searched for their disappeared children staging street protests that eventually marshaled international support Challenging the notion that violence simply breeds more violence Antonius C G M Robben s provocative study argues that in Argentina violence led to trauma and that trauma bred more violence In this work of superior scholarship Robben analyzes the historical dynamic through which Argentina became entangled in a web of violence spun out of repeated traumatization of political adversaries This violence trauma violence cycle culminated in a cultural war that disappeared more than ten thousand people and caused millions to live in fear Political Violence and Trauma in Argentina demonstrates through a groundbreaking multilevel analysis the process by which different historical strands of violence coalesced during the 1970s into an all out military assault on Argentine society and culture Combining history and anthropology this compelling book rests on thorough archival research participant observation of mass demonstrations exhumations and reburials gripping interviews with military officers guerrilla commanders human rights leaders and former disappeared captives Robben s penetrating analysis of the trauma of Argentine society is of great importance for our understanding of other societies undergoing similar crimes against humanity

Ethical Issues in the Care of the Dying and Bereaved Aged Morgan John,2018-02-06 Our problems seemingly develop faster than our ability to cope with those problems The blessing of longer life has brought with it a host of new issues faced by the elderly their families and their caregivers Ethical Issues in the Care of the Dying and Bereaved Aged twenty three essays by some of the most eminent thinkers in the field of death and bereavement addresses some of these problems Victor Marshall Miriam and Sidney Moss Colin M Parkes Dennis Klass Margaret Somerville and Elizabeth Latimer as well as other clinicians have written new material for this book *Handbook of Families and Aging* Rosemary Blieszner,Victoria Hilkevitch Bedford,2012-09-20 This comprehensive state of the art textbook and reference volume in family gerontology reviews and critiques the recent theoretical empirical and methodological literature identifies future research directions and makes recommendations for gerontology professionals This book is both an updated version of and a complement to the original Handbook of Families and Aging The many additions include the most recent demographic changes on aging families new theoretical formulations innovative research methods recent legal issues and death and bereavement as well as new

material on the relationships themselves sibling partnered and intergenerational relationships for example Among the brand new topics in this edition are step family relationships aging families and immigration aging families and 21st century technology and peripheral family ties Unlike the more cursory summaries found in textbooks the essays within Handbook of Families and Aging Second Edition provide thoughtful in depth coverage of each topic No other book provides such a comprehensive and timely overview of theory and research on family relationships the contexts of family life and major turning points in late life families Nevertheless the contents are written to be engaging and accessible to a broad audience including advanced undergraduate students graduate students researchers and gerontology practitioners Serious lay readers will also find this book highly informative about contemporary family issues **The Silent Echo** Helen Paloge,2007-01-01

The Silent Echo examines the contemporary female midlife novel and its failure to acknowledge and engage the aging female body Examining novels by authors such as Margaret Atwood Fay Weldon Joan Barfoot and Joyce Carol Oates The Silent Echo integrates various social psychological and philosophical theories with those of cultural studies to analyze how and why the aging female body has become the silent echo at the core of women s fiction
