

Night In The Middle Ages

Martha W. Driver, Sid Ray

Night In The Middle Ages:

Night in the Middle Ages Jean Verdon, 2002 The technology and devices of the 21st century have done much to protect us from our in built fear of the dark To the medieval man and woman night particularly during the long winter months was a time of superstitious demonic fantasies drunkenness thievery and even murder **The Monstrous Middle Ages** Bettina Bildhauer, Robert Mills, 2017-05-15 The figure of the monster in medieval culture functions as a vehicle for a range of intellectual and spiritual inquiries from questions of language and representation to issues of moral theological and cultural value Monsters embody cultural tensions that go far beyond the idea of the monster as simply an unintelligible and abject other This text looks at both the representation of literal monsters and the consumption and exploitation of monstrous metaphors in a wide variety of high and late medieval cultural productions from travel writing and mystical texts to sermons manuscript illuminations and maps Individual essays explore the ways in which monstrosity shaped the construction of gendered and racial identities religious symbolism and social prejudice in the Middle Ages Reading the Middle Ages through its monsters provides an opportunity to view medieval culture from fresh perspectives It should be of interest in the concept of monstrosity and its significance for medieval cultural production **The Middle Ages After the Middle Ages in the English-speaking World** Marie-Françoise Alamichel, Derek Brewer, 1997 Studies of the influence of the middle ages on aspects of European and American life and culture from 16c to the present day *Ghosts in the Middle Ages* Jean-Claude Schmitt, 1998-04-28 In this fascinating study Schmitt examines the significance of the widespread belief in ghosts during the Middle Ages and traces the imaginative political and religious contexts of these everyday haunts Ghosts were pitiful or terrifying usually solitary creatures who arose from their tombs to haunt their friends and relatives Including numerous color illustrations of ghosts and their trappings this book presents a unique and intriguing look at medieval culture 28 color plates

A Cultural History of the Senses in the Middle Ages Richard G. Newhauser, 2014-10-23 Understanding the senses is indispensable for comprehending the Middle Ages because both a theoretical and a practical involvement with the senses played a central role in the development of ideology and cultural practice in this period For the long medieval millennium the senses were not limited to the five we think of speech for example was categorized among the senses of the mouth And sight and hearing were not always the dominant senses for the medical profession taste was more decisive Nor were the senses only passive receptors they were understood to play an active role in the process of perception and were also a vital element in the formation of each individual s moral identity From the development of specifically urban or commercial sensations to the sensory regimes of holiness from the senses as indicators of social status revealed in food to the Scholastic analysis of perception this volume demonstrates the importance of sensory experience and its manifold interpretations in the Middle Ages A Cultural History of the Senses in the Middle Ages presents essays on the following topics the social life of the senses urban sensations the senses in the marketplace the senses in religion the senses in philosophy and science medicine and the

senses the senses in literature art and the senses and sensory media

Pleasure and Leisure in the Middle Ages and

Early Modern Age Albrecht Classen, 2019-08-05 Jan Huizinga and Roger Caillois have already taught us to realize how important games and play have been for pre modern civilization Recent research has begun to acknowledge the fundamental importance of these aspects in cultural religious philosophical and literary terms This volume expands on the traditional approach still very much focused on the materiality of game toys cards dice falcons dolls etc and acknowledges that game constituted also a form of coming to terms with human existence in an unstable and volatile world determined by universal randomness and fortune Whether considering blessings or horse fighting falconry or card games playing with dice or dolls we can gain a much deeper understanding of medieval and early modern society when we consider how people pursued pleasure and how they structured their leisure time The contributions examine a wide gamut of approaches to pleasure considering health issues eroticism tournaments playing music reading and listening drinking alcohol gambling and throwing dice This large issue was also relevant of course in non Christian societies and constitutes a critical concern both for the past and the present because we are all homines ludentes

Urban Space in the Middle Ages and the Early Modern Age

Albrecht Classen, 2009-12-15 Although the city as a central entity did not simply disappear with the Fall of the Roman Empire the development of urban space at least since the twelfth century played a major role in the history of medieval and early modern mentality within a social economic and religious framework Whereas some poets projected urban space as a new utopia others simply reflected the new significance of the urban environment as a stage where their characters operate very successfully As today the premodern city was the locus where different social groups and classes got together sometimes peacefully sometimes in hostile terms The historical development of the relationship between Christians and Jews for instance was deeply determined by the living conditions within a city By the late Middle Ages nobility and bourgeoisie began to intermingle within the urban space which set the stage for dramatic and far reaching changes in the social and economic make up of society Legal historical aspects also find as much consideration as practical questions concerning water supply and sewer systems Moreover the early modern city within the Ottoman and Middle Eastern world likewise finds consideration Finally as some contributors observe the urban space provided considerable opportunities for women to carve out a niche for themselves in economic terms

The Middle Ages on Television Meriem Pagès, Karolyn

Kinane, 2015-04-30 The 21st century has seen a resurgence of popular interest in the Middle Ages Television in particular has presented a wide and diverse array of medieval offerings Yet there exists little scholarship on television medievalism This collection fills the gap with 10 new essays focusing on the depiction of the Middle Ages in popular culture and questioning the role of television in shaping our ideas about past and present The contributors emphasize the need for scholars of medievalism to pay attention to its manifestations on the small screen The essays cover quite a range of topics including genre gender and sexuality The series covered are Game of Thrones Merlin Full Metal Jousting Joan of Arcadia Tudors

Camelot and Mists of Avalon Instructors considering this book for use in a course may request an examination copy here

Shakespeare and the Middle Ages Martha W. Driver, Sid Ray, 2014-01-10 Every generation reinvents Shakespeare for its own needs imagining through its particular choices and emphases the Shakespeare that it values The man himself was deeply involved in his own kind of historical reimagining This collection of essays examines the playwright's medieval sources and inspiration and how they shaped his works With a foreword by Michael Almereyda director of the Hamlet starring Ethan Hawke and dramaturge Dakin Matthews these thirteen essays analyze the ways in which our modern understanding of medieval life has been influenced by our appreciation of Shakespeare's plays Laughter and Narrative in the Later Middle Ages Sebastian Coxon, 2017-07-05 In contrast to the vernacular literary traditions of France Italy and England comic tales in verse flourished in late medieval Germany providing bawdy entertainment for larger audiences of public recitals as well as for smaller numbers of individual readers In a sustained close analysis Sebastian Coxon explores both the narrative design and fundamental thematic preoccupations of these short texts A distinctively performative tradition of pre modern narrative literature emerges which invited its recipients to think learn and above all to laugh in a number of different ways

Night In The Middle Ages: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Night In The Middle Ages : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
