quest for the Hollywood spotlight brooding noir musical films such as *Blues in the Night* *Gilda* *The Red Shoes* *West Side Story* and *Round Midnight* stretch the boundaries of film noir and the musical as film genres collide Deep shadows dim lighting and visual composition evoke moodiness cynicism pessimism and subjective psychological points of view Biesen draws on extensive primary research in studio archives to situate her examination within a historical industrial and cultural context Biesen builds a fascinating and quite convincing case for a genre hybrid the noir musical that took root in the 1940s but has continued to evolve ever since Thomas Schatz The University of Texas at Austin *Metronome*, 1928 **The Story of Jazz** Marshall Winslow Stearns, 1970 The effect of jazz upon American culture and the American character has been all pervasive This superlative history is the first and the most renowned systematic outline of the evolution of this unique American musical phenomenon Stearns begins with the joining of the African Negro s musical heritage with European forms and the birth of jazz in New Orleans then follows its course through the era of swing and bop to the beginnings of rock in the 50s vividly depicting the great innovators and covering such technical elements as the music s form and structure **Top 10 Paris** Donna Dailey, Mike Gerrard, 2012-01-19 Drawing on the same standards of accuracy as the acclaimed DK Eyewitness Travel Guides DK Top 10 Paris uses exciting colorful photography and excellent cartography to provide a reliable and useful travel Dozens of Top 10 lists provide vital information on each destination as well as insider tips from avoiding the crowds to finding out the freebies The DK Top 10 Guides take the work out of planning any trip **Explorer's Guide New Jersey** Andi Marie Cantele, Mitch Kaplan, 2010-03 Its 127 miles of shoreline is not all there is to enjoy in the Garden State The Pinelands Colonial era homes and the Delaware River running along its entire western border are all featured in this Explorer s Guide Green spaces are noted throughout Nightlife great restaurants and cultural stops are all highlighted in this fully updated edition **Bowie's Piano Man** Clifford Slapper, 2018-05-01 Pianist Mike Garson was David Bowie s most frequent musician on record and onstage throughout Bowie s life They played over a thousand shows together between 1972 and 2004 and Garson is featured on over 20 of Bowie s albums Bowie s Piano Man is the first ever biography of Mike Garson written by Clifford Slapper a fellow pianist who also played for Bowie working closely with him on his last ever television appearance The book explores the special relationship between Garson and Bowie beginning with the extraordinary story of how Garson went overnight from playing in tiny jazz clubs to touring the world on arena rock tours with Bowie after one short phone call and audition A noted master of jazz classical and other genres Garson has composed thousands of original works and has taught countless students acting as mentor to many Bowie s Piano Man explores his roots and childhood in Brooklyn his ongoing strong presence in the jazz world and his collaborations with a huge range of other artists in addition to Bowie Touring and recording with the Smashing Pumpkins and Nine Inch Nails are given in depth attention as is his approach to teaching and creating music Explored in detail in particular is his commitment to improvisation as a form of composition a manifestation of his more general dedication to living in the moment and always moving forward a trait he

shared with Bowie **Bird** Chuck Haddix, 2013-09-30 Saxophone virtuoso Charlie Bird Parker began playing professionally in his early teens became a heroin addict at 16 changed the course of music and then died when only 34 years old His friend Robert Reisner observed Parker in the brief span of his life crowded more living into it than any other human being Like Louis Armstrong Duke Ellington Miles Davis and John Coltrane he was a transitional composer and improviser who ushered in a new era of jazz by pioneering bebop and influenced subsequent generations of musicians Meticulously researched and written Bird The Life and Music of Charlie Parker tells the story of his life music and career This new biography artfully weaves together firsthand accounts from those who knew him with new information about his life and career to create a compelling narrative portrait of a tragic genius While other books about Parker have focused primarily on his music and recordings this portrait reveals the troubled man behind the music illustrating how his addictions and struggles with mental health affected his life and career He was alternatively generous and miserly a loving husband and father at home but an incorrigible philanderer on the road and a chronic addict who lectured younger musicians about the dangers of drugs Above all he was a musician who overcame humiliation disappointment and a life threatening car wreck to take wing as Bird a brilliant improviser and composer With in depth research into previously overlooked sources and illustrated with several never before seen images Bird The Life and Music of Charlie Parker corrects much of the misinformation and myth about one of the most influential musicians of the twentieth century
