Nightmare Movies Wide Screen Horror Since 1968:

Nightmare Movies Kim Newman, 1988 Newman examines classic horror subgenres such as devil movies psycho movies and down home movies and ferrets out common themes for a deeper understanding **Splatter Capital** Mark Steven, 2017-03-21 Splatter Capital shows how a popular subgenre of cinematic horror has developed a uniquely sensitive perspective on the cycles of capitalism It argues that the emphatically messy brand of horror mobilized in gore or splatter films is extremely responsive to the internal contradictions that threaten the future sustainability of capitalist accumulation And while responding to the prospect of that end splatter promotes an extant truth capitalist accumulation is and always has been a nightmare of systematized bloodshed This book provides an account of that nightmare as told through a combination of economic history and filmic analysis The story it tells will serve as a source of both theoretical and practical knowledge for surviving the horror movie we collectively inhabit **Gothic Cinema** Xavier Aldana Reyes, 2019-12-12 Arguing for the need to understand Gothic cinema as an aesthetic mode this book explores its long history from its transitional origins in phantasmagoria shows and the first trick films to its postmodern fragmentation in the Gothic pastiches of Tim Burton But what is Gothic cinema Is the iconography of the Gothic film equivalent to that of the horror genre Are the literary origins of the Gothic what solidified its aesthetics And exactly what cultural roles does the Gothic continue to perform for us today Gothic Cinema covers topics such as the chiaroscuro experiments of early German cinema the monster cinema of the 1930s the explained supernatural of the old dark house mystery films of the 1920s and the Female Gothics of the 1940s the use of vibrant colours in the period Gothics of the late 1950s the European exploitation booms of the 1960s and 1970s and the animated films and Gothic superheroes that dominate present times Throughout Aldana Reyes makes a strong case for a medium specific and more intuitive approach to the Gothic on screen that acknowledges its position within wider film industries with their own sets of financial pressures and priorities This groundbreaking book is the first thorough chronological transhistorical and transnational study of Gothic cinema ideal for both new and seasoned scholars as well as those with a wider interest in the Gothic **Film - An International Bibliography** Malte Hagener, Michael Töteberg, 2016-12-16 Kommentierte Bibliografie Sie gibt Wissenschaftlern Studierenden und Journalisten zuverlässige Auskunft über rund 6000 internationale Veröffentlichungen zum Thema Film und Medien Die vorgestellten Rubriken reichen von Nachschlagewerk über Filmgeschichte bis hin zu Fernsehen Video Multimedia *The polemics of Ageing as reflected in Literatures.
