The Baby Sleep Book Martha Sears, James Sears, William Sears, Robert W. Sears, 2008-12-14

Everything you need to know about getting your baby or toddler to sleep from America's foremost baby and childcare experts. Babies don't automatically know how to sleep through the night; they need to be taught. The Sears family has learned from decades of pediatric practice, bolstered by their own parenting experiences, that different babies have different nighttime temperaments and, of course, different families have different lifestyles. Instead of espousing the kind of one method fits all approach advocated in other baby sleep guides, the Sears family explains how you can create a sleep plan that suits the needs of your entire family. With a sharp focus on the practical tools and techniques, *The Baby Sleep Book* covers such topics as:

- The facts of infant sleep vs. adult sleep
- Figuring out where, when, and how your child sleeps best
