**Beautiful, Bright, and Blinding** H. Peter Steeves, 2017-10-27 Phenomenological analysis of beauty and art across various aspects of lived experience and culture Through a careful analysis of concrete examples taken from everyday experience and culture Beautiful Bright and Blinding develops a straightforward and powerful aesthetic methodology founded on a phenomenological approach to experience one that investigates how consciousness engages with the world and thus what it means to take such things as tastes images sounds and even a life itself as art H Peter Steeves begins by exploring what it means to see and considers how disruptions of sight can help us rethink how perception works Engaging the work of Derrida Heidegger and Husserl he uses these insights about seeing to undertake a systematic phenomenological investigation of how we perceive and process a range of aesthetic objects including the paintings of Arshile Gorky the films of Michael Haneke Disney's Beauty and the Beast zombie films The Simpsons the performance art of Rachel Rosenthal and Andy Kaufman and even vegan hot dogs Refusing hierarchical distinctions between high and low art Steeves argues that we must conceptualize the whole of human experience as aesthetic art is lived and living is an art This is a brilliant new contribution by our preeminent phenomenologist of culture It's extremely accessible illuminating original and sophisticated while being philosophically probing David Wood author of *The Step Back Ethics and Politics after Deconstruction* Mosaic, 2013 *Nine Letters on Landscape Painting* Carl Gustav Carus, 2002 **Creating the Future** Michael Fallon, 2014-08-18 Conceived as a challenge to long standing conventional wisdom *Creating the Future* is a work of social history cultural criticism that examines the premise that the progress of art in Los Angeles ceased during the 1970s after the decline of the Ferus Gallery the scattering of its stable of artists Robert Irwin Ed Kienholz Ed Moses Ed Rusha and others and the economic struggles throughout the decade and didn't resume until sometime around 1984 when Mark Tansey Alison Saar Judy Fiskin Carrie Mae Weems David Salle Manuel Ocampo among others became stars in an exploding art market However this is far from the reality of the L A art scene in the 1970s The passing of those fashionable 1960s era icons in fact allowed the development of a chaotic array of outlandish and independent voices marginalized communities and energetic sometimes bizarre visions that thrived during the stagnant 1970s Fallon's narrative describes and celebrates through twelve thematically arranged chapters the wide range of intriguing artists and the world not just the objects they created He reveals the deeper more culturally dynamic truth about a significant moment in American art history presenting an alternative story of stubborn creativity in the face of widespread ignorance and misapprehension among the art cognoscenti who dismissed the 1970s in Los Angeles as a time of dissipation and decline Coming into being right before their eyes was an ardent local feminist art movement which had lasting influence on the direction of art across the nation an emerging Chicano Art movement spreading Chicano murals across Los Angeles and to other major cities a new and more modern vision for the role and look of public art a slow consolidation of local street sensibilities car fetishism gang and punk aesthetics into the earliest
