Nineteenth Century American Short Fictio:

Scribbling Women Elaine Showalter,1997 From the Publisher A new mother longing to write is judged hysterical and confined to her bedroom where she slowly loses herself in horrific fantasy A young girl stirred by two beings a handsome young man and an ethereal white heron is forced to make a choice between them A love affair quashed by convention ignites during a sudden storm These tales of remarkable and ordinary lives in nineteenth century America are told throughout women s voices that call out from the kitchen hearth the solitary room the prison cell Stories by Louisa May Alcott Willa Cather Kate Chopin and Edith Wharton as well as by others less familiar reveal a universe of emotions hidden beneath parochial scenes American writers claimed the short story as their national genre in the nineteenth century and women writers made it the most important outlet for their particular experiences A unique selection with an introduction notes selected criticism and a chronology of the authors lives and times *Nineteenth-century American Short Stories* C. W. E. Bigsby,1995 In the nineteenth century the short story played a central role in the development of American and European literature and became something of an American speciality For Edgar Allan Poe the tale had marked advantages over the novel since the unity of effect and impression of great importance to the author could only be achieved at a single sitting and the short story offered the perfect opportunity Including the works of Washington Irving Nathaniel Hawthorne Herman Melville Mark Twain and Edgar Allan Poe Henry James and Edith Wharton this unique collection illustrates the force of the short story *The Nineteenth-century American Short Story* A. Robert Lee,1986-01-01 This collection addresses the key American short story writers Poe Irving Melville Hawthorne Twain Crane Bierce Chopin and James and addresses both the vision and the design of their collective achievement Language and Form in Nineteenth Century American Short Fiction D. Handbook of the American Short Story Erik Redling,Oliver Scheiding,2022-01-19 The American short story has always been characterized by exciting aesthetic innovations and an immense range of topics This handbook offers students and researchers a comprehensive introduction to the multifaceted genre with a special focus on recent developments due to the rise of new media Part I provides systematic overviews of significant contexts ranging from historical political backgrounds short story theories developed by writers print and digital culture to current theoretical approaches and canon formation Part II consists of 35 paired readings of representative short stories by eminent authors charting major steps in the evolution of the American short story from its beginnings as an art form in the early nineteenth century up to the digital age The handbook examines historically methodologically and theoretically the coming together of the enduring narrative practice of compression and concision in American literature It offers fresh and original readings relevant to studying the American short story and shows how the genre performs American culture The American Short Story: The Nineteenth Century, Volume 1 (LOA #394) John Stauffer,2026-01-20 The first volume in a landmark story collection that redefines what we

thought we knew about the great American literary form. A diverse unprecedented gathering of more than one hundred stories representing work by fifty different writers. As much a nineteenth century American invention as the cotton gin and the steamboat, the short story emerged here with a range of innovation and a variety of styles and subjects that has still not been fully appreciated. Diverse, wide ranging and unprecedented in its scope. *The American Short Story: The Nineteenth Century* gathers more than one hundred stories by fifty different writers. This first volume of Library of America's two volume collection of nineteenth century American short fiction tracks the development of the American short story from Charles Brockden Brown's fragments and Washington Irving's sketches to Poe's gothic tales of horror to Mark Twain's humorous stories. Represented here by generous selections are all the major figures: Irving, Poe, Hawthorne, Melville, and Twain, as well as Rose Terry Cooke, also a major writer, restored to a place of prominence in this anthology with three unforgettable masterpieces. Among the many unexpected writers in this volume are William Austin, so crucial to the development of Hawthorne and Poe; the antebellum Black writer and physician James McCune Smith, whose sketches in his *Heads of the Colored People* series lampooned the pseudoscientific racism of phrenology; Lucretia Hale, the author of the feminist fantasy *The Queen of the Red Chessman*, perhaps the greatest one hit wonder of the mid nineteenth century; Francis Parkman, whose early magazine fiction remains unknown today even to many scholars; and Fitz James O'Brien, the author of such unnerving horror stories as *The Lost Room* and *What Was It*, whose true themes and concerns twenty first century readers accustomed to reading gay fiction will not miss. Unrivaled in its range and textual authority, the anthology includes biographies of each writer, a chronology of writers and the American short story from 1800 to 1900, and extensive notes.
