Precarious Homestead:

Canadian Essay and Literature Index 1973 Andrew D. Armitage, 1975 **Economics, Enlightenment, and Canadian Nationalism** Robert W. Wright, 1993-08-12 Orthodox economics has played a role in the gradual narrowing of the concept of man from a being involved with the fullness of life to economic man an efficiently functioning mechanism within present day technological society The current subservience to economic and technological efficiency has produced a spiritual malaise that Wright believes must be challenged He argues that the reconstruction of economic man involves the recuperation of both universal knowledge from the past and local knowledge from within one's own culture Citing the Bible as the text for universal knowledge for the West Wright examines the work of Blake Kierkegaard and Tillich as representative figures who have challenged the narrow scientism of the idea of progress and economic man For local knowledge he turns to the work of Margaret Atwood Harold Innis and Alex Colville representative figures who speak to the dissonant tensions that lie at the heart of Canadian culture Each has identified the main features of Canadian existence and potential and in spite of the diversity of their intellectual orientation shares the view that we are burdened with bias and domination men over women civilization over nature space over time foreign control over nationalism and centre over margin Wright believes it is imperative to have a positive theory of Canadian nationalism available if the free trade agreement begins to collapse and argues that Canadians would recognize the enormously privileged position of their country if they could only summon the political will to go beyond the narrow confines of economic man and abandon their acceptance of the debilitating pursuit of the idea of progress The book includes six paintings by Alex Colville reproduced in black and white Brewed in the North Matthew J. Bellamy, 2019-10-10 For decades the name Labatt was synonymous with beer in Canada but no longer Brewed in the North traces the birth growth and demise of one of the nation's oldest and most successful breweries Opening a window into Canada's complicated relationship with beer Matthew Bellamy examines the strategic decisions taken by a long line of Labatt family members and professional managers from the 1840s when John Kinder Labatt entered the business of brewing in the Upper Canadian town of London to the globalization of the industry in the 1990s Spotlighting the challenges involved as Labatt executives adjusted to external shocks the advent of the railway Prohibition war the Great Depression new forms of competition and free trade Bellamy offers a case study of success and failure in business Through Labatt's lively history from 1847 to 1995 this book explores the wider spirit of Canadian capitalism the interplay between the state's moral economy and enterprise and the difficulties of creating popular beer brands in a country that is regionally linguistically and culturally diverse A comprehensive look at one of the industry's most iconic firms Brewed in the North sheds light on what it takes to succeed in the business of Canadian brewing **Sovereign Idea** Reginald Whitaker, 1991 Bringing together the best of Reg Whitaker's essays on democracy federalism and the state A Sovereign Idea will be essential reading for anyone interested in the rise of the idea of democracy in Canada The essays each in its own way are an attempt to discover how a more

democratic Canada can be achieved *Mimic Fires* D. M. R. Bentley, 1994 In this survey and analysis of long poems written about Canada between 1690 and 1900 D M R Bentley establishes literary contexts for a greatly neglected period of Canadian literature He also provides critical discussions of the poems addresses larger questions of tradition and intertextuality and demonstrates the existence of a continuity in Canadian writing from the colonial to the post colonial period **Profiting the Crown** Matthew J. Bellamy, 2005-01-13 Profiting the Crown traces the rise and evolution of Polymer Corporation until its sale in 1990 to the German chemical giant A G Bayer Crown corporations are widely regarded as a Canadian invention but the failures of many state run enterprises in the twentieth century have led to the widely held position that government has no place in the boardrooms of the nation Matthew Bellamy shows how Polymer was both a successful tool of public policy and a profitable economic enterprise bringing to light the accomplishments of one of Canada's pioneering crown corporations

Beyond Quebec Kenneth McRoberts, 1995 What kind of a country is Canada beyond Quebec With a referendum on Quebec sovereignty looming on the horizon this is a question Canadians are being forced to ask In *Beyond Quebec* scholars from a wide variety of disciplines examine the current political cultural economic and social situation of Canada outside Quebec and speculate on the nature of a Canada that does not include Quebec on the present terms **The New Practical Guide to Canadian Political Economy** Daniel Drache, Wallace Clement, 1985-01-01 The New Practical Guide to Canadian Political Economy is a handy reference to the vast range of research and writing that political economists in Canada have completed to the date of publication The book is divided into twenty five subject bibliographies each one compiled and introduced by an expert in the field The overall range of subjects includes economic development in Canada Canada's external economic relations regional disparities and regional development social and economic classes women Native peoples politics and the Canadian state nationalism culture and political thought The book is indexed by author and includes a helpful shortlist of the staples in Canadian political economy Published in 1985 The New Practical Guide to Canadian Political Economy remains a useful reference to some of the classic literature of the discipline **Rebuilding From Within** Rotstein, Abraham, 1984-01-01 In this study written in 1984 the author discusses problems and weaknesses in Canada's economy and offers solutions for improving in the future Skeptical of the benefits of free trade proposals and deeply critical of the effects of monetarism the author proposes an alternative vision of the nation's development Rotstein outlines the sorts of industrial policies that Canada must have in a balanced portfolio to better exploit the domestic market and survive in a changing global marketplace *Rebuilding from Within* is a clear headed response to the economic upheavals experienced in Canada in the early 1980s **Wit, Wisdom and Philosophy** Henry Lamm, 1918 [Regionalism and Supranationalism](#) Institute for Research on Public Policy, Policy Studies Institute, 1981 *Reports of Cases Determined in the Appellate Courts of Illinois* Illinois. Appellate Court, 1903 **Legal Philology** Henry Lamm, 1923 *Dancing Around the Elephant* Bruce Muirhead, 2007-01-01 A generation of Canadian historians has viewed the mid twentieth century as an era when Canada gave

ground to the United States in most areas of foreign trade policy In Dancing around the Elephant Bruce Muirhead elegantly and cogently disputes this view Drawing on extensive archival research Muirhead notes a number of cases where Canadian policy makers actually got the better of their American counterparts such as the Auto Pact and examines contextual reasons for the pessimistic view of Canada's trade position and hostile scepticism of American dominance the rise of Canadian nationalism the growth of anti Americanism based largely on the American role in Vietnam and the election of Pierre Elliot Trudeau as prime minister in 1968 Muirhead also dispels the myth that the poor relationship between Prime Minister John Diefenbaker and President John F Kennedy served to wreak havoc on Canadian American relations clearly demonstrating its lack of effect on trade patterns While not disregarding a number of trade failures particularly with the United Kingdom and Europe Dancing around the Elephant refutes the position of those who question Canada's economic independence in the mid century and will prove tremendously controversial with economic historians and those who study Canadian nationalism

Dominion Lands Policy Chester Martin,1973-01-15 First published in 1938 this work is important for an understanding of the settlement of the three prairie provinces and of the implementation of the National Policy initiated by Sir John A Macdonald **Reports of Cases Determined in the Supreme Court of the State of Missouri** Missouri. Supreme Court,1914 **Reports of Cases Determined by the Supreme Court of the State of Missouri** Missouri. Supreme Court,1914 Canada , Colonial Identity in the Atlantic World, 1500-1800 Nicholas Canny,Anthony Pagden,2020-12-08

The description for this book Colonial Identity in the Atlantic World 1500 1800 will be forthcoming Grounded Jon Tester,Aaron Murphy,2020-09-15 An inspiring and eye opening memoir showing how Democrats can reconnect with rural and red state voters from Montana's three term democratic senator Senator Jon Tester is a rare voice in Congress He is the only United States senator who manages a full time job outside of the Senate as a farmer But what has really come to distinguish Tester in the Senate is his commitment to accountability his ability to stand up to Donald Trump and his success in time and again winning red state voters back to the Democratic Party In Grounded Tester shares his early life his rise in the Democratic party his vision for helping rural America and his strategies for reaching red state voters Leaning deeply into lessons on the value of authenticity and hard work that he learned growing up on his family's 1 800 acre farm near the small town of Big Sandy Montana the same farm he continues to work today with his wife Sharla Tester has made his political career a testament to crossing the divides of class and geography The media and Democrats too often discount rural people as Trump supporters Tester knows better His voice is vital to the public discourse as we seek to understand the issues that are important to rural and working class America in not just the 2020 election but also for years to come A heartfelt and inspiring memoir from a courageous voice Grounded shows us that the biggest threat to our democracy isn't a president who has no moral compass It's politicians who don't understand the value of accountability and hard work Tester demonstrates that if American democracy is to survive we must put our trust in the values that keep us grounded
