Prose Literature Of Gaelic:

Gaelic Prose in the Irish Free State Philip O'Leary,2010-07-01 This is an authoritative account of the a major but neglected aspect of the Irish cultural renaissance prose literature of the Gaelic Revival The period following the War of Independence and Civil War saw an outpouring of book length works in Irish from the state publishing agency An Gum The frequency and production of new plays both original and translated have never been approached since This book investigates all of these works as well as journalism and manuscript material and discusses them in a lively and often humorous manner Publisher description

The Prose Literature of the Gaelic Revival, 1881-1921 Philip O'Leary,1994-04-15 The Gaelic Revival has long fascinated scholars of political history nationalism literature and theater history yet studies of the period have neglected a significant dimension of Ireland s evolution into nationhood the cultural crusades mounted by those who believed in the centrality of the Irish language to the emergent Irish state This book attempts to remedy that deficiency and to present the lively debates within the language movement in their full complexity citing documents such as editorials columns speeches letters and literary works that were influential at the time but all too often were published only in Irish or were difficult to access Cautiously employing the terms nativist and progressive for the turnings inward and toward the European continent manifested in different authors this study examines the strengths and weaknesses of contrasting positions on the major issues confronting the language movement Moving from the early collecting or retelling of folklore through the search for heroes in early Irish history to the reworking of ancient Irish literary materials by retelling it in modern vernacular Irish O Leary addresses the many debates and questions concerning Irish writing of the period His study is a model for inquiries into the kind of linguistic literary movement that arises during intense nationalism

This book addresses a little considered aspect of the study of the history of emotions in medieval literature the depiction of perplexing emotional reactions Medieval literature often confronts audiences with displays of emotion that are improbable physiologically impossible or simply unfathomable in modern social contexts The intent of such episodes is not always clear medieval texts rarely explain emotional responses or their motivations The implication is that the meanings communicated by such emotional display were so obvious to their intended audience that no explanation was required This raises the question of whether such meanings can be recovered This is the task to which the contributors to this book have put themselves In approaching this question this book does not

set out to be a collection of literary studies that treat portrayals of emotion as simple tropes or motifs isolated within their corpora Rather it seeks to uncover how such manifestations of feeling may reflect cultural and social dynamics underlying vernacular literatures from across the medieval North Sea world New Perspectives on Conflict and Ireland in the Nineteenth Century Paul Huddie,Cathal Billings,Arlene Crampsie,2025-07-07 Conflict is a well trod theme in the study of nineteenth century Ireland and the Irish While this is especially clear in the more traditional fields of politics religion and the military conflict was equally manifest in every arena of Irish people s lives both in Ireland and abroad including in areas such as gender class culture and identity in domestic or personal spaces institutional life education and medicine Yet despite a broad and multi disciplinary historiography this is the first book to focus solely on this rich theme New Perspectives on Conflict and Ireland in the Nineteenth Century brings together a group of scholars based around the world and in multiple disciplines who engage with the manifestations representations and histories of conflict pertaining to Ireland and Irish people throughout the long nineteenth century **Subject Headings Used in the Dictionary Catalogs of the Library of Congress** Library of Congress,Library of Congress.
