Prospect And Reality Great Britain 1945 1955:

Prospect and Reality Thomas Edward Brodie Howarth, 1985 **Shaping the Future** Horst Hutter, 2006-01-01 Shaping the Future maps out the ascetic practices of a Nietzschean way of life Hutter argues that Nietzsche's doctrines are attempts and temptations that aim to provoke his free spirited readers into changing themselves by putting philosophy into practice in their lives

Melodrama, Self and Nation in Post-War British Popular Film Johanna Laitila, 2018-06-22 This book investigates the portrayal of nationalities and sexualities in British post Second World War crime film and melodrama By focussing on these genres and looking at the concept of melodrama as an analytical tool apt for the analysis of both sexuality and nation the book offers insight into the desires fears and anxieties of post war culture The problem of returning to normalcy after the war is one of the recurring themes discussed alienation from society family and the self were central issues for both women and men in the post war years and the book examines the anxieties surrounding these social changes in the films of the period In particular it explores heterosexuality and nationality as some of the most prominent frameworks for the construction of identities in our time structures that for all their centrality are made invisible in our culture

Long Journey for Sevenpence Megan Hutching, 1999 Using interviews and questionnaires Megan Hutching has created a lively account of the process of emigration from the point of view of the migrants themselves often in their own words She recounts their experiences of the 12 000 mile sea journey to New Zealand and adaption to a life in a new country Not all agree that it was the best thing they ever did but most of them remained and now consider themselves New Zealanders Why did people in post war Britain make the long journey to the other side of the world Besides the answers to this question in this generously illustrated history Hutching also explores New Zealand government policy and the reasons for the assisted immigration scheme in 1947

Understanding Lord of the Flies Kirstin Olsen, 2000-05-30 A seemingly simple tale of schoolboys marooned on an island Lord of the Flies has proven to be one of the most enigmatic and provocative pieces of literature ever published This casebook probes the many layers of meaning in the novel examining its literary philosophical historical scientific and religious significance Beginning with a literary analysis that explores the universality of the novel's characters the story is considered as subversion of the adventure tale comparing it to such classics as Treasure Island and Robinson Crusoe From these literary depictions of savagery this study delves deeper confronting the long running philosophical and biological debates about human nature that have absorbed such influential thinkers as Rousseau and Darwin The full meaning of Lord of the Flies is further contextualized by tracing historical views on civilization from the Victorian perspective to the very real horrors of World War II This casebook integrates analysis and primary documents with excerpts from materials as diverse as the Bible the writings of Darwin and war crimes interviews to explore the very nature of human aggression and evil This book will spark students to consider intriguing connections between Golding's masterpiece and broader concepts of civilization altruism political leadership responsibilities and the history of western imperialism The

interdisciplinary approach of this casebook helps students situate the lessons of *Lord of the Flies* in the context of Education War and Postwar the Adventure Story Religion and Biology and Evolution The six topic sections integrate original illustrations and photos literary excerpts and primary documents and historic writings that help contextualize the work Thought provoking ideas for class discussions and research topics with carefully chosen further reading suggestions enhance this volume as a teaching tool

The Marshall Plan Michael J. Hogan, 1987 A re interpretation of the Marshall Plan as an extension of strategic American policy views the plan as the brainchild of the New Deal coalition of progressive private and political interests

Cold War Britain M. Hopkins, M. Kandiah, G. Staerck, 2002-12-13 Britain and the Cold War 1945 1964 offers new perspectives on ways in which Britain fought the Cold War and illuminates key areas of the policy formulation process It argues that in many ways Britain and the United States perceived and handled the threat posed by the Communist bloc in similar terms nevertheless Britain's continuing global commitments post war economic problems and domestic considerations obliged her on occasion to tackle the threat rather differently

The Rebirth of the West Peter Duignan, Lewis H. Gann, 1996 The years following World War II witnessed perhaps the greatest success story in Western history the economic and political recovery of European democracies that had been devastated by the cataclysmic war Peter Duignan and L H Gann convincingly demonstrate that the deep involvement of the United States was a key factor in this success The Rebirth of the West is a broad narrative analysis of every important aspect of Western society during this formative period political economic social cultural and scientific In addition to providing an interpretive synthesis of the vast literature on the subject the authors make an important and original contribution to both the historical record of this period and current debates over the future of Europe

Hammer and beyond Peter Hutchings, 2021-09-21 Peter Hutchings's *Hammer and beyond* remains a landmark work in British film criticism This new illustrated edition brings the book back into print for the first time in two decades Featuring Hutchings's socially charged analyses of genre classics from *Dead of Night* 1945 and *The Curse of Frankenstein* 1957 to *The Sorcerers* 1967 and beyond it also includes several of Hutchings's later essays on British horror as well as a new critical introduction penned by film historian Johnny Walker and an afterword by Russ Hunter *Hammer and beyond* deserves a spot on the bookshelf of anyone with a serious interest in the development of Britain's contribution to the horror genre

A Companion to Life Course Studies Michael E.J. Wadsworth, John Bynner, 2011-03-28 Since the end of the Second World War society has been characterised by rapid and extensive political economic scientific and technological change Opportunities for education employment human relations and good health have all been greatly affected by those changes as have all aspects of life Consequently each post war generation has been like no other before or since Britain uniquely has five large scale life course studies that began at intervals throughout that period They have shown how lives are shaped by individual characteristics their past and current experiences and opportunities and so reflect their times This book describes those fundamental changes that affected life chances differently in each generation

and how governments struggled to accommodate the changes with new policies for improving and managing the nation's capital in terms of education family policy health human rights and economics A Companion to Life Course Studies provides a resource for the interpretation of the findings and design differences in the five studies and the stimulus for new comparisons of life course between these differing generations that would contribute to policy and to understanding

Land of Stone Roger Emmerson, 2022-12-06 Welcome to a journey of remarkable buildings and remarkable thoughts about these buildings shaped as they are by deep time modern ideas and Scottish culture Readers are sure to see new vistas in the land of stone open before them From the Foreword by PROFESSOR ANDREW PATRIZIO What makes Scottish architecture Scottish What ideas drive Scottish architecture What has modern architecture in Scotland meant to the Scots Ever since the granny tops rattling and clanking in the wind to draw smoke up the tenemental flues from open coal fires caught my attention as a three year old architecture and its many parts purposes processes and procedures has fascinated me For me architecture has always had profound significance Land of Stone seeks to disengage widely held conceptions of what a Scottish architecture superficially looks like and to focus on the ideas and events philosophical political practical and personal that inspired architects and their clients to create the cities towns villages and buildings we cherish today [RAB: The Life of R.A. Anthony Howard, 2013-02-07 Richard Austin Butler remains the great enigma of post war British politics Independent indiscreet and never anything but irreverent Butler commanded the respect of both sides of the Commons and would have been on several occasions the people's choice for premier From his entry into politics in 1929 to his retirement from that arena in 1965 Butler's story is also that of British political life through almost four decades Scarred by his association with the appeasers of Munich he won the respect of the nation as the architect of the 1944 Education Act From the viewpoint of these times of Tory wets and dries Butler appears the victim of the age that divided gentlemen from players In these pages one of our most distinguished political journalists offers a revealing portrait of the best Prime Minister we never had **Lost Causes** Deepak Lal, 2012-03-01 Society is cracking Lurching from economic disaster to social decay our modern day life is plagued by sickness Deepak Lal world renowned economist tackles the hidden roots of our problems in his visionary book Lost Causes Providing a completely new framework for socio economic understanding Lal challenges received wisdom with a sure voice and shows how those in power have forgotten to take care of some of the fundamentals of everyday life From a faltering NHS to the war on drugs Lal reveals to the world the lost causes in its current malaise **Borders and conflict in South Asia** Lucy Chester, 2017-03-01 Borders and conflict in South Asia is the first full length study of the 1947 drawing of the Indo Pakistani boundary in Punjab Using the Radcliffe commission as a window onto the decolonization and independence of India and Pakistan and examining the competing interests both internal and international that influenced the actions of the various major players it highlights British efforts to maintain a grip on India even as the decolonization process spun out of control Drawing on extensive archival research in India Pakistan and Britain combined with innovative

use of cartographic sources the book paints a vivid picture of both the partition process and the Radcliffe line's impact on Punjab This book will be vital reading for scholars and students of colonialism decolonization partition and borderlands studies while providing anyone interested in South Asia's independence with a highly readable account of one of its most controversial episodes

Anthony Eden Victor Rothwell,1992 Eden's name became inextricably linked to Suez and Rothwell provides an important reassessment of Eden's role in this pivotal crisis He gives overdue attention to the wider Middle East situation and explains Eden's failure to manage the Anglo American relationship in the crisis in terms of his lifelong lack of warmth for the United States which verged at times on anti Americanism Eden remains a central figure in twentieth century international politics and all those interested in international history as well students of international relations will find Rothwell's new political biography compelling reading

The Magic of a Name: The Rolls-Royce Story, Part 1 Peter Pugh,2015-04-02 The Magic of a Name tells the story of the first 40 years of Britain's most prestigious manufacturer Rolls Royce Beginning with the historic meeting in 1904 of Henry Royce and the Honourable C S Rolls and the birth in 1906 of the legendary Silver Ghost Peter Pugh tells a story of genius skill hard work and dedication which gave the world cars and aero engines unrivalled in their excellence In 1915 100 years ago the pair produced their first aero engine the Eagle which along with the Hawk Falcon and Condor proved themselves in battle in the First World War In the Second the totemic Merlin was installed in the Spitfire and built in a race against time in 1940 to help win the Battle of Britain With unrivalled access to the company's archives Peter Pugh's history is a unique portrait of both an iconic name and of British industry at its best

Demobbed Alan Allport,2009-01-01 What happened when millions of British servicemen were demobbed demobilized after World War II Most had been absent for years and the joy of arrival was often clouded with ambivalence regrets and fears Returning soldiers faced both practical and psychological problems from reasserting their place in the family home to rejoining a much altered labor force Civilians worried that their homecoming heroes had been barbarized by their experiences and would bring crime and violence back from the battlefield Drawing on personal letters and diaries newspapers reports novels and films Alan Allport illuminates the darker side of the homecoming experience for ex servicemen their families and society at large a gripping story that's in danger of being lost to national memory
