Redefining EU Membership, 2024-09-27 Redefining EU Membership examines the issue of Membership within the European Union EU today by focusing on differentiation in and outside the EU The Treaty on European Union unequivocally declares that the contracting parties are the Member States of the EU However a closer examination casts some doubt of the unitary status of Member States or at least suggests that the concept requires nuancing Whilst diversity and to some extent differentiation have been part and parcel of the European integration process since its inception Redefining EU Membership proposes that considering several developments a new reflection on membership within the EU and on differentiation in and outside the EU is required The volume's contributions are organized around four aspects of the tensions faced by the concept of a unitary and formal EU membership first an examination of key policy areas which have already witnessed various forms of differentiated integration second an analysis of special statuses within the EU third important examples of non Member States in which EU law is applied with and without their participation in the EU's decision making process and fourth the situation of states under accession or secession procedures which obliges them to accept EU norms and policies even prior to after formal membership These analyses are complemented by a reflection on the concept of membership in itself In a context in which EU enlargement appears likely the provided analysis reflects on the need to expand and introduce several kinds of membership to the EU in the future

European Union Vasileios Vlachos, Aristidis Bitzenis, 2019-06-14 This book discusses the unprecedented impact of the financial and economic crisis on government finances and economic performance across Europe which has raised skepticism on the ability of the current course of integration to promote prosperity Correspondingly the European Union is about to contract for the first time in its history This timely book covers the economic issues that challenge the future of integration in Europe The chapters are authored by international experts and examine current and emerging challenges and trends for the European Union economic convergence monetary policy competition law transport policy the informal sector employment recovery and enlargement Four chapters focus on Greece which has been the greatest challenge faced by European institutions in the context of the sovereign debt crisis and one chapter discusses the possible costs of Brexit The reader will benefit from understanding the key economic challenges which if effectively addressed will lead to deepening the union or in contrast to a multi speed Europe
