Left Behind Fantasy William Powell Tuck,2010-02-18 The popular Left Behind series by Tim LaHaye and Jerry Jenkins has sold more than 62 million copies since the first volume appeared in 1995 Jerry Falwell pronounced it the most important series of books in the history of modern Christianity Many readers have assumed it gives the true facts about the way the world will end and what will happen to all the people in it But according to real biblical scholarship this series is seriously flawed Based on a misreading of many scriptures including Daniel and the Book of Revelation it has fed a kind of hysteria in the Christian populace that has led many people to reorder their existence in expectation of an impending doom and the

sudden unexpected return of Jesus In this book William Powell Tuck carefully and authoritatively refutes the premises and faulty theology of the Left Behind books critiquing them in the light of genuine biblical scholarship and common sense

African Charismatics Johnson Asamoah-Gyadu,2004-10-01 This volume examines Pentecostal charismatic renewal in an African context Ghanaian Pentecostalism in its modern charismatic form has become the most visible expression of renewal within indigenous Christianity The book first articulates the contribution of the older African initiated churches AICs to local Christianity arguing that in spite of a present decline the AICs have left an enduring theological imprint on indigenous Christian expression Furthermore it accounts for the rise of the new independent churches the charismatic ministries These have been proliferating across the West Africa sub region since the late 1970s In addition to this the book explores how the emphases of the new Ghanaian charismatics internationalism transformation prosperity healing and deliverance provide useful insights into the nature of modern African Pentecostal spirituality The Rapture Exposed Barbara R.

Rossing,2007-03-30 The idea of The Rapture the return of Christ to rescue and deliver Christians off the earth is an extremely popular interpretation of the Bible s Book of Revelation and a jumping off point for the best selling Left Behind series of books This interpretation based on a psychology of fear and destruction guides the daily acts of thousands if not millions of people worldwide In The Rapture Exposed Barbara Rossing argues that this script for the world s future is nothing more than a disingenuous distortion of the Bible The truth Rossing argues is that Revelation offers a vision of God s healing love for the world The Rapture Exposed reclaims Christianity from fundamentalists destructive reading of the biblical story and back into God s beloved community **PTL** John H. Wigger,2017 PTL traces the lives of Jim and Tammy Faye Bakker from humble beginnings to wealth fame and eventual disgrace after revelations of a sex scandal and massive financial mismanagement Adapted from book jacket

Ecclesiology for a Digital Church Heidi A Campbell,John Dyer,2022-02-04 What are the ecclesiological challenges and opportunities raised by technology How have developments related to the COVID 19 global health crisis impacted churches forcing a swift move to mediated and online worship And how will this change the shape churches of theological and programmatic choices for years to come Drawing together a diverse group of theologians and media scholars this volume considers the key theological question churches and religious leaders need to engage with as they look towards long term strategies involving church life and technology **1999** Ross Benes,2025-04-22 The year 1999

was a high water mark for popular culture According to one measure it was the best movie year ever But as journalist Ross Benes shows the end of the 90s was also a banner year for low culture This was the heyday of Jerry Springer Jenna Jameson and Vince McMahon among many others Low culture had come into its own and was poised for world domination The reverberations of this takeover continue to shape American society During its New Year s Eve countdown MTV entered 1999 with Limp Bizkit covering Prince s famous anthem to the new year The highlights of the lowlights continued when WCW and WWE drew 35 million American viewers each week with sex appeal and stories about insurrections Insane Clown Posse

emerged from the underground with a Woodstock set and platinum records about magic and murder Later that year Dance Dance Revolution debuted in North America and Grand Theft Auto emerged as a major video game franchise Beanie Babies and Pok mon so thoroughly seized the wallets and imagination of collectors that they created speculative investment bubbles that anticipated the faddish obsession over nonfungible tokens NFTs The trashy talk show Jerry Springer became daytime TV s most watched program and grew so mainstream that Austin Powers Sabrina the Teenage Witch The Wayans Bros The Simpsons and The X Files incorporated Springer into their own plots during the late 90s Donald Trump even explored a potential presidential nomination with the Reform Party in 1999 and wanted his running mate to be Oprah Winfrey whose own talk show would make Dr Oz a household name Among Springer s many guests were porn stars who at the end of the millennium were pursuing sex records in a bid for stardom as the pornography industry exploded aided by sex scandals new technology and the drug Viagra which marked its first full year on the US market in 1999 Benes shows us how so many of the strangest features of culture in 1999 predicted and influenced American life today This wild ride through pop culture uncovers the connections between the kayfabe of WWE and the theatrics of politics between the faddish obsession with Beanie Babies and with NFTs between faithful fans and political loyalists between violent video games and society s scapegoats and much more 1999 is not just a nostalgic look at the past It is also a window into our contentious present
