Ní Aoláin, 2017-07-05 The essays selected for this volume written by some of the worlds most respected experts on human rights encompass the development of human rights law from its philosophical underpinnings and address many of its current controversies The collected essays explore the drafting of major human rights instruments including the political challenges that shaped those instruments examine the interrelationship of various claimed rights and identify factors producing compliance with and violation of human rights law Other contributions analyze the role of non governmental organizations in achieving better human rights protections as well as the danger of claiming too many rights and the tension between rights and security Contrasting viewpoints in several essays highlight some of the key conflicts in the field An introductory essay provides a roadmap marking the collection s major themes and tracing the relationship between those themes Taken together the essays emphasize the legal underpinnings of the human rights regime and as such the collection provides an essential wide ranging account of this important part of international law procedure and practice

Just Trade Berta Esperanza Hernández-Truyol, Stephen Joseph Powell, 2009 In the mid 1940s once the full impact of World War II was assessed the world witnessed major legal developments in both modern trade and human rights Since then volumes have been written about modern trade law and human rights law has seen an equal amount of attention While these topics constitute two of the most active spheres in international law follow similar intellectual trajectories and often feature the same key actors and arenas neither field has actively engaged with the other They co exist in relative isolation at best peppered by occasional hostile debates It has come to be a given that pro trade laws are not good for human rights and legislation that protects human rights hampers vibrant international trade In a bold departure from this canon Just Trade makes a case for reaching a middle ground between these two fields acknowledging their co existence and the significant points at which they overlap Using actual examples from many of the thirty five nations of the Western Hemisphere the authors one a human rights scholar and the other specializing in trade law carefully combine their expertise to examine human rights policies involving conscripted child labor sustainable development promotion of health equality of women human trafficking indigenous peoples poverty citizenship and economic sanctions never overlooking the very real human rights problems that arise from international trade However instead of viewing the two kinds of law as isolated polar and sometimes hostile opposites Berta Esperanza Hernandez Tuyol and

Stephen J Powell make powerful suggestions for how these intersections may be navigated to promote an international marketplace that embraces both liberal trade and liberal protection of human rights The American Convention on Human Rights Ludovic Hennebel,Hélène Tigroudja,2022-01-21 This book offers a systematic commentary on the principal human rights treaty of the inter American system the American Convention on Human Rights The Convention was adopted in 1969 and has been ratified mostly by Latin American States with 23 States Parties The commentary provides an understanding of how the human rights protected by this treaty have been interpreted in the various cases examined by the protection bodies the Inter American Commission on Human Rights and the Inter American Court of Human Rights It also explains the workings of the protection system including the individual complaints mechanism **International Human Rights** Cher Weixia Chen,Alison Dundes Renteln,2022-08-11 This book provides an interdisciplinary overview of international human rights issues offering truly international coverage including the Global South Considering the philosophical foundations of human rights Chen and Renteln explore the interpretive difficulties associated with identifying what constitute human rights abuses and evaluate various perspectives on human rights This book goes on to analyze institutions that strive to promote and enforce human rights standards including the United Nations system regional human rights bodies and domestic courts It also discusses a wide variety of substantive human rights including genocide torture capital punishment and other cruel and unusual punishments In particular the book offers an accessible introduction to key understudied topics within human rights such as socioeconomic rights cultural rights and environmental rights It also focuses on the rights of marginalized groups including children s rights rights of persons with disabilities women s rights labor rights indigenous rights and LGBTQ rights making this an engaging and invaluable resource for the contemporary student *International Criminal Law, Volume 1: Sources, Subjects and Contents* M. Regional Human Rights Systems Christina M. Cerna, 2016-12-05 Over the past sixty years the regional human rights systems have surpassed the UN human rights bodies in affording protection to the victims of human rights violations Most of these systems have courts that are empowered to issue legally binding judgments and reparations for violations of human rights which states have been unwilling to accord the UN system The essays selected for this volume examine the structure and functioning of the principal regional human rights systems in the world today 1 the Inter American Commission and Court of Human Rights 2 the European Court of Human Rights 3 the African Commission and Court of Human and Peoples Rights and 4 the ASEAN Intergovernmental Human Rights Commission These systems guarantee primarily civil and political rights Central to all four systems is the necessity of a democratic form of government to guarantee these rights although not all governments parties to these regional treaties are democracies These articles trace the history of these systems in particular the expansion of their membership to include almost all independent countries in the region and their evolution towards recognition of a right

to democracy *International Human Rights Monitoring Mechanisms* Gudmundur Alfredsson, Jonas Grimheden, Bertrand G. Ramcharan, Alfred Zayas, 2009-08-18 This revised and updated collection is intended to serve as a thematic textbook on the institutions and procedures devoted to the national implementation of human rights and to the international monitoring of State performance. Although not exhaustive, the coverage extends to most of the monitoring instances available at intergovernmental and non-governmental organizations, complaints, fact-finding and investigative procedures, State reporting obligations, good offices actions, dialogue functions, human rights education, dissemination of human rights information, letter campaigns and technical co-operation. The target audience of the book is students of international human rights law, but the book can also serve as a guide for both officials and activists involved in the realization of human rights. The success of the first edition has allowed for this second edition. It demonstrates that there is an important demand for literature with a focus on human rights monitoring and follow-up activities.

Emerging Regional Human Rights Systems in Asia Tae-Ung Baik, 2012-11 Analyses the emerging human rights norms, regional institutions and enforcement mechanisms in Asia. **The**

African Charter of Human and Peoples' Rights Fatsah Ouguergouz, 2021-11-22 This work reveals the true dimension of the African Charter through a systematic analysis of its real or apparent innovations and a detailed assessment of the commitments of the States parties. It also analyzes the effectiveness of the mechanism put in place to monitor compliance with those commitments, examining the practice of the African Commission on Human and Peoples Rights from its establishment in 1987. It incorporates major recent achievements in the field of the protection of human rights in Africa, including the creation of the African Court of Human and Peoples Rights and the establishment of the African Union. This work is the expanded and updated English version of *La Charte africaine des droits de l'homme et des peuples. Une approche juridique des droits de l'homme entre tradition et modernité*. Presses Universitaires de France, Paris.

International Human Rights Law Manisuli Ssenyonjo, 2016-04-22 This timely and valuable book explores the development of international human rights law over the last six decades. The volume brings together leading experts to reflect on different aspects of human rights law, not only considering and evaluating the developments so far but also identifying relevant problems and proposing relevant possible perspectives for the continued positive future development of human rights law. The book is international in perspective, both in scope and context, and covers developments in the international protection of human rights since the adoption of the UDHR in 1948. The developments considered include the United Nations system of protecting human rights as well as regional human rights systems in Africa, America and Europe. It also considers some key themes relevant to human rights, including globalisation, protecting human rights in emergency situations and trade sanctions, the development of human rights NGOs and many others. The book will be an invaluable resource for students, academics and policy makers working in the field of international human rights.
