Pushing the Boundaries of Human Rights Education Benjamin Mallon,Fionnuala Waldron,Caitríona Ní Cassaithe,2023-12-01 This book pushes the theoretical boundaries of human rights education engaging with complex questions of climate related injustices re imagining education through a decolonising lens and problematising the relationship between rights and responsibilities It presents international studies of HRE in varied contexts e g Uganda Japan Ireland to explore the views and experiences of children who identify as human rights defenders initial teachers understandings of concepts such as teacher agency in conflict affected settings and the barriers to children s political agency The book also highlights HRE in practice including participatory research with very young children as co researchers and realising rights through play pedagogies creative writing approaches and picturebooks An HRE lens is also brought to bear on emerging subjects such as relationships and sexuality education and well being Aimed at educators researchers and practitioners and engaging with a range of concepts contexts and contemporary challenges this book offers new insights into HRE particularly in the context of issues relating to children s rights education and participation The Palgrave Handbook of Education Law for Schools Karen Trimmer,Roselyn Dixon,Yvonne S. Findlay,2018-06-30 This Handbook examines the essential nature of the law within an educational context and asks why there is not greater preparation for this aspect of a teacher s role Principals and teachers across the world now work in increasingly uncertain and challenging environments involving complex legislative frameworks with their roles and responsibilities constantly changing to meet these demands thus it is imperative that educators adapt and acquire new skills relating to child protection and criminal law On a daily basis teachers and practitioners are being challenged to critically examine and evaluate the legal rights and obligations of various stakeholders including students parents educators and administrators However if these skills are not developed the implications will be significant particularly so if principals are deterred from pursuing innovative education strategies due to potential litigation risks Consequently the chapters will empower principals and teachers in the management of these

concerns This wide ranging handbook including case studies from around the world will be of interest and value to both scholars of education law and practitioners

Judicial Protection of Fundamental Rights on the Internet Oreste Pollicino,2021-04-22 This book explores how the Internet impacts on the protection of fundamental rights particularly with regard to freedom of speech and privacy In doing so it seeks to bridge the gap between Internet Law and European and Constitutional Law The book aims to emancipate the debate on internet law and jurisprudence from the dominant position with specific reference to European legal regimes This approach aims to inject a European and constitutional soul into the topic Moreover the book addresses the relationship between new technologies and the protection of fundamental rights within the theoretical debate surrounding the process of European integration with particular emphasis on judicial dialogue This innovative book provides a thorough analysis of the forms models and styles of judicial protection of fundamental rights in the digital era and compares the European vision to that of the United States The book offers the first comparative analysis in which the notion of judicial frame borrowed from linguistic and cognitive studies is systematically applied to the theories of interpretation and argumentation With a Foreword by Robert Spano President of the European Court of Human Rights
