Christocentric Reformed Theology in Nineteenth-Century America Emanuel V. Gerhart,2021-07-30 Knowledge of the ideas of the theologian Emanuel V Gerhart is essential for understanding nineteenth century American theology Gerhart was one of the first to introduce a complete systematic Christocentric theological system to Americans His Institutes of the Christian Religion developed the ideas of European theologians and promoted the effort to systematize Mercersburg theology Gerhart embraced German idealism rather than Scottish philosophy in his scholarship As a mediating theologian he attempted to reconcile historical Christianity with modern culture His lectures essays and texts addressed the religious challenges and intellectual issues of his day from a Christocentric perspective Together they were a major contribution to the Mercersburg Movement in particular and American theology in general from the antebellum period to the progressive era His publications were devoted to a range of disciplines that included education philosophy and theology This volume portrays Gerhart s core theological ideas as found in his main texts and offers introductory commentaries and gives the historical background for his intellectual contributions

The Oxford Handbook of Nineteenth-Century Christian Thought Joel Rasmussen,Judith Wolfe,Johannes Zachhuber,2017-06-22 Through various realignments beginning in the Revolutionary era and continuing across the nineteenth century Christianity not only endured as a vital intellectual tradition contributed importantly to a wide variety of significant conversations movements and social transformations across the diverse spheres of intellectual cultural and social history The Oxford Handbook of Nineteenth Century Christian Thought proposes new readings of the diverse sites and variegated role of the Christian intellectual tradition across what has come to be called the long nineteenth century It

represents the first comprehensive examination of a picture emerging from the twin recognition of Christianity's abiding intellectual influence and its radical transformation and diversification under the influence of the forces of modernity Part one investigates changing paradigms that determine the evolving approaches to religious matters during the nineteenth century providing readers with a sense of the fundamental changes at the time Section two considers human nature and the nature of religion It explores a range of categories rising to prominence in the course of the nineteenth century and influencing the way religion in general and Christianity in particular were conceived Part three focuses on the intellectual cultural and social developments of the time while part four looks at Christianity and the arts a major area in which Christian ideas stories and images were used adapted changes and challenged during the nineteenth century Christianity was radically pluralized in the nineteenth century and the fifth section is dedicated to Christianity and Christianities The chapters sketch the major churches and confessions during the period The final part considers doctrinal themes registering the wealth and scope through broad narrative and individual example This authoritative reference work offers an indispensable overview of a period whose forceful ideas continue to be present in contemporary theology [The Oxford History of Modern German Theology, Volume 1: 1781-1848](#) Grant Kaplan, Kevin M. Vander Schel, 2023 Oxford History of Modern German Theology Vol I 1781-1848 offers a multi author overview of the development of modern German theology from 1781 to 1848 Across 36 chapters Kaplan and Vander Schel underline important movements in German theology during this period and highlight unresolved questions which have shaped subsequent discussion **A History of Apologetics** Avery Dulles, 2018-08-22 Making the case for the Christian faith apologetics has always been part of the Church's mission Yet Christians sometimes have had different approaches to defending the faith responding to the needs of their respective times and framing their arguments to address the particular issues of their day Cardinal Avery Dulles's A History of Apologetics provides a masterful overview of Christian apologetics from its beginning in the New Testament through the Middle Ages and on to the present resurgence of apologetics among Catholics and Protestants Dulles shows how Christian apologists have at times both criticized and drawn from their intellectual surroundings to present the reasonableness of Christian belief Written by one of Catholicism's leading American theologians A History of Apologetics also examines apologetics in the 20th and early 21st centuries including its decline among Catholics following Vatican II and its recent revival as well as the contributions of contemporary Evangelical Protestant apologists Dulles also considers the growing Catholic Protestant convergence in apologetics No student of apologetics and contemporary theology should be without this superb and masterful work *A Cultural History of Ideas in the Age of Empire* James H. Johnson, 2025-05-15 PRAISE FOR A CULTURAL HISTORY OF IDEAS VOLUMES 1-6 A 2024 CHOICE OUTSTANDING ACADEMIC TITLE 2023 AAP PROSE AWARDS WINNER BEST HUMANITIES REFERENCE WORK Few major European writers of the nineteenth century addressed the topic of empire explicitly but its components are present throughout their work in science and religion literature and the arts and philosophy politics and

economics This volume in the award winning 6 volume set *A Cultural History of Ideas* encompassing the period between the French Revolution and the First World War offers a comprehensive account of nine central domains of thought in the long nineteenth century or age of empire Employing recent approaches in cultural history scholars from a variety of fields revisit well known works and present less familiar figures to assess the origins and impact of ideas in their national and global contexts Taken together these chapters share large themes that define this most consequential period in European history including the status and reach of speculative reason the changing roles of science and religion in public life the emergence of modern selfhood and the cultural and political effects of mass democracy The 6 volume set *A Cultural History of Ideas* is part of *The Cultural Histories Series* Titles are available in print for individuals or for libraries needing just one subject or preferring a tangible reference for their shelves or as part of a fully searchable digital library The digital product is available to institutions by annual subscription or on perpetual access via www.bloomsburyculturalhistory.com Individual volumes for academics and researchers interested in specific historical periods are also available in print or digitally via www.bloomsburycollections.com

Interpreting Ancient Israelite History, Prophecy, and Law John H Hayes, 2017-04-27 For more than five decades John Hayes's scholarship has had a decisive influence on scholars and students in the field of Hebrew Bible study This collection of ten essays written between 1968 and 1995 displays his remarkable and thought provoking elucidation of Israelite history prophecy and law These essays make significant contributions that challenge the mainstream scholarship establishment with their daring interpretations and explanations along with their bold innovative theories The way in which Hayes approaches the study of seminal figures biblical texts and historical reconstructions combined with his analysis of specific methods will have lasting implications for contemporary scholarship He argues that biblical texts must be understood as being embedded within the particular historical social cultural and political matrices from which they emerged Whether exploring the social formation of early Israel the final years of Samaria or the social concept of covenant he demonstrates a textually focussed and exegetically based approach Hayes's essays provide valuable insights that help contextualise developments within mid to late twentieth century interpretation thereby granting scholars glimpses of key moments in the evolution of particular methods trends and models that have given shape to current research approaches Familiarity with Hayes's writings thus allows contemporary interpreters to envisage new avenues and perspectives in critical discussion of the Hebrew Bible

Kierkegaard, Pietism and Holiness Christopher B. Barnett, 2016-04-22 Søren Kierkegaard wrote that Pietism is the one and only consequence of Christianity Praise of this sort particularly when coupled with Kierkegaard's significant personal connections to the movement in Christian spirituality known as Pietism would seem to demand thorough investigation And yet Kierkegaard's relation to Pietism has been largely neglected in the secondary literature *Kierkegaard Pietism and Holiness* fills this scholarly gap and in doing so provides the first full length study of Kierkegaard's relation to the Pietist movement First accounting for Pietism's role in Kierkegaard's social ecclesial and

intellectual background Barnett goes on to demonstrate Pietism's impact on Kierkegaard's published authorship principally regarding the relationship between Christian holiness and secular culture. This book not only establishes Pietism as a formative influence on Kierkegaard's life and thinking but also sheds fresh light on crucial Kierkegaardian concepts from the importance of upbuilding to the imitation of Christ.

The Greenian Moment Denys Leighton, 2004. This study of T. H. Green views his philosophical opus through his public life and political commitments and it uses biography as a lens through which to examine Victorian political culture and its moral climate. The book deals with the political and religious history of Victorian Britain in examining the basis of Green's Liberal partisanship. It demonstrates how his main ethical and political conceptions, his idea of self-realisation and his theory of individuality within community were informed by evangelical theology, popular Protestantism and an idea of the English national consciousness as formed by religious conflict. While the significance of Kantian and Hegelian elements in Green's thought is acknowledged, it is argued that indigenous qualities of Green's teachings resonated with values shared alike by elite and rank-and-file Liberals during the mid and late Victorian era. In examining Green's beliefs about the historical evolution of English liberty, his championing of Liberal Nonconformity and Nonconformist causes and his approval of religious bases of community, this study analyzes the ripening of a Greenian moment and traces Green's influence on Liberal quasi-socialist and Conservative social reform down to the 1920s. The lasting impact of Green's teachings on British and Western political philosophy apparent in the current vogue for communitarianism in liberal theory indicates limitations of the secularization thesis still tacitly accepted by historians of Western political thought.

Challenging the Stereotype Glenn A. Chestnutt, 2010. Karl Barth never paid particular attention to the religions of the world. In fact, he has often been

stereotyped as the prime exponent of an exclusivist attitude toward other religions because of his belief that salvation comes through Christ alone. However, a close analysis of his work suggests that it defies the rigid typology of exclusivism, inclusivism, and pluralism so often used in inter religious debate and instead allows for the possibility of discerning God's presence in the other Abrahamic faiths. This book asserts that a case can be made on the basis of Barth's theology for promoting a democratic society which respects freedom and difference. It shows how this argument can be extended to accommodate religious pluralism. Other faith groups can contribute to a just society and interact in ways which are theologically fruitful for the Church's own life. In particular, this book demonstrates how Barth's theology can help Christians relate to Muslims by showing that God's grace is at work in places it is not expected beyond the boundaries of the Church. The Church can be addressed through the presence and voice of the other. In today's context, this includes address through the presence and voice of Islam.

B. B. Warfield's Scientifically Constructive Theological Scholarship David P. Smith, 2011-08-05 B. B. Warfield, the Lion of Princeton, is perhaps America's most prolific and preeminent biblical and theological scholar, and yet he has been largely misunderstood and misrepresented. In this landmark work, David Smith penetrates to the defining features of Warfield's thought and helps us understand its revolutionary character. Warfield's detractors have maligned his thought as static and beholden to an outdated epistemology, yet Smith debunks this myth. Placed within his historical context, we discover Warfield expressing the organic and dynamic nature of truth, overcoming the subject-object dilemma that plagues Western epistemological rationalism and mysticism, and all through his explaining the doctrinal system warranted by the Bible. Theological scholarship and American church historiography will have to reckon with this fresh and much-needed apologetic on America's preeminent apologist.

Conversing with Barth John C. McDowell, Mike Higton, 2021-11-18 Karl Barth addressed all the major themes of dogmatic theology and in so doing made his own distinctive contribution to each of the ongoing conversations that constitute that theology. This book presents important new conversations with Barth by leading contemporary theologians and Barth scholars. Each contributor offers their own distinctive emphasis to bring to light the ways in which the depths of Barth's work may illuminate or be illuminated by the work of other prominent thinkers who preceded or followed him. The conversations they host between Barth and other philosophers and theologians raise critical questions in the reading and appreciation of Barth's thought and explore a wide range of themes in dogmatic theology. This book not only adds to the comprehension of the riches of Barth's theology but also presents an important contribution to the ongoing conversations and debates alive in theology today. Contributors: Nicholas Lash, John Webster, Timothy Gorringe, Graham Ward, George Hunsinger, Ben Quash, Mike Higton, John McDowell, Eugene Rogers, Katherine Sonderegger, David Clough, David Ford.

Confessional Lutheranism and German Theological Wissenschaft James Ambrose Lee II, 2022-01-19 This book investigates the relationship between nineteenth-century German theological *Wissenschaft* and the emergence of confessional Lutheranism. It argues that the first generation of confessional Lutherans contributed to the discourse over the

nature of theological Wissenschaft Part I examines the intellectual context of nineteenth century theological Wissenschaft Chapter 2 presents Kant's and Schelling's conceptions of Wissenschaft in relationship to theology Chapter 3 analyzes Schleiermacher's contribution to the debate about the integrity of theology as a Wissenschaft and concludes by considering the developments represented by F C Baur and Albrecht Ritschl Part II investigates the different Lutheran approaches to theological Wissenschaft represented by Adolf Harle August Vilmar and Johannes von Hofmann Chapter 4 examines Harle's Theologische Encyklopädie as the first expression towards a confessional Lutheran Wissenschaft Chapter 5 highlights Vilmar's antagonistic posture towards modern German theology while attending to his construction of an alternative approach to modern theology Chapters 6 and 7 contextualize Hofmann against the landscape of German theology while situating his theological Wissenschaft within his contentious work Der Schriftbeweis Chapter 8 reflects upon these efforts at establishing a theological Wissenschaft in service to the church and the university

The Lord, the Giver of Life Aaron T.

Smith, 2021-06-14 In The Lord the Giver of Life Spirit in Relation to Creation Aaron T Smith argues that the Spirit in which God exists is not a mode of being but a pattern of relation which enfolds the world in each moment and gives it a life coordinated with God's God and world find mutual determination in the eschatological achievement of covenantal existence in the triumph of love Smith offers a new take on the biblical story of creation by bringing intricate interpretation of Genesis into productive dialogue with prominent voices of the Christian tradition as well as contributions from modern science and philosophy The creation is not primarily a collection of discrete things but the divinely willed event of communion which takes temporal shape within histories of generation or the history of each generation The human creature exists authentically in the time framing of promise and fulfillment coming to perceive the giving of life as good and right in the manner of the biblical covenant and coming to desire it again gladly consenting to life's interdependent generation
