**Consumption in Twenty-First-Century Brazilian Fiction** Lígia Bezerra, 2022-08-15 Everyday Consumption in Twenty First Century Brazilian Fiction is the first in depth study to map out the representation of consumption in contemporary Brazilian prose highlighting how our interactions with commodities connect seemingly disconnected areas of everyday life such as eating habits the growth of prosperity theology and ideas of success and failure It is also the first text to provide a pluralistic perspective on the representation of consumption in this fiction that moves beyond the concern with aesthetic judgment of culture based on binaries such as good bad or elevated degraded that have largely informed criticism on this body of literary work Current Brazilian fiction provides a variety of perspectives from which to think about our daily interactions with commodities and about how consumption affects us all in subtle ways Collectively the narratives analyzed in the book present a wide spectrum of more or less hopeful portrayals of existence in consumer culture from totalizing dystopia to transformative hope Ancient Greek Myth in World Fiction since 1989 Justine McConnell, Edith Hall, 2016-06-02 Ancient Greek Myth in World Fiction since 1989 explores the diverse ways that contemporary world fiction has engaged with ancient Greek myth Whether as a framing device or a filter or via resonances and parallels Greek myth has

proven fruitful for many writers of fiction since the end of the Cold War This volume examines the varied ways that writers from around the world have turned to classical antiquity to articulate their own contemporary concerns Featuring contributions by an international group of scholars from a number of disciplines the volume offers a cutting edge interdisciplinary approach to contemporary literature from around the world Analysing a range of significant authors and works not usually brought together in one place the book introduces readers to some less familiar fiction while demonstrating the central place that classical literature can claim in the global literary curriculum of the third millennium The modern fiction covered is as varied as the acclaimed North American television series *The Wire* contemporary Arab fiction the Japanese novels of Haruki Murakami and the works of New Zealand's foremost Maori writer Witi Ihimaera The Muffled Cries Nancy T. Baden, 1999-06-17 *The Muffled Cries* presents a multidisciplinary historical overview of the role of the writer and literature during Brazil's military dictatorship between 1964 and 1985 Nancy T Baden brings together numerous sources including personal interviews periodicals and books translated into English for the first time to expose the ironies subtleties and complexities of the Brazilian cultural milieu under authoritarianism She explores Brazilian fiction and poetry within this historical framework in order to portray the role of the writer within the cultural context based on self perception and the views of others Baden also examines the official and unofficial controls imposed by the state and the effects they had on the literature produced Following the varying phases of authoritarianism she found many experimental techniques and exaggerated realism in use as a method of showing resistance by revealing the underlying sociopolitical problems and protesting against the military This ground breaking work provides much new insight into the history and literature of Brazil from 1964 to 1985 **Minha primeira vez** Luiz Ruffato, 2017-07-12 Em sua primeira coletânea de crônicas Luiz Ruffato rememora o passado para iluminar o presente Nome consagrado da literatura brasileira contemporânea o autor reflete sobre o que viu e viveu os amigos que fez e os lugares que conheceu Permeadas pela penetrante observação de uma realidade social muitas vezes injusta e pelo sonho de um futuro melhor suas evocações eternizam os tempos difíceis e idílicos da infância o pai pipoqueiro e a mãe lavadeira a dor e o choque das primeiras descobertas a juventude como torneio mecânico os primeiros passos como jornalista e o início da paixão pela literatura tema da crônica que dá título ao volume *The Literature of the Senses* Aquiles Alencar Brayner, 2009 This work highlights the importance given to corporeal perception in Noll's literature as the ground upon which one becomes conscious of oneself of the world and of others discussing also the way in which Noll's narrative places sensorial experiences at the very core of the aesthetic experience both as a foundational process upon which the writer becomes able to create his work as well as the medium through which the reader becomes invited to interpret from his own perceptual framework the story narrated The book pays also attention to the Brazilian socio-political and cultural contexts of the 1970s 1980s and 1990s showing how Noll's literary production distances itself from and even criticises the popular and commercially successful documentary genre known as romance reportagem which used literature

as a form of political propaganda      **Em busca do povo brasileiro** Marcelo Ridenti, 2016-06-01 Aproximar-se do povo era uma das aspirações mais caras tanto dos militantes de esquerda quanto dos artistas e intelectuais brasileiros durante a ditadura civil militar de 1964-1985. O novo país que eles almejavam construir necessariamente brotaria das raízes nacionais. O que os inspirou nessa busca que refluía após o triunfo da lógica do mercado global nos anos 1990. Que herança teria deixado. Nesta obra aqui apresentada em segunda edição revista e ampliada, Marcelo Ridenti analisa o tema em seis capítulos.      **O que resta da ditadura** Vladimir Safatle, Edson Teles, 2019-03-29 Bem lembrada na frase que serve de epígrafe ao livro a importância do passado no processo histórico que determinar o porvir de uma nação é justamente o que torna fundamental esta obra. Organizada por Edson Teles e Vladimir Safatle, o que resta da ditadura reúne uma série de ensaios que esquadrinham o legado deixado pelo regime militar na estrutura jurídica nas práticas políticas na literatura na violência institucionalizada e em outras esferas da vida social brasileira. Fruto de um seminário realizado na Universidade de São Paulo USP em 2008, o livro reúne textos de escritores e intelectuais como Maria Rita Kehl, Jaime Ginzburg, Paulo Arantes, Ricardo Lamas e Jeanne Marie Gagnebin que buscam analisar o que permanece de mais perverso da ditadura no país hoje. Assim, o livro possui também um caráter de resistência política de negação difundida por aqueles que buscam hoje ocultar o passado recente seja ao abrandar, amenizar ou simplesmente esquecer este período da história brasileira. Segundo Edson Teles e Vladimir Safatle, a palavra que melhor descreve esta herança indesejada é violência medida não pela contagem de mortos deixados para trás mas por meio das marcas encravadas no presente. Para os organizadores, neste sentido podemos dizer com toda a segurança que a ditadura brasileira foi a mais violenta que o ciclo negro latino-americano conheceu. Quando estudos demonstram que ao contrário do que aconteceu em outros países da América Latina as práticas de tortura em prisões brasileiras aumentaram em relação aos casos de tortura na ditadura militar quando vemos o Brasil como o único país sul-americano onde torturadores nunca foram julgados onde não houve justiça de transição onde o Exército não fez um mea culpa de seus pendores golpistas quando ouvimos sistematicamente oficiais na ativa e na reserva fazerem elogios inacreditáveis à ditadura militar quando lembramos que 25 anos depois do fim da ditadura convivemos com o ocultamento de cadáveres daqueles que morreram nas mãos das Forças Armadas então começamos a ver de maneira um pouco mais clara o que significa exatamente violência.      **O romance da violência** José Vicente Tavares dos Santos, 2021-11-25 Este livro percorre uma genealogia da crítica literária e sociológica do romance policial. O livro segue um percurso analítico que vai de Charles Baudelaire até autores latino-americanos atuais. Descreve o romance do enigma de Edgar Allan Poe a Conan Doyle, o romance hard-boiled ou roman noir de Dashiell Hammett e Raymond Chandler nos Estados Unidos dos anos de 1930 e o policial na França na Suíça e em outros países a partir dos anos de 1960. Uma morfologia de um novo gênero literário, o romance da violência na Era da Mundialização das Conflitualidades aqui esboçada universaliza o do romance policial e do romance da violência. Multiplicadas faces da crítica da sociedade contemporânea. Convidamos o leitor a comparar as análises aqui presentes com suas próprias experiências de leitura e seguir esta aventura.
