Narrative innovation is typically seen as the domain of the avant garde However techniques such as nonlinear timelines multiple points of view and unreliable narration have long been part of American popular culture How did forms and styles once regarded as difficult become familiar to audiences In *Perplexing Plots* David Bordwell reveals how crime fiction plays and films made unconventional narrative mainstream He shows that since the nineteenth century detective stories and suspense thrillers have allowed ambitious storytellers to experiment with narrative Tales of crime and mystery became a training ground where audiences learned to appreciate artifice These genres demand a sophisticated awareness of storytelling conventions they play games with narrative form and toy with audience expectations Bordwell examines how writers and directors have pushed pulled and collaborated with their audiences to change popular storytelling He explores the plot engineering of figures such as Raymond Chandler Agatha Christie Dashiell Hammett Patricia Highsmith Alfred Hitchcock Dorothy Sayers and Quentin Tarantino and traces how mainstream storytellers and modernist experimenters influenced one another's work A sweeping kaleidoscopic account written in a lively conversational style *Perplexing Plots* offers an ambitious new understanding of how movies literature theater and popular culture have evolved over the past century Catalog of Copyright Entries.
