Marketos,1945 Proverbs and the Formation of Character Bland Dave,2016-11-24 Proverbs and the Formation of Character presses the wisdom of Proverbs into active duty in the trenches of everyday life and puts the principles of character formation in working clothes The wisdom Proverbs describes is not designed to master life s challenges but to learn to manage them and adapt In learning to adapt individuals grow and mature spiritually Relying on solid biblical scholarship Dave Bland brings to the fore the neglected sentence literature in Proverbs 10 29 and the vital resources they contribute to the process of character formation Contrary to popular opinion the book of Proverbs even though addressed to youth is not a book solely for the young but for those of all ages who desire to continue to grow personally as well as in their relationship with others and God The wise in the book of Proverbs employ a plethora of resources to help train up young and old alike to grow into the character of God Among others these resources include the value of interacting with others a healthy understanding of conflict an appropriate perspective on wealth a new appreciation for and reliance on the role of the neglected proverb in the education process and the vital role of family and the faith community *Modern Greek Society* ,1979 John Vassos Danielle Shapiro,2016-03-30 What should a television look like How should a dial on a radio feel to the touch These were questions John Vassos asked when the Radio Corporation of America RCA asked him to design the first mass produced television receiver the TRK 12 which had its spectacular premier at the 1939 New York World s Fair Vassos emigrated from Greece and arrived in the United States in 1918 His career spans the evolution of central forms of mass media in the twentieth century and offers a template for understanding their success This is Vassos s legacy shaping the way we interact with our media technologies Other industrial designers may be more celebrated but none were more focused on making radio and television attractive and accessible to millions of Americans In *John Vassos Industrial Design for Modern Life* Danielle Shapiro is the first to examine the life and work of RCA s key consultant designer through the rise of radio and television and into the computer era Vassos conceived a vision for the look of new technologies still with us today A founder of the Industrial Designers Society of America he was instrumental in the development of a self conscious industrial design profession during the late 1920s and 1930s and into the postwar period Drawing on unpublished records and correspondence Shapiro creates a portrait of a designer whose early artistic work in books like *Phobia* and *Contempo* critiqued the commercialization of modern life but whose later design work sought to accommodate it Replete with rich behind the product stories of America s design culture in the 1930s through the 1950s this volume also chronicles the emergence of what was to become the nation s largest media company and provides a fascinating glimpse into its early corporate culture In our current era of watching TV on an iPod or a smartphone Shapiro stimulates broad discussions of the meaning of technological design for mass media in daily life Catalog of Folklore, Folklife, and Folk Songs Cleveland Public Library.
