**Lore** F. Edward Hulme,2013-12 The study of proverbs is one of exceeding interest and value By means of it our thoughts travel back through the ages to the childhood of the world and we see at once how amidst the surroundings that vary so greatly in every age and in every clime the common inherent oneness of humanity asserts itself how while fashions change motives of action remain how beneath the burning sun of Bengal or Ashanti in the tents of the Crees or amidst the snows of Lapland the thoughts of men on the great problems that confront the race are strikingly at one Hence while the outward garb and phraseology of these proverbial utterances must necessarily greatly vary we find when we pierce below the 2 surface a remarkable similarity of idea When we desire to point out the foolishness of providing any place or person with anything that they are really better able to procure for themselves the absurdity of carrying coals to Newcastle is pointed out and we might at first sight very naturally say that surely here we have a popular saying that we can specially claim as a piece of English proverbial wisdom We find however in the Middle Ages the popular saying Send Indulgences to Rome while even before the Christian era the Greeks were teaching the same lesson in the formula Owls to Athens the woods of Attica yielding these birds in abundance while the city itself under the special guardianship of Pallas Athene had as its device and symbol on its coinage and elsewhere the owl the bird associated with that goddess coals owls indulgences so different in outward seeming teaching the self same truth Shakespeare's Proverb Lore Charles George Smith,1963 Dictionary of Proverbs George
