Proverbs and Their Lessons Richard Chenevix Trench, 1905 *On the Lessons in Proverbs* Richard Chenevix Trench, 1856 *Proverbs and their lessons* Richard Chenevix Trench (abp. of Dublin.), 1861 *Proverbs and Their Lessons* Richard Chenevix Trench, 1857 Proverbs and Their Lessons Richard Chenevix Trench, 2019-12-02

In *Proverbs and Their Lessons* Richard Chenevix Trench meticulously explores the wealth of proverbs as they encapsulate the wisdom and cultural insights of various societies. Combining insightful analysis with an engaging narrative style, Trench delves into the origins, meanings, and moral implications embedded in these sayings. His work serves as both a literary examination and an ethical guide, reflecting the Victorian era's fascination with moral philosophy and linguistic evolution as he draws upon a myriad of sources from diverse cultures to illustrate the universality of human experience.

Richard Chenevix Trench, a noted theologian, poet, and philologist, was deeply influenced by his academic background and the socio-cultural milieu of 19th-century Britain. His tenure as professor of divinity at King's College London and his comprehensive studies in linguistics informed his perception of proverbs as linguistic treasures encapsulating shared human wisdom. This blend of religious insight and philological rigor is instrumental in understanding Trench's approach to proverbs, revealing how language mirrors cultural values and ethical considerations.

Proverbs and Their Lessons is a compelling read for anyone interested in language, ethics, and the human condition. Trench's scholarship illuminates the profound connections between linguistic expression and cultural wisdom, making this work a must-read for students, educators, and anyone intrigued by the intricate tapestry of human thought and language.

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book without typos from the publisher. Not indexed. Not illustrated. 1857 edition. Excerpt but only because I must needs hasten onward that I leave this part of my subject without further development. What a fine knowledge of the human heart will they often display. I know not whether this Persian saying on the subtleties of pride is a proverb in the very strictest sense of the word but it is forcibly uttered. Thou shalt sooner detect an ant moving in the dark night on the black earth than all the motions of pride in thine heart. And on the wide reach of this sin the Italians say. If pride were as art how many graduates we should have and how excellent and searching is this word of theirs on the infinitely various shapes which this protean sin will assume. There are who despise pride with a greater pride of one which might almost seem to have been founded on the story of Diogenes who treading under his feet a rich carpet of Plato's exclaimed. Thus I trample on the ostentation of Plato. With an ostentation of thine own was the other's excellent retort even as on another occasion he observed with admirable wit that he saw the pride of the Cynic peeping through the rents of his mantle for indeed pride can array itself quite as easily in rags as in purple can affect squalors as earnestly as splendours the lowest place and the last is of itself no security at all for humility and out of a sense of this we very well have said. As proud go behind as before. Se la superbia fosse arte quanti Dottori avremmo. Tal sprezza la superbia con una maggior superbia. Sometimes in their subtle observation of life they arrive at conclusions which we would very willingly question or reject but to which it is impossible to refuse a certain amount of assent. Thus it is with the very striking German proverb. One foe.
