Proverbs In Medieval Occitan Literature:

Proverbs in Medieval Occitan Literature Wendy Pfeffer, Cynthia Nelson, 1997 For a decade she ignited the imagination of the press where she was variously described as the perfumed leader a danger to the Muslim nation a traitor to the revolution and the only man in Egypt Then in 1957 following her hunger strike in protest against the populist regime of Gamal Abdul Nasser she was placed under house arrest

Mapping Medieval Identities in Occitanian Crusade Song Rachel May Golden, 2020 Mapping Medieval Identities in Occitanian Crusade Song focuses on two twelfth century musical poetic practices of southern France the sacred Aquitanian versus and the vernacular troubadour lyric and newly interprets them within their shared context of the early Crusades

Nature in the Middle Ages and the Early Modern Times Albrecht Classen, 2024-07-01 The study of pre modern anthropology requires the close examination of the relationship between nature and human society which has been both precarious and threatening as well as productive soothing inviting and pleasurable Much depends on the specific circumstances as the works by philosophers theologians poets artists and medical practitioners have regularly demonstrated It would not be good enough as previous scholarship has commonly done to examine simply what the various writers or artists had to say about nature While modern scientists consider just the hard core data of the objective world cultural historians and literary scholars endeavor to comprehend the deeper meaning of the concept of nature presented by countless writers and artists Only when we have a good grasp of the interactions between people and their natural environment are we in a position to identify and interpret mental structures social and economic relationships medical and scientific concepts of human health and the messages about all existence as depicted in major art works In light of the current conditions threatening to bring upon us a global crisis it matters centrally to take into consideration pre modern discourses on nature and its enormous powers to understand the topoi and tropes determining the concepts through which we perceive nature Nature thus proves to be a force far beyond all human comprehensibility being both material and spiritual depending on our critical approaches

Ethnicity in Medieval Europe, 950-1250 Claire Weeda, 2021 An investigation into how racial stereotypes were created and used in the European Middle Ages Students in twelfth century Paris held slanging matches branding the English drunkards the Germans madmen and the French as arrogant On crusade army recruits from different ethnic backgrounds taunted each other s military skills Men producing ethnography in monasteries and at court drafted derogatory descriptions of peoples dwelling in territories under colonisation questioning their work ethic social organisation religious devotion and humanness Monks listed and ruminated on the alleged traits of Jews Saracens Greeks Saxons and Britons and their acceptance or rejection of Christianity In this radical new approach to representations of nationhood in medieval western Europe the author argues that ethnic stereotypes were constructed and wielded rhetorically to justify property claims flaunt military strength and assert moral and cultural ascendance over others The gendered images of ethnicity in circulation reflect a negotiation over self representations of discipline rationality and

strength juxtaposed with the alleged chaos and weakness of racialised others Interpreting nationhood through a religious lens monks and schoolmen explained it as scientifically informed by environmental medicine an ancient theory that held that location and climate influenced the physical and mental traits of peoples Drawing on lists of ethnic character traits school textbooks medical treatises proverbs poetry and chronicles this book shows that ethnic stereotypes served as rhetorical tools of power crafting relationships within communities and towards others *Palestinian Memory and Identity in Modern Children's Literature* Hanan Mousa, 2024-12-09 A timely and significant contribution to Palestinian children's literature from 1967 to the present day *Palestinian Memory and Identity in Modern Children's Literature* examines a myriad of motifs and popular culture and the evolution of national identity and consciousness among young Palestinians Utilizing analytical and in depth readings this text presents a thorough examination of the representations and role of folk culture in Palestinian children's literature from both thematic and stylistic linguistic perspectives The analysis covers a wide range of diverse works representing popular culture published after 1967 including diverse works by writers from Israel the West Bank Gaza and the Palestinian diaspora This volume will be of interest to academics and students exploring the vast contexts of Arabic children's literature and Palestinian folk lore Writings by Pre-Revolutionary French Women Colette H. Winn, Anne R. Larsen, 2017-09-29 The present volume covers 30 Pre Revolutionary French women providing a representative sampling of their manifold and varied contributions to intellectual and cultural history This volume is unique in its grouping of essentially French writers from the Pre Revolutionary period The authors included here range from those prominent because of their social position or literary fame to those slowly becoming part of a new canon of Old Regime women writers authors whose works were known to their contemporaries but who have slipped into near invisibility in the following centuries until their recent rediscovery and reassessment Troubadour Texts and Contexts Courtney Joseph Wells, Lisa Shugert Bevevino, Sarah-Grace Heller, 2024-12-03 New interpretations of different aspects of troubadour texts and lyrics from their main themes and motifs to their reception and influence Nearly a millennium after their songs of love politics war satire and redemption began to fill the courts of Europe the troubadours continue to fascinate modern audiences However many aspects of their work such as the supposedly adulterous nature of fin amor the Frenchness of the troubadours the biographical veracity of the vidas and the inherent misogyny of the troubadour lyric have long been taken for granted This volume takes a fresh look at these ideas questioning many of the formative assumptions of troubadour scholarship and proposing alternative readings of many canonical texts Essays offer a reconsideration of the reception of works by such important figures as Guilhem IX Jaufre Rudel Peire Vidal Pistoleta Guilhem Adhemar Giraut de Borneil Perdigon Fulk of Marseilles and Arnaut Daniel There are also examinations of the lexicon and cultural uses of chess azure and tin and the changing landscape of the Rhone delta providing a deeper understanding of the imagery they furnished Other essays consider the later life of the manuscripts including the surprising story of how Napoleon demanded certain Occitan

manuscripts after his conquest of Italy The collection as a whole is thus a fitting tribute to the pioneering work of Wendy Pfeffer who has made such a contribution to the field of troubadour studies

Italian Readers of Ovid from the Origins to Petrarch Julie Van Peteghem, 2020-06-22 The Latin poet Ovid continues to fascinate readers today In *Italian Readers of Ovid from the Origins to Petrarch* Julie Van Peteghem examines what drew medieval Italian writers to the Latin poet's works characters and themes While accounts of Ovid's influence in Italy often start with Dante's *Divine Comedy* this book shows that mentions of Ovid are found in some of the earliest poems written in Italian and remain a constant feature of Italian poetry over time By situating the poetry of the Sicilians Dante Cino da Pistoia and Petrarch within the rich and diverse history of reading translating and adapting Ovid's works Van Peteghem offers a novel account of the reception of Ovid in thirteenth and fourteenth century Italy *Bulletin Bibliographique de la Société Internationale Arthurienne* International Arthurian Society, 2000

The Art of Grafted Song Yolanda Plumley, 2013-12 In *The Art of the Grafted Song Citation and Allusion in the Age of Machaut* author Yolanda Plumley explores the penchant for borrowing in chansons and lyrics from fourteenth century France uncovering a practice integral to the experiments in form genre and style that ushered in a new school of lyric

Giving Voice to Love Judith A. Peraino, 2011-11-28 The lyrics of medieval courtly love songs are characteristically self-conscious *Giving Voice to Love* investigates similar self-consciousness in the musical settings Moments and examples where voice melody rhythm form and genre seem to comment on music itself tell us about musical responses to the courtly chanson tradition and musical reflections on the complexity of self-expression

[Marcabru](#) Marcabrun, Simon Gaunt, Ruth Harvey, Linda M. Paterson, 2000 One of the earliest troubadours Marcabru was a remarkable artist and entertainer and a figure of crucial importance to the development of the European courtly lyric His blistering attacks on contemporary court society reveal an intellectual insider's view of the clash between clerical morality and the emerging secular ethics of love and courtesy His fervent often acerbic engagement with contemporary events also provides a unique southern perspective on political upheavals and crusading movements in twelfth century Occitania and northern Spain This

new critical edition the first for nearly 100 years makes his complete corpus accessible to a wide readership supplying translations full critical apparatus and copious textual notes with a substantial glossary of Marcabru's extraordinarily inventive vocabulary The introduction supplies historical information discussion of the poet's language and an analysis of the manuscript transmission It also raises fresh issues of troubadour versification techniques in this formative period and engages in a new way with the current debate about editorial methodology and medieval textual criticism Leaflet blurb see AN

The Corruption of Angels Mark Gregory Pegg, 2009-01-10 On two hundred and one days between May 1 1245 and August 1 1246 more than five thousand people from the Lauragais were questioned in Toulouse about the heresy of the good men and the good women more commonly known as Catharism Nobles and diviners butchers and monks concubines and physicians blacksmiths and pregnant girls in short all men over fourteen and women over twelve were summoned by Dominican inquisitors Bernart de Caux and Jean de Saint Pierre In the cloister of the Saint Sernin abbey before scribes and witnesses they confessed whether they or anyone else had ever seen heard helped or sought salvation through the heretics This inquisition into heretical depravity was the single largest investigation in the shortest time in the entire European Middle Ages Mark Gregory Pegg examines the sole surviving manuscript of this great inquisition with unprecedented care often in unexpected ways to build a richly textured understanding of social life in southern France in the early thirteenth century He explores what the interrogations reveal about the individual and communal lives of those interrogated and how the interrogations themselves shaped villagers' perceptions of those lives The Corruption of Angels similar in breadth and scope to Emmanuel Le Roy Ladurie's *Montaillou* is a major contribution to the field It shows how heretical and orthodox beliefs flourished side by side and more broadly what life was like in one particular time and place Pegg's passionate and beautifully written evocation of a medieval world will fascinate a diverse readership within and beyond the academy

Between Sequence and Sirventes Catherine Leglu, 2017-12-02 Parody marks the troubadour lyric from the outset informing composition performance and reception This ground breaking study moves away from courtliness the focus of most previous studies and places troubadour parodic practice in the context of the social and spiritual debates of 12th and 13th century Occitania Leglu analyses the complex relationship between troubadour verse and the Aquitanian para liturgical Latin corpus She charts the development of a chain of texts linked by a common formal mode derived from this Latin sequence and traces patterns of rewriting ranging from scurrilous attacks through playful competition to recuperation of the sacred content in serious parody

Chaucerian Dream Visions and Complaints Dana M Symons, 2004-11-01 On several counts one particular collection of French lyrics made in France in the late fourteenth century University of Pennsylvania MS 15 is the most likely repository of Chaucer's French poems It is the largest

manuscript anthology extant of fourteenth century French lyrics in the formes fixes balade rondeaux virelay lay and five stanza chanson with by far the largest number of works of unknown authorship The known authors represented in the manuscript and the texts themselves have notable associations with England and with Chaucer And intriguingly there are fifteen lyrics each headed by the initials Ch very likely indications of authorship neatly inserted between rubric and text The rubrics together with other substantial manuscript evidence and the intrinsic worth of the poems make them easily the best candidates among extant French lyrics for Chaucer's authorship appropriate representatives of his French work from the Introduction **The Journal of Medieval and Early Modern Studies** ,1999
