Proxopera A Tale Of Modern Ireland:

Proxopera Benedict Kiely, 1988 The Stars of Ballymenone, New Edition Henry Glassie, 2016-09-12 In the time of the Troubles when bombs blew through the night and soldiers prowled down the roads Henry Glassie came to the Irish borderland to learn how country people endure through history He settled into the farming community of Ballymenone beside Lough Erne in the County Fermanagh and listened to the old people For a decade he heard and recorded the stories and songs in which they outlined their culture recounted their history and pictured their world In their view their world was one of love defeat and uncertainty demanding the virtues of endurance faith bravery and wit Glassie's task in this book is to set the scene to sketch the backdrop and clear the stage so that Hugh Nolan and Michael Boyle Peter Flanagan Ellen Cutler and their neighbors can tell their own tale which explains their conditions and converts them into a tragedy of conflict and a comedy of the absurd It gathers the saints and warriors and celebrates the stars whose wit enabled endurance in days of violence and deprivation With patience and respect Glassie describes life in a time and a place exactly like no other and yet Ballymenone is like a thousand other places where people work on the land during the day and tell their own tales at night forgotten while the men of power fill the newspapers and history books by sending poor boys out to be killed The Stars of Ballymenone is an integrated analysis of the complete repertory of verbal art from a rural community where storytelling and singing of quality remained a part of daily life *The Ireland Anthology* Sean Dunne, 1957-08-13 Artie Cohen is a good looking New York City cop with a taste for women and jazz and no intention of looking back to the past he left behind twenty five years earlier in Moscow In Red Hot Blues he is faced with a case that leaves him no choice but to confront that past When a former KGB general is shot dead on live TV Artie is compelled to take the case the general was a friend of his father's Artie doesn't have to go far until he is led into the heart of the Brighton Beach mafia where the most lethal weapon on the street is rumored to be an elusive substance known as Red Mercury an atomic weapon that has the terrifying advantage of being pocket sized Artie stumbles upon a radioactive trail of atomic smuggling that leads all the way back to Moscow For Artie to solve this case he must reclaim his past and return to the home he left behind It is in Moscow that he finds love tragedy and the truth *Storytelling on the Northern Irish Border* Ray Cashman, 2011-09-23 A folklorist explores the storytelling traditions of a small Irish town where local character anecdotes build community across sectarian divides More than quaint local color folklore is a crucial part of life in Aghyaran a mixed Catholic Protestant border community in Northern Ireland Neighbors socialize during wakes and ceilis informal nighttime gatherings without regard to religious ethnic or political affiliation The witty sometimes raucous stories swapped on these occasions offer a window into Aghyaran residents' views of self and other in the wake of decades of violent conflict Through anecdotes about local characters participants explore the nature of community and identity in ways that transcend Catholic or Protestant sectarian histories Ray Cashman analyzes local character anecdotes in detail and argues that while politicians may take credit for the peace process in

Northern Ireland no political progress would be possible without ordinary people using shared resources of storytelling and socializing to imagine and maintain community

Back to the Present, Forward to the Past International Association for the Study of Irish Literatures. Conference, 2006 The island of Ireland north and south has produced a great diversity of writing in both English and Irish for hundreds of years often using the memories embodied in its competing views of history as a fruitful source of literary inspiration Placing Irish literature in an international context these two volumes explore the connection between Irish history and literature in particular the Rebellion of 1798 in a more comprehensive diverse and multi faceted way than has often been the case in the past The fifty three authors bring their national and personal viewpoints as well as their critical judgements to bear on Irish literature in these stimulating articles The contributions also deal with topics such as Gothic literature ideology and identity as well as gender issues connections with the other arts regional Irish literature in particular that of the city of Limerick translations the works of Joyce and comparisons with the literature of other nations The contributors are all members of IASIL International Association for the Study of Irish Literatures Back to the Present Forward to the Past Irish Writing and History since 1798 will be of interest to both literary scholars and professional historians but also to the general student of Irish writing and Irish culture

In a Harbour Green George O'Brien, 2019-07-29 Novelist short story writer critic memoirist broadcaster and journalist Benedict Kiely 1919 2007 was not only one of the best known but one of the most artistically and culturally distinctive men of letters of his day His fascination with the island of Ireland the myths and memories of its people and the many voiced quality of its

traditions has secured for him a unique place in the country's literary history. His substantial body of fiction and non-fiction is a repository of lore and learning and amply rewards not only the interest shown in it over many years by his popularity among the general public but also that of Irish and international literary scholarship. Strangely however despite his renowned reputation and canonical status Kiely remains a writer whose work has generated surprisingly little secondary literature academic or otherwise. This charming collection of twelve essays by some of Ireland's foremost writers and esteemed international critics in this his centenary year will breathe new life into Kiely's work and place him back where he belongs at the heart of Irish literature.

Back to the Present: Forward to the Past, Volume II, 2006-01-01 The island of Ireland north and south has produced a great diversity of writing in both English and Irish for hundreds of years often using the memories embodied in its competing views of history as a fruitful source of literary inspiration. Placing Irish literature in an international context these two volumes explore the connection between Irish history and literature in particular the Rebellion of 1798 in a more comprehensive diverse and multi-faceted way than has often been the case in the past. The fifty-three authors bring their national and personal viewpoints as well as their critical judgements to bear on Irish literature in these stimulating articles. The contributions also deal with topics such as Gothic literature ideology and identity as well as gender issues connections with the other arts regional Irish literature in particular that of the city of Limerick translations the works of Joyce and comparisons with the literature of other nations. The contributors are all members of IASIL International Association for the Study of Irish Literatures. *Back to the Present Forward to the Past Irish Writing and History since 1798* will be of interest to both literary scholars and professional historians but also to the general student of Irish writing and Irish culture.

Beckett and Contemporary Irish Writing Stephen Watt, 2009-06-18 This book searches for the Beckettian impulse in Irish literature by tracing Beckett's legacy through a selection of contemporary writers.

Making Sense of Proxy Wars Michael A. Innes, 2012-05-01 Public debate over surrogate forces and proxy warfare has been largely dormant since the end of the Cold War. The conventional wisdom has been that with the end of the U.S.-Soviet rivalry state sources of support for proxy guerrilla insurgent and terrorist organizations dried up forcing them to look to criminal activity to survive and precipitating the growth of dangerously independent and well-resourced militants mercenaries and warlords. But in the few years since 2001 a wide range of issues raised to prominence by wars in Iraq Afghanistan and elsewhere suggest that armed proxies and the forces that drive and shape their use are part of a larger dynamic. From the legacies of the wars in the Balkans Afghanistan and Kashmir to the growth of privatized security and military companies and to increased reliance on intermediaries of all kinds these surrogate forces bear further study. *Making Sense of Proxy Wars* is the first book to seriously challenge Cold War assumptions about terrorism and proxy warfare offering an alternative view of armed surrogates whether they are private armies indigenous militias or unwilling victims as complex self-interested actors on the international stage.
