High Culture Christopher Partridge, 2018-06-01 History is littered with evidence of humanity's fascination with drugs

and the pursuit of altered states From early Romanticism to late nineteenth century occultism and from fin de siècle Paris to contemporary psychedelic shamanism psychoactive substances have played catalyzing people Yet serious analysis of the religious dimensions of modern drug use is still lacking the use of drugs and the pursuit of transcendence from the nineteenth century to the present day Beginning with the Romantic fascination with opium it chronicles the discovery of anesthetics the psychiatric and religious interest in hashish the bewitching power of mescaline and hallucinogenic fungi the more recent uses of LSD as well as the debates surrounding drugs and religious experience This fascinating and wide ranging sociological and cultural history fills a major gap in the study of religion in the modern world and our understanding of the importance of countercultural thought offering new and timely insights into the controversial relationship between drugs and mystical experience

The Psychedelic Tarot M. A. Ermitus, 2009-02 The Psychedelic Tarot discusses tarot as a map of consciousness and presents psychedelics as a means by which to traverse inner space as such it unites the psychonaut to divinity within This blending of the ancient tarot and primeval use of entheogens establishes a definitive method for pursuing an alchemical process of interior wholeness Here is what experts are saying A diligent mystical approach to the war on some people who use some drugs sometimes Paul Krassner editor of Magic Mushrooms and Other Highs From Toad Slime to Ecstasy A masterful application of the intuitive insights that can be fostered by visionary plants and compounds Jonathan Ott author of Pharmacothéon Entheogenic Drugs their Plant Sources and Histories An utterly profound treatment of the tarot and its integral linkage with the nature of consciousness Dr John Gilbert director of the Tarot Institute and of the Universal Seminary The Psychedelic Tarot is jam packed with vital material that everyone can immediately apply for the inward journey toward consciousness expansion and union with the higher self

Psychedelic Mysticism Morgan Shipley, 2015-11-12 Concerned with scholarly popular and religious backdrops that understand the connection between psychedelics and mystical experiences to be devoid of moral concerns and ethical dimensions a position supported empirically by the rise of acid fascism and psychedelic cults by the late 1960s Psychedelic Mysticism Transforming Consciousness Religious Experiences and Voluntary Peasants in Postwar America traces the development of sixties psychedelic mysticism from the deconditioned mind and perennial philosophy of Aldous Huxley to the sacramental ethics of Timothy Leary Richard Alpert and Ralph Metzner to the altruistic religiosity practiced by Stephen Gaskin and The Farm Building directly off the pioneering psychedelic writing of Huxley these psychedelic mystics understood the height of psychedelic consciousness as an existential awareness of unitive oneness a position that offered worldly alternatives to the maladies associated with the postwar moment e g vapid consumerism and materialism lifeless conformity unremitting racism heightened militarism In opening a doorway to a common world Morgan Shipley locates how psychedelics challenged the coherency of Western modernity by fundamentally reorienting postwar society away from neoliberal ideologies and toward a sacred understanding of reality defined by mutual coexistence and responsible interdependence In 1960s America

psychedelics catalyzed a religious awakening defined by compassion expressed through altruism and actualized in projects that sought to ameliorate the conditions of the least advantaged among us In the exact moments that historians and cultural critics often locate as signaling the death knell of the counterculture Gaskin and The Farm emerged not as a response to the perceived failures of the hippies nor as an alternative to sixties politics but in an effort to fulfill the religious obligation to help teach the world how to live more harmoniously Today as we continue to confront issues of socioeconomic inequality entrenched differences widespread violence and the limits of religious pluralism Psychedelic Mysticism serves as a timely reminder of how religion in America can operate as a tool for destabilization and as a means to actively reimagine the very basis of how people relate such a legacy can aid in our own efforts to build a more peaceful sustainable and compassionate world

Psychedelic Consciousness Daniel Grauer, 2020-07-07 An examination of the use of psychedelics for understanding ourselves connecting with the world around us and enacting outer change through inner transformation Explores sacred tools and technologies to help us reestablish a lost ideology of unity with a specific focus on natural plant fungi psychedelics Looks at the history of psychedelics and their role in facilitating natural intelligence's ability to increase itself through ongoing analysis of its own experience Provides guidelines for safely using natural plant fungi psychedelics and integrating them into society to access unified consciousness and restore balance to our world Our ecological social and political issues all stem from the ideologies that drive our collective actions In contrast to our innate humanity which is rooted in unity these ideologies have led us to believe that we are separate from each other separate from nature and separate from the results of our actions Such a worldview encourages individuals to maximize self interest which then causes fragmentation conflict pollution and the depletion of natural resources Offering practical steps that we can take to heal ourselves and our fragmented world author Daniel Grauer explores the use of sacred tools and technologies such as natural psychedelics meditation and yoga in order to reestablish an ideology of unity work in symbiotic harmony with the Earth and restore our world as a sustainable and prosperous whole Grauer explains how individuals and by extension societies benefit from safely accessing transcendent states of consciousness such as those provided by psychedelics He explores how psychoactive substances have been used throughout history all over the world for healing personal growth spiritual development and revealing hidden truths such as in the Eleusinian Mysteries Soma practices in Vedic India and rituals in several South American indigenous cultures Drawing on the plant intelligence work of Paul Stamets and Stephen Buhner Grauer shows that the growth of individual and collective intelligence is hindered by the prohibition of psychedelics which naturally foster humanity's capacity for analysis innovation and cooperation In addition to creating a sense of unity with all things psychedelics offer the mind a new perspective from which to analyze its experience and heighten its awareness Drawing on his own experience and research Grauer provides guidelines for how to safely use natural plant fungi psychedelics in order to access the unified consciousness of our ancestors and induce the states of awareness we need to restore natural harmony to
