

PSYCHIATRIC EMERGENCIES

Psychiatric Emergency

**Leslie S. Zun, Lara G. Chepenik, Mary
Nan S. Mallory**

Psychiatric Emergency:

The Psychiatric Emergency Eugene S. O'Neill, 1986 The latest assessment techniques for all professionals in emergency psychiatry *Handbook of Emergency Psychiatry for Clinical Administrators* Gail M. Barton, Rohn S. Friedman, 2018-09-24 Originally published in 1986 this volume presents the clinical and administrative aspects of emergency psychiatry from the point of view of the clinician administrator involved in organizing and running an emergency service Part 1 provides an administrative overview of psychiatric emergency care the development of the field the concepts the patient profile the team the architecture fiscal planning legal constraints as well as training and research issues Part 2 describes psychiatric emergency care delivery systems in the emergency department the average hospital wards the community mental health centers and health maintenance organizations Part 3 gives examples of the process of administration in one instance how a psychiatric emergency service developed in the other how one functions day to day and what themes recur administratively Part 4 focuses on protocols and models useful to the emergency service administrator protocols records standards of care politics liaison with the court mobile response collaborative arrangements and disaster preparedness Part 5 provides an annotated bibliography which reviews and draws attention to the relevant literature for the clinicians and administrators to use in practicing emergency psychiatry **Psych ER** Rene J. Muller, 2013-06-17 Drawing on the experience of evaluating over 2000 emergency room patients Ren Muller explores the important role of psychiatry in emergency room medicine He discusses some of his most challenging cases showing how psychiatry comes to the aid of medicine in managing the crises real imagined and contrived that are the everyday fare of clinicians who work in the ER We are introduced to a world in which lies are exposed manipulations revealed diagnoses made medications adjusted and even very brief psychotherapy attempted Muller begins with patient narratives rooted in the mental disorders most commonly encountered in the ER Depression panic disorder drug dependence bipolar depression bipolar mania schizophrenia and Alzheimer's dementia These stories pave the way for more puzzling ER cases which Muller gathers into sections of Veiled and Bizarre Stories and Stories with a Medical Component He introduces us to the meanings of ER malingering and offers hard won insights into managing dumps when patients are dumped into the ER by families police doctors and stumbles when patients' bizarre behavior lands them in the ER The stories patients tell and the questions these stories raise drive Muller's text A young man has seriously overdosed but with what Why has a successfully medicated schizophrenic suddenly begun hearing voices again And what are we to make of a patient who is willing to risk death attempting to drown his hiccups by drinking up to 12 liters of fluid a day For these and equally fascinating questions Muller is a sure handed guide working his way through one ER challenge after another with psychiatric acumen and a balanced appreciation of the medical custodial socioeconomic and legal dimensions of ER work An intriguing account of the competing agendas that enter into the handling of emergencies Psych ER is also a compilation of evocative patient stories about the subjective experience of being ill **Emergency Department Treatment**

of the Psychiatric Patient Susan Stefan, 2006-03-16 In Emergency Department Treatment of the Psychiatric Patient Dr Stefan uses research surveys and statutory and litigation materials to examine problems with emergency department care for clients with psychiatric disorders She relies on interviews with emergency department nurses doctors and psychiatrists as well as surveys of people with psychiatric disabilities to present the perspectives of both the individuals seeking treatment and those providing it This eye opening book explores the structural pressures on emergency departments and identifies the burdens and conflicts that undermine their efforts to provide compassionate care to people in psychiatric crisis Book Jacket
