Sri Aurobindo and the Mother Kireet Joshi, 1989-01-01 Aryadeva's Catuhsataka along with the work of Nagarjuna provided the philosophical basis for much of subsequent Mahayana Buddhism Like Nagarjuna's Mulamadhyamakakarikas it too was commented upon by Vijnanavada or Idealist thinkers as well as by those of the Madhyamaka or Middle Way school Thus the Catuhsataka was interpreted in very different and yet philosophically rich fashioned by its sixth century commentators Dharmapala and Candrakirti the former saw it as only refuting ascriptions of imagined natures parikalpitasvabhava to phenomena while leaving real natures

untouched the latter interpreted Aryadeva's work as a thorough going rejection of all real intrinsic natures svabhava whatsoever Tom Tillemans in this reprint of his 1990 doctoral thesis takes up the key themes in Dharmapala's and Candrakirti's philosophies and translates two chapters from their respective works on Catuhsataka Both commentaries had a strong influence on subsequent Buddhism Candrakirti's was important for Tibetan developments Dharmapala's played a formative role in the increasingly marked differentiation between Vijnanavada and Madhyamaka philosophies *Integral Psychology* Brant Cortright, 2010-03-10 Integral Psychology connects Eastern and Western approaches to psychology and healing Psychology in the East has focused on our inner being and spiritual foundation of the psyche Psychology in the West has focused on our outer being and the wounding of the body heart mind and self Each requires the other to complete it and in bringing them together an integral view of psychology comes into view The classical Indian yogas are used as a way to see psychotherapy psychotherapy as behavior change or karma yoga psychotherapy as mindfulness practice or jnana yoga psychotherapy as opening the heart or bhakti yoga Finally an integral approach is suggested that synthesizes traditional Western and Eastern practices for healing growth and transformation *The Yoga of Works* M.P. Pandit, 1985-04-24 The Yoga of Works is perhaps the first and most important aspect of yoga for seekers in the West to take up It deals with the problem of life energy action and direction which confronts us all whenever we try to integrate our spiritual aspirations with the daily life around us and the need to work in the society and play a role in the vast undertakings of the Western world

**Readings in Our Many Selves: Practical Yogic Psychology** Santosh Krinsky, 2024-01-01 Who are we Why are we alive What are we here to do What is the meaning and significance of our lives These questions nag at us at times in our everyday lives until finally we take them up and try to unravel the mystery of our existence and the existence of the universal creation Sri Aurobindo and the Mother have taken up these questions and provided a way of understanding and a method for progress in finding and applying the solutions we find They do so by showing us the complex and multiple different selves that make up what we believe to be a unified external personality In fact we are not so simple and not so unified in our being There are conflicting drives and forces at work which create internal conflict and in many cases defeat us in the achievement of our highest goals and aspirations By understanding this complex makeup of our being we are able to find a path to liberation from this bondage without at the same time having to totally abandon all action in the world Our Many Selves Practical Yogic Psychology compiled by Dr A S Dalal from the writings of Sri Aurobindo and the Mother is an extremely useful text to aid us in the process of self discovery and self actualization It is a benefit to spiritual seekers regardless of the specific path followed as it is not based on any particular religious or philosophical dogma At the same time the deeper understanding provided by this text can aid even those who are not actively and consciously practicing yoga for the sake of self knowledge or self realization as it will help each individual work through the pressures the internal debates and inner conflicts that frequently impact the individual's ability to act and succeed in their intended goals even when they are purely based on

fulfilling the external personality If we can understand the forces that bring us to feeding addictions procrastinating living an unhealthy and imbalanced lifestyle sabotaging our relations with others then we can begin to achieve a more harmonious and successful life however we choose to define success Dr Dala states This book is meant to bear out Sri Aurobindo's oft quoted statement Yoga is nothing but practical psychology Generally yoga is viewed as made up of certain set practices and certain rules and norms pertaining to one's outer life In contrast to this view Our Many Selves present Yoga as consisting essentially in inner psychological work aimed at the transformation of consciousness

**The Journey of Advaita** Priti Sinha, 2019-06-25 About the Book The Journey of Advaita elucidates the richness depth and profundity of Advaitic thought right from Vedas to Integral Advaitism of Sri Aurobindo and further how it is being incorporated in modern science Advaita Philosophy is not a later development of thought as one of the six systems of Indian philosophy Vedas are replete with suggestions about Unity The earlier stage of naturalistic and anthropomorphic polytheism yielded to monistic belief In the dictum *ekam sad vipr bahudh vadanti* we perceive an echo of Unity Upaniadic seers picked up this Unity and tirelessly went in their search till they came to the highest conclusion *tat tvam asi* This concept of Unity gets its full bloom in a *kara's* Kevaladvaita later on it gave inspiration to different rivulets of Vedanta schools a *kara's* unqualified impersonal Brahman could not satisfy those who sought loving communion with God Consequently different schools of Bhakti Vedanta came into existence namely Viśiṣṭadvaita of Rāmānuja Dvaita of Madhva Dvaitadvaita of Nimbarka and Uddhadvaita of Vallabha For all of them the emphasis is on the liberation of individual soul only which gave way to Sri Aurobindo's Integral Advaitism where the emphasis is not only on spiritualization of man but of the whole cosmos The journey continues further with modern physics Consciousness is the building block of the Universe and the ground of all beings which can't be found in plural About the Author Dr Priti Sinha retired as the Head Department of Philosophy Vasanta College Banaras Hindu University after twenty eight years of service An alumnus of the university she holds a doctorate and postgraduate degrees both in Philosophy as well as Religion and Philosophy She has been recognized for her work in several national and international seminars An accomplished musician Dr Sinha has the distinction of choreographing dance dramas human puppetry and designing costumes for stage plays especially historical dramas

Many Selves Sri Aurobindo, Mother, 2003 Many of us face the difficulty of trying to change something in our nature only to  
find that it is either difficult or virtually impossible The key to solving this problem actually lies in a deeper understanding of  
the true nature of our psychological being We are actually composed of various different parts or planes of action that  
combine together interact with one another and impinge upon one another This understanding allows us to differentiate  
between a mental idea a force of will an emotional movement a vital energy or a physical structure and thereby more clearly  
understand the results of our psychological efforts and growth activities **Looking from Within** Sri  
Aurobindo, Mother, 1995 Three chief categories of seekers have been kept in view in selecting passages for this compilation  
those who wish to obtain a greater life mastery those who while pursuing the common goals of life also aim at something  
beyond the ordinary life and seek to grow towards a higher or spiritual state of being and those for whom spiritual growth is  
the primary purpose and occupation of life **Powers Within** Sri Aurobindo, The Mother, 1999 The book throws light on the  
nature of various inner powers which we already possess and use more or less unconsciously as well as with latent powers  
within which are as yet undeveloped The book is of interest to the general reader as well as to the spiritual seeker
