Psychic Certainties:

Psychic Certainties H. F. Prevost Battersby, 2014-03 This Is A New Release Of The Original 1920 Edition **Psychic Research**, 1930 **Psychic Certainties**, 195? **Mystical Paths** Susan Howatch, 2010-12-08 No writing today can equal Susan Howatch's ability to write compelling novels that combine theology and psychology in a complex fast moving plot offering beautifully delineated characters and the suspense of a mystery thriller The denouement will leave readers breathless Publishers Weekly Nicholas Darrow is a strong willed and independent minded man full of the energy and assurance of his age and his moment in time he is twenty five in 1968 A magnet for attention and attraction Nicholas is already beset by a troubled past and expert at ignoring the grip it has on his life But as he follows his father into the Anglican priesthood his fascination with his own psychic powers results near tragedy It will only be by facing the truth about his relationship with his father that Nicholas can find his way out of the seemingly impenetrable darkness that engulfs him Told with all the drama intelligence and emotional depth we have come to expect from Susan Howatch *Mystical Paths* is a breathtaking novel about the powerful often painful but finally indestructible ties between parent and child And like its four highly praised predecessors in the Church of England series it is a novel that celebrates the redeeming power of self knowledge and faith Intelligent compelling and fascinating The Cleveland Plain Dealer **Anxiety and Evil in the Writings of Patricia Highsmith** Fiona Peters, 2011 Drawing extensively on the under explored Highsmith Archive Peters suggests that the usual generic distinctions crime fiction mystery suspense have been largely unhelpful in elucidating Patricia Highsmith's novels Peters adopts a psychoanalytic approach to show that specific disturbances within her text have resulted in Highsmith's writing remaining resistant to explication and to the more sophisticated interpretative strategies that would seek to position her within a specific genre *700 Conscientiology Experiments* Waldo Vieira, 2018-08-22 A reference work on conscientiology this treatise with more than 5 000 entries in the bibliography first published in Portuguese in 1994 presents the reader with the bases of the neoscience conscientiology The author proposes 300 tests for self application dealing with topics of great relevance such as assistance the theory of thosene thought sentiment and energy and the theories of inversion and existential recycling among others The work presents conscientiology as the science applied to the study of consciousness ego personality in an integral approach with all its vehicles of manifestation bodies previous existences and attributes The content being deepened and presented in a theoretical and practical way so a reader understands the importance of this knowledge to their life The science of conscientiology utilizes the best of the main lines of human knowledge common sense religion philosophy political ideology and conventional science and is based on multidimensional self experience having consciousness as both the instrument and object of research Consulting Spirits Joel Bjorling, 1998-04-30 Throughout history people have been intrigued with spirits angels or devas as sources of wisdom and guidance They are not only interesting as those who possess an insight into events and circumstances but also as proof

of life after death In this clear and useful reference guide Bjorling presents a listing of the literature on the various ways in which people of different cultures have consulted spirits through shamans and oracles magic mediums Voodoo and psychics Each chapter contains a general introduction to the respective topic as well as a listing of pertinent books articles and dissertations His survey also includes early spirit contacts in Africa Latin America and Asia **Angel Cafe** Jill

D. Hinshelwood,2017-11-09 This book explores the concept of certainty a term which is widely used in everyday language to designate a psychological experience or feeling but is rarely considered controversial or politically charged The Feeling of Certainty argues that conversely this most ordinary of feelings plays a key role in shaping identity formation social exclusion prejudice and commitment to political causes The authors question what it means for the subject to feel certainty about her or his relationships to self and others From where does the feeling of certainty originate and how does it differ from modes of thought that are open to scepticism about the order of things They draw on a wide range of theories including those of Freud Klein Lacan Wittgenstein Bion and Jung challenging readers to consider the world of ideologies symbols and stereotypes in which certainty is entrenched as well as the inter and intra psychic processes and defence mechanisms which form the unconscious foundation of the experience of certainty This collection will offer valuable insight to scholars of psychology politics social science and history *Certainty-uncertainty - and the Attitudinal Space in Between* Sibilla Cantarini,Werner Abraham,Elisabeth Leiss,2014-11-15 The selected papers of this volume cover five main topics namely Certainty The conceptual differential Un Certainty as attitudinality Dialogical exchange and speech acts Onomasiology and Applications in exegesis and religious discourse By examining the general theme of the communication of certainty and uncertainty from different scientific fields theoretical approaches and perspectives this compendium of state of the art research papers provides both an interdisciplinary comparison of the latest investigations methods and findings and new advances and theoretical insights with a common focus on human communication **Quarterly Transactions** ,1929 Operatic Subjects Sandra Corse,2000 This work examines the development of representations of selfhood in opera in the modern period It shows how notions of subjectivity current in various theories of modernism apply to operas especially those which were directly or indirectly influenced by Wagner These analyses reveal that operas may employ notions of subjectivity in various ways as embedded in a religious context as social critique or as a critique of individualism **Mediating Mobility** Steffen Köhn,2016-03-08 Images have become an integral part of the political regulation of migration they help produce categories of legality versus illegality foster stereotypes and mobilize political convictions Yet how are we to understand the relationship between these images and the political in the discourse surrounding migration How can we as anthropologists migration scholars or documentary filmmakers visually represent people who are excluded from political representation And how can such visual representations gain political momentum This volume not only considers the images that circulate with

reference to migrants or draw attention to those that accompany show or conceal them The book explores the phenomena of migration with the help of images It offers an in depth analysis of the documentary approaches of Ursula Biemann Renzo Martens Bouchra Khalili Silvain George Raphael Cuomo and Maria Iorio Alex Rivera and Rania Stepha which evoke the particularities of migrant lifeworlds and examine urgent questions regarding the interrelations between politics and poetics mobility and mediation and the ethics of probability and possibility The author also discusses his own cinematic practice in the making of Tell Me When 2011 A Tale of Two Islands 2012 and Intimate Distance 2015 a trilogy of films that explore the potential to communicate the bodily spatial and temporal dimensions of the experience of migration
