Pure Power How To Achieve World Peace Happiness:

An International Humanitarian Organisation James David Parker, 2017-05-11 This book presents a concise account of our current approach to the climate crisis and provides a clear view of the current situation and the history of the protocols and promises that have failed. It offers substantial international solutions exploring the urgent need for an international ethical and progressive alliance that has authority beyond economic self interests and arguing in favour of shifting our focus to reducing the manufacture of greenhouse gases rather than concentrating on the reduction of carbon emissions. The book goes on to explore why solutions can only emerge by changing the very international structure of governance a structure that is now conditioned by out dated modes created before the collective understanding of the Earth as one whole. It proposes that these solutions can only happen if they are based on an international unity emerging from our collective expertise ethics and intelligence among humanity today.

Pure Power James Christopher, 2002-12 For thousands of years now humanity has been repeating the same wars the same violence and the same mistakes. Why are we not learning from our experiences? This clear and easy to read book reveals the true cause behind the many problems in the world today. It is a passionate insight into the heart and mind of humanity and how the intelligence of humanity can be raised to a whole new level. It delves into some of the most profound questions of life and also shows readers how to become an extraordinary human being.

World Peace through Inner Happiness Lela Ryterski, 2023-06-28 Nichiren a thirteenth century Japanese Buddhist monk discovered a secret teaching that presents a powerful practical method to create inner happiness. It is known as a wish granting jewel or a cluster of blessings. Practitioners of this method gain wisdom courage confidence and fortune in their lives. In *World Peace through Inner Happiness* Lela Ryterski provides a concise history of the development of this practice used today by the Soka Gakkai the organization that emerged from Nichiren's teachings. The Soka Gakkai has fostered a revolutionary worldwide Buddhist movement. Ms Ryterski has been a member for over thirty five years. She admits to having been a shy and timid person. Making wrong decisions and living according to others she felt like a leaf in the wind. Through the practice of Nichiren Buddhism she has become strong. She's learned that she's an important person and so is everyone. We're all born because we have a mission and we're on this path together. By infusing society with this teaching we can transform the world from one mired in suffering to one of peace. *World Peace through Inner Happiness* gives a rational account of how to make the impossible possible. You cannot do all the good that the world needs but the world needs all the good that you can do.
