sanctified artefact or a message to be illustrated with music In my book I examine Franz Liszt's songs for voice and piano which remain little known to scholars artists and music lovers alike The objective is to present Liszt's songs in all their complexity and diversity as well as identifying the key elements of the composer's broadly understood song writing technique both those that make him unique and those that relate him to the European tradition This approach also makes it possible to shed light on a major though previously neglected aspect of the composer's workshop namely his work with the poetic text which to Liszt was just as important as the musical setting

The Musical Times ,1925 Critical Musicological Reflections Stan Hawkins,2016-04-22 This collection of original essays is in tribute to the work of Derek Scott on the occasion of his sixtieth birthday As one of the leading lights in Critical Musicology Scott has helped shape the epistemological direction for music research since the late 1980s There is no doubt that the path taken by the critical musicologist has been a tricky one leading to new conceptions interactions and heated debates during the past two decades Changes in musicology during the closing decades of the twentieth century prompted the establishment of new sets of theoretical methods that probed at the social and cultural relevance of music as much as its self referentiality All the scholars contributing to this book have played a role

in the general paradigmatic shift that ensued in the wake of Kerman's call for change in the 1980s. Setting out to address a range of approaches to theorizing music and promulgating modes of analysis across a wide range of repertoires, the essays in this collection can be read as a coming of age of critical musicology through its active dialogue with other disciplines such as sociology, feminism, ethnomusicology, history, anthropology, philosophy, cultural studies, aesthetics, media studies, film music studies, and gender studies. The volume provides music researchers and graduate students with an up-to-date authoritative reference to all matters dealing with the state of critical musicology today. **Richard Wagner** Nicholas

Vazsonyi, 2010-03-31. All modern artists have had to market themselves in some way. Richard Wagner may just have done it better than anyone else. In a self-promotional effort that began around 1840 in Paris and lasted for the remainder of his career, Wagner claimed convincingly that he was the most German composer ever and the true successor of Beethoven. More significantly, he was an opera composer who declared that he was not composing operas. Instead, during the 1850s, he mapped out a new direction, conceiving of works that would break with tradition and be literally brand new. This is the first study to examine the innovative ways in which Wagner made himself a celebrity, promoting himself using every means available: autobiography, journal articles, short stories, newspaper announcements, letters, even his operas themselves. Vazsonyi reveals how Wagner created a niche for his works in the crowded opera market that continues to be unique. **The Musical Times**

and Singing-class Circular, 1926. *Liszt's Transcultural Modernism and the Hungarian-gypsy Tradition* Shay Loya, 2011

Transcultural modernism. Verbunkos. Identity, nationalism, and modernism. Modernism and authenticity. Listening to transcultural tonal practices. The verbunkos idiom in the music of the future. Idiomatic lateness. *The Musical Times & Singing-class Circular*, 1911. **Liszt's Final Decade** Dolores Pesce, 2014. Liszt's Final Decade reveals in the composer's own words to his confidantes, Carolyn von Sayn Wittgenstein and Olga von Meyendorff, how he resolved his conflicted self-image as a celebrated performer but underappreciated composer. Toward the end of his life, Franz Liszt maintained extensive correspondence with two women who were at the time his closest confidantes, Carolyn von Sayn Wittgenstein and Olga von Meyendorff. Liszt wrote to them regularly, expressing his intimate feelings about personal and career events and his conflicted self-image as a celebrated performer but underappreciated composer. Absent a diary, the letters offer the most direct avenue into Liszt's psyche in his final years. Liszt's Final Decade explores through these letters the mind and music of one of the nineteenth century's most popular musicians, providing insight into Liszt's melancholia in his last years and his struggle to gain recognition for his music yet avoid criticism. The exchange indicates that Liszt ultimately resolved his inner conflict through a personally constructed Christian moral philosophy that embraced positive resignation to suffering, compassionate love, and trust in a just reward to come. The book also examines how Liszt's late sacred compositions affirm the yielding of suffering to joy and hope. Significantly, Liszt viewed these works, commonly overlooked today, as a major part of his compositional legacy. This volume thus challenges the idea of a single late Lisztian style and the notion that despair

overwhelmed the composer in his final years We are pleased to announce that Liszt's Final Decade is the winner of the 2017 Alan Walker Book Award given by the American Liszt Society Dolores Pesce is the Avis Blewett Professor of Music in Arts and Sciences at Washington University in St Louis

Erard Robert Adelson, 2021-03-05 Erard A Passion for the Piano shows how the Erard piano played an important and often leading role in the history of the instrument beginning in the late eighteenth century and continuing into the final decades of the nineteenth *Vital Performance* Andrew Snedden, 2021-03-19 Historically Informed Performance or HIP has become an influential and exciting development for scholars musicians and audiences alike Yet it has not been unchallenged with debate over the desirability of its central goals and the accuracy of its results The author suggests ways out of this impasse in Romantic performance style In this wide ranging study pianist and scholar Andrew John Snedden takes a step back examining the strengths and limitations of HIP He proposes that many problems are avoided when performance styles are understood as expressions of their cultural era rather than as simply composer intention explaining not merely how we play but why we play the way we do and why the nineteenth century Romantics played very differently Snedden examines the principal evidence we have for Romantic performance style especially in translation of score indications and analysis of early recordings finally focusing on the performance styles of Liszt and Chopin He concludes with a call for the reanimation of culturally appropriate performance styles in Romantic repertoire This study will be of great interest to scholars performers and students to anyone wondering about how our performances reflect our culture and about how the Romantics played their own culturally embedded music

The Liszt Companion Ben Arnold, 2002-06-30 Franz Liszt is most well known for his compositions for piano and orchestra but his influence is also strong in chamber music choral music and orchestral transcriptions This new collection of essays presents a scholarly overview of all of the composer's work providing the most comprehensive and current treatment of both his oeuvre and the immense amount of secondary literature written about it Highly regarded critics and scholars write for both a general and academic audience covering all of Liszt's major compositions as well as the neglected gems found among his choral and chamber works Following an outline of the subject's life The Liszt Companion goes on to detail Liszt's critical reception in the German press his writings and letters his piano and orchestral works his neglected secular choral works and his major organ compositions Also explored here are his little known chamber pieces and his songs An exhaustive bibliography and index of works conclude the volume This work will both elucidate aspects of Liszt's most famous work and revive interest in those pieces that deserve and require greater attention
