Ideas, Images, and Methods of Portrayal Sebastian Günther,2005-05-01 This volume deals with the genesis of selected classical Arabic texts as the products of different milieus and the implications which these texts had for Islamic societies in medieval times It explores the concepts and images which Muslim scholars from the 8th to the 14th century presented in their writings and in particular ponders the ways in which these authors used specific methods of portrayal either overtly or more subtly to advance their ideas The fresh theoretical and methodological approaches applied in this book facilitate the understanding of how medieval Muslim writers expressed their views and more importantly why they expressed them in the way they did This helps disclose for example how the images of historically or religiously significant figures in Arabic Islamic culture have been developed and shaped in the process of their literarization Hobbies ,1971 National Union Catalog ,1968 **Garden & Home Builder** William Tyler Miller,1920 **The Garden Magazine** ,1919 □□□□ □□
