wants to understand spiritual warfare principles and know how to stand against satanic attacks By incorporating demon defying principles in our daily spiritual lives we can learn to put the enemy to flight and move from bondage into freedom The author also identifies several specific demonic spirits that attack God s people and provides strategies for overcoming evil in our lives *Rude Awakening* Elizabeth Power,1986 **Professional Wrestling** Mazer, Sharon,2010-01-06 Professional wrestling is often seen as a suspect sport and marginal entertainment It is also one of the most popular performance practices in the United States and around the world drawing millions of spectators to live events and televised broadcasts That its display of violence is at once simulated and actual is part of the appeal for the fans who debate performance choices with as much energy as they argue about their favorite wrestlers Its ongoing scenarios and presentations of manly and not so manly characters from the flamboyantly feminine to the hypermasculine simultaneously celebrate and critique parody and affirm the American dream and the masculine ideal This book looks at the world of professional wrestling both from the fan s eye view high in the stands and from the ringside in the wrestlers gym It begins with a look at the way in which performances are constructed and sold to spectators both on a local level and in the big leagues of the WWF and the WCW A close up view of a group of wrestlers as they work out get their faces pushed to the mat as part of their initiation into the fraternity of the ring and the dream of stardom follows The second half of the book explores professional wrestling s carnivalesque presentation of masculinities ranging from the cute to the brute as well as the way in which the performances of women wrestlers almost inevitably enter into the realm of pornographic Finally it explores the question of the real and the fake as the fans themselves confront it The game of wrestling may indeed be fixed but no more so than the game of life The real power may rest with the invisible money men but at least in the arena fans know the rules by which this particular game is played and are free to insist that the action meet their expectations **Take It By Force** Judy Jacobs,2013-07-29 **LEARN TO WALK IN THE POWER OF VIOLENT FAITH** Take a stand and fight back with your strongest weapon faith Judy Jacobs shares a message that will catapult you to a place of violent faith in Him a place that is beyond wishful thinking and outside the boundaries of religion and tradition Discover how to have faith like biblical characters such as Moses Jacob Joshua and Caleb who simply would not let go or settle for less than what God had for them And from the time John the Baptist began preaching and baptizing until now the Kingdom of Heaven has been forcefully advancing Matthew 11 12 NLT The biblical principles of this book reveal Why quick fixes are not the answer for your difficult situations What it means to fight the good fight of faith The three steps to violent faith How to be empowered by clearly understanding Matthew 11 12 The authority you have in Christ to take back by force what is rightfully yours God wants to do the unthinkable the undeniable and the unbelievable through you Will you dare to believe Him with violent faith *Intuitive Living* Alan Seale,2025-09-12 This modern guidebook to spiritual growth starts with the awakening of self awareness awareness of our bodies our feelings our thoughts and the energy that flows through every cell of our being It leads us to the inner states of freedom and peace seen

not as the absence of conflict but rather a response based on a deeply rooted knowledge that no matter what is happening around you nothing can harm you at your center Seale works with the tool of meditation and shows how we can open to the language of love and Spirit Includes 45 exercises and meditations which speak to us in profoundly different ways at each stage of spiritual growth and can therefore be of great value both now and as our practice deepens Glossary Bibliography Index

The Whispers Know My Name Margaret A. Renner Ph. D.,2012-10 From her early childhood episodes to her most recent encounters she depicts how the Whispers have provided inspiration insight strength and courage as she attempts to shape her existence The text provides not only a step by step process but memoirs that allow the process and application to unfold as historic events The author s purpose is to leave a legacy of wonder about how these historic events establish maintain and sustain an on going dialectic which ultimately determines one s destiny This text is the completion of a trilogy The author revisits the substance of the dialectic in the prior texts so there is no need to have read those texts to follow the process events and outcomes depicted in the text The Whispers were introduced in the first text Called by Many Names The nature of the conversation involves mental discourse listening reflection and contemplation For many her relationship with the Whispers may appear to be unique but what makes this text unique is the way and means used by the author to present her experiences She glides effortlessly through the literary elements and genre styles as she captures one s interest
