Hockert,Alexander Grit,Jennie Germann Molz,Emily Höckert,2014-09-30 This book invokes the radical potentialities of untidiness to envision alternative arrangements of social life and hospitality Instead of trying to manage sustainability or tidy up tourist situations the authors embrace the messiness of human relations and argue for more creative embodied and ethical ontologies of tourism and mobility      Blessed with Tourists Thomas S.

**Patricius** ,1892      **Technicity vs Scientificity** Giulia Anichini,Flavia Carraro,Philippe Geslin,Georges Guille-Escuret,2017-07-31 The relationship between technicity and scientificity is often overlooked or avoided despite being a determining factor for establishing interdisciplinarity By focusing on this relationship and highlighting a number of its ramifications this book sheds light on the hidden or skewed stakes that condition a wide array of scientific projects The authors present different approaches based on their own professional experience focusing on the technique science relationship in domains as diverse as brain mapping the decipherment of Mycenaean writing and the design process Each chapter presents varying and often opposing epistemological conclusions to provide the reader with a wide breadth of examples in different fields Although the scope of this book is far from exhaustive it serves as a starting point for the necessary and long overdue clarification of the relationship between these neighboring yet disjointed sectors      *Women Prisoners: A Psycho-Social Diagnosis* Dr. Vidyadhar S. Naganahalli,2014-03-13 Female criminality and female offenders are the phenomena so rarely addressed by the fraternity of social science academia despite their being of immense social significance and important policy implications Although all along neglected in social science circles as a phenomena of rare incidence and hence less crucial of late there has been growing realization that female criminality and its outcome are of far

greater consequences and could have more far reaching implications than crime by men and its negative fallout owing to roles of crucial functional significance being allocated to women by the society Further even the rarity of female criminality is gradually loosing ground with incidence of crime by women being on the rise
