American Magazine ,1921 **American Illustrated Magazine** ,1921 **Uplift Cinema** Allyson Nadia Field,2015-05-22 In Uplift Cinema Allyson Nadia Field recovers the significant yet forgotten legacy of African American filmmaking in the 1910s Like the racial uplift project this cinema emphasized economic self sufficiency education and respectability as the keys to African American progress Field discusses films made at the Tuskegee and Hampton Institutes to promote education as well as the controversial *The New Era* which was an antiracist response to D W Griffith s *The Birth of a Nation* She also shows how Black filmmakers in New York and Chicago engaged with uplift through the promotion of Black modernity Uplift cinema developed not just as a response to onscreen racism but constituted an original engagement with the new medium that has had a deep and lasting significance for African American cinema Although none of these films survived Field s examination of archival film ephemera presents a method for studying lost films that opens up new frontiers for exploring early film culture **DH9: From Ruin to Restoration** Guy Black,2019-11-01 How two British World War I era planes came to be found many decades later in India and returned to their former glory In 2000 upon hearing rumors of aircraft parts being found in a maharaja s palace in India Guy Black took a trip that would lead to the most unexpected discovery of his life Hidden away in a former elephant stable of the maharaja s palace in Bikaner Rajasthan were the hulks of at least two DH9 bombers This was no example of this WWI aircraft in existence in Britain Recognizing their importance to the UK s aviation heritage and excited by the challenge of restoration Guy set about negotiating their purchase and returning them back to England In *DH9 From Ruin to Restoration* Guy Black details the intriguing history of how these two rare aircraft D 5649 and E 8894 came to be in India under the Imperial Gift Scheme He also reveals the extraordinary efforts in recovering these two planes and the extensive restoration project undertaken to bring them to their former glory With D 5649 restored as a static and proudly on display at IWM Duxford he then set about getting E 8894 back to airworthy status

The book then moves on to the highly anticipated flight of E 8894 and the years of frustration that followed until its maiden flight with Dodge Bailey at the controls on May 13 2019 making it the only WWI bomber flying anywhere in the world Told in meticulous detail this fully illustrated book includes a foreword by Andy Saunders and is a must have of all WWI and aircraft enthusiasts

New York in Cinematic Imagination Vojislava Filipcevic Cordes,2020-06-11 New York in Cinematic Imagination is an interdisciplinary study into urbanism and cinematic representations of the American metropolis in the twentieth century It contextualizes spatial transformations and discourse about New York during the Great Depression and the Second World War examining both imaginary narratives and documentary images of the city in film The book argues that alternating endorsements and critiques of the 1920s machine age city are replaced in films of the 1930s and 1940s by a new critical theory of agitated urban modernity articulated against the backdrop of turbulent economic and social settings and the initial practices of urban renewal in the post war period Written for postgraduates and researchers in the fields of film history and urban studies with 40 black and white illustrations to work alongside the text this book is an engaging study into cinematic representations of New York City

Italy in Early American Cinema Giorgio Bertellini,2010 Giorgio Bertellini traces the origins of American cinema s century long fascination with Italy and Italian immigrants to the popularity of the pre photographic aesthetic the picturesque Once associated with landscape painting in northern Europe the picturesque came to symbolize Mediterranean Europe through comforting views of distant landscapes and exotic characters Taking its cue from a picturesque stage backdrop from The Godfather Part II Italy in Early American Cinema shows how this aesthetic was transferred from 19th century American painters to early 20th century American filmmakers Italy in Early American Cinema offers readings of early films that pay close attention to how landscape representations that were related to narrative settings and filmmaking locations conveyed distinct ideas about racial difference and national destiny
