Rule of St. Benedict St Benedict,2016-02-24 The Rule of Benedict constitutes a basic guide for living the Christian life and continues to be followed by every Benedictine monastery and convent in the world today Just the idea that a guide for living could not only last 1500 years but continue to be followed by thousands of people makes its study valuable for monks and nuns as well as laypeople The Rule offers people a plan for living a balanced simple and prayerful life In it Benedict tells his monks and nuns that ora et labor is their way work and prayer that the Divine Office is their work opus dei and the vows of stability conversion and obedience are their commitments These vows have much to say to those of us not living in a monastery or convent Stability Stability refers to the importance of community and commitment in life For a monk or nun it refers directly to a commitment to the monastery where they will live for the rest of their life While we all may not be a member of a monastic order we can make our vow of stability to our families to our faith communities to our local and global communities and to our fellow pilgrims along the journey of faith The vow of stability also speaks to our current environmental crisis for when we remain committed to the earth we learn how to be good stewards of that which God has given us Conversion Conversion is not confined to a one time experience To a monk or nun conversion of life reminds them that everything they do is from for and with God and that God converts us

continually The vow tells the monastic they are to acknowledge that conversion and be open to it For those of us not in the monastery conversion is an ongoing process as well one that helps us walk continually in the presence of God In order to open our ears to God s voice and our eyes to God s presence among us Benedict tells us we must keep our hearts and our minds open to the ways that God is moving us When we block the transformation that God is working within us then we are not living into the Benedictine Way An open heart is one that allows balanced practices of prayer work study hospitality and renewal to illuminate the ways that God is working within us and within the world Obedience When Benedict wrote his Rule obedience meant what it said the monk was to be obedient to the Abbot the Rule and the Gospels Obedience can be a heavy word for us today Yet a healthy balanced view of obedience as a way of cultivating a disciplined intentional life that is yearning to be obedient to God is a desire that many people in today s world have and this makes the vow of obedience relevant Obedience can entail a healthy sense of humility thinking neither less nor more of yourself than who you are and of respecting and following the guides leaders teachers and fellow travelers who are guiding you on your path The Rule revolves around five practices Prayer Work Study Hospitality and Renewal The Rule of Saint Benedict Saint Benedict (Abbot of Monte Cassino.),2001 Founder of a monastery at Monte Cassino between Rome and Naples in the sixth century St Benedict intended his Rule to be a practical guide to Christian monastic life Based on the key precepts of humility obedience and love its aim is to create a harmonious and efficient religious community in which individuals can make progress in the Christian virtues and gain eternal life Here Benedict sets out ideal monastery routines and regulations from the qualities of a good abbot the twelve steps to humility and the value of silence to such every day matters as kitchen duties care of the sick and the suitable punishment for lateness at mealtimes Benedict s legacy is still strong his Rule remains a source of inspiration and a key work in the history of the Christian church from Amazon
