Johnson, 1995-10 Covers the period from the middle of 1985 through the middle of 1989 Materials included are journal articles and monographs not newspaper items Covers banking civil law contracts criminal law customs elections family law Hong Kong and Macao human rights import and export labor law maritime law military law private international law state security taxation technology transfer texts of laws and more *Moscow's Road to Nuremberg* George Ginsburgs, 2023-07-24 Recent events in former Yugoslavia and Rwanda have revived diplomatic interest in measures contemplating concerted action directed at the suppression and punishment of war crimes Indeed steps have already been initiated to set up war crimes tribunals to prosecute those responsible for such atrocities Not to be outdone Yeltsin's Foreign Minister has also issued a call for public discussion of the idea of creating a system of international criminal justice with regard to crimes against peace and humanity other international violations of the law The precedents of the Second World War in this venue thus seem relevant once again Since the Soviet Union played a leading role in paving the way for the Nuremberg trial and respective proceedings before national tribunals and Russia as self proclaimed heir and successor to the USSR continues to exercise a great deal of influence in these matters today a look at Moscow's doctrinal and practical scorecard may prove useful for future reference The present study explores the Soviet regime's contribution to the prehistory of the Nuremberg trial i.e. the repertory of official acts and pronouncements as well as scholarly treatment of issues which ultimately shaped the legal complexion of the Nuremberg test Our focus in this case is on the mode of development of the style and substance of the bill of indictment until the day of the court's opening session from the standpoint of Moscow's stake in the operation The views recorded during the trial in primary or secondary sources or those expressed later are taken into account only if they shed light on the preparatory stages of the drama The subsequent evolution of Moscow's thoughts on the subject deserves a separate full scale analysis *Transplanting Commercial Law Reform* John Gillespie, 2017-03-02 The first sustained analysis examining legal transplantation into East Asia this volume examines the prospects for transplanting a rule of law that will attract and sustain international trade and investment in this economically dynamic region The book develops both a general model that explains how legal transplantation shapes legal development in the region whilst developing theoretical insights into the political economic and legal discourses guiding commercial law reforms in Vietnam For the first time this book develops a research methodology specifically designed to investigate law reform in developing East Asia In so doing it challenges the relevance of conventional convergence and divergence explanations for
