**Bernard Berenson** Rachel Cohen, 2013-10-22 Few would have predicted that Bernard Berenson from a poor Lithuanian Jewish immigrant family would rise above poverty Yet Berenson left his crowded home near Boston s railyards and transformed himself into the world s most renowned expert on Italian Renaissance paintings the owner of a beautiful villa and an immense private library in the hills outside Florence The explosion of the Gilded Age art market and

Berenson's work for dealer Joseph Duveen supported a luxurious life but it came with painful costs. Berenson hid his origins and though his attributions remain foundational, he felt that he had betrayed his gifts as a critic and interpreter of paintings. This finely drawn portrait of Berenson, the first biography devoted to him in a quarter century, draws on new archival materials that bring out the significance of his secret business dealings and the central importance of several women in his life and work: his sister Senda Berenson, his wife Mary Berenson, his patron Isabella Stewart Gardner, his lover Belle da Costa Greene, his dear friend Edith Wharton, and the companion of his last forty years, Nicky Mariano. Rachel Cohen explores Berenson's inner world and extraordinary visual capacity while also illuminating the historical forces: new capital, the developing art market, persistent anti-Semitism, and the two world wars that profoundly affected his life.

Gossip, Epistemology, and Power Karen Adkins, 2017-02-22 This book explains how gossip contributes to knowledge. Karen Adkins marshals scholarship and case studies spanning centuries and disciplines to show that although gossip is a constant activity in human history, it has rarely been studied as a source of knowledge. People gossip for many reasons, but most often out of desire to make sense of the world while lacking access to better options for obtaining knowledge. This volume explores how, when our access to knowledge is blocked, gossip becomes a viable path to knowledge attainment: one that involves the asking of questions, the exchange of ideas, and the challenging of preconceived notions.

Kids learn better and feel better about themselves in an atmosphere of safety and respect. This book shows you how to help students in grades three through six: Foster kindness, compassion, and empathy; Manage anger; Prevent conflict; Respond to conflict; Address name-calling and teasing; Deal with bullying; Accept differences. With mini-lessons that span those seven topic areas, you can build community and student relationships in 20 minutes or less per day. Included in the book are anger management activities, conflict resolution strategies, and character building lessons. And with concrete ideas about how to address bullying in the classroom, these lessons help students understand what bullying is and how they can stand up to bullies.
