Run Come See Jerusalem:

Run, Come See Jerusalem Richard C. Meredith, 1976 **Run Come See Jerusalem** David Coxhead, 1969 *The Greatest and Deadliest Hurricanes to Impact the Bahamas* Wayne Neely, 2019-12-09 The Bahamas is ideally located directly in the path of hurricanes in the North Atlantic These massive tropical cyclones have been ravaging the Bahamas since the Lucayan Indians blessed these islands with their presence Now for the very first time these greatest and deadliest Bahamian hurricanes have been presented and documented in book form Such named storms include Hurricanes Andrew Floyd Donna Dorian David Matthew Betsy Frances Jeanne and Wilma While other unnamed storms include The Great Nassau Hurricane of 1926 The Great Abaco Hurricane of 1932 The Great Bahamas Hurricane of 1866 The Great Okeechobee Hurricane of 1928 and The Great Andros Island Hurricane of 1929 The Bahamas hurricane season which lasts from June to November has seen plenty of catastrophic storms throughout history Here s a look at some of the greatest and deadliest storms that have hit the Bahamas over the past five centuries **The Great Bahamas Hurricane of 1929** Wayne Neely, 2013-12-11 The Great Bahamas Hurricane of 1929 also known as the Great Andros Island Hurricane of 1929 was the only major hurricane during the very inactive 1929 North Atlantic hurricane season The Great Bahamas Hurricane of 1929 was perhaps one of the greatest and deadliest hurricanes to impact the Bahamas and is often regarded as the greatest Bahamian hurricane of the twentieth century It was the only storm on record to last for three consecutive days over the Bahamas with pounding torrential rainfall and strong gusty winds The storm killed 134 persons in the Bahamas mostly mariners and sponge fishermen as it directly hit the islands of Nassau and Andros This thoroughly researched history considers this intense storm and its aftermath offering an exploration of an important historical weather event that has been neglected in previous study Also included is a harrowing account of a dog called Speak Your Mind who rescued a sponge fisherman at sea Through unique historical photographs of actual damage author and veteran meteorologist Wayne Neely shows the widespread devastation left in the wake of this tremendous storm Drawing upon many newspaper accounts ship reports and Family Island Commissioners reports from throughout the Bahamas the author provides a fascinating glimpse of this hurricane and the devastation it caused the Bahamas **Folksinger's Wordbook** Oak Publications, 1973-01-01 A first rate collection of words to more than 1 000 songs loosely categorised as folk songs grouped by general themes and indexed by title Lyrics and guitar chords *Sing Out* ,1983 **Festival of American Folklife** ,1997 **A Pete Seeger Discography** David King Dunaway, 2010-11-12 Pete Seeger is one of the most recorded artists in American history and his recording catalog tells us not just the story of his career but the story of our culture and its political and social history A Pete Seeger Discography Seventy Years of Recordings is a comprehensive listing of the 45s 78s LPs and CDs recorded by Seeger in his various incarnations with the Almanac Singers with the Weavers as a solo artist and with other musicians and contributors David King Dunaway provides information with easy to use cross references on rare recordings and archival collections The

The authors gratefully acknowledge. Furthermore a program of the J. M. Kaplan Fund for their funding assistance in preparing this discography. **1994 Festival of American Folklife, [July 1-4 & July 7-10]** Smithsonian Institution, 1994. **Calypso Folk Sing** Massie Patterson, Sammy Heyward, 1963.

Folksinger's Wordbook Irwin Silber, Fred Silber, 1973. Probably the most comprehensive collection of songs 1000 folk songs work songs old favorites and new classics. Thirty-nine sections each containing as many songs as can be found in some songbooks. For schools camps and churches. Melody line format. *Westward* Harold Alexander Munnings Jr., 2009-09-21. 1. This is unusual a memoir written by someone under fifty years of age. What made you write? My parents were growing old and I wanted to record their stories for my children. My father who is halfway through his ninth decade was born during the heyday of Prohibition twenty years before the discovery of penicillin and thirty years before the hospital that I was born in was even built. He was the first Bahamian qualified civil engineer and his connection to the public board of works helped to influence development of the City of Nassau at a critical time in its history. As president of the Bahamian Amateur Athletic Association he traveled with our Olympic team to Rome in 1960. He is really the one who ought to have written a biography and so should have my mother whose story is equally compelling but it was never going to happen. So I took it upon myself to write their stories and over time the narrative became my own. 2. Why the title *Westward*? The title reflects a dual movement figuratively toward a sunset that is hopefully still a good ways off and physically I have moved house farther and farther westward on the island of New Providence over the last twenty years. I grew up in the eastern community of Danottage Estates moved to Westward Villas after marriage and lately farther west to Old Fort Bay. The subtitle *Walk* is a reference to life and how it is lived. *Walk good* is a well-known expression in our region of Jamaican origin that means good-bye and be well. 3. Why do you tell crime stories? Firstly I am a true crime buff a fan of *Forensic Files* and *truTV*. When I discovered that a man who shared my last name appeared on the list of persons sent to the gallows in the Bahamas I simply had to research the event and the fascinating story that I unearthed ended up in the book. Two decades ago our neighbors were slaughtered and story of the family's grisly murder is recounted in *Westward*. Other harrowing crime stories retold in *Westward* appear because on top of being so interesting they mark important signposts on my journey or they help to underscore a general theme. I did not want to write a mundane memoir. 4. Other doctors have written about their medical school and internship

experience Whats new here Nowhere in the publicly available literature is there to be found a personal account of the making of a doctor in the Caribbean This is a process that has relevance outside of this region because the University of the West Indies in Jamaica has been producing doctors for sixty years and hundreds of its graduates have emigrated to the USA Canada and Great Britain where they practice and teach While the university adheres to the standard model of a grueling course of preclinical and clinical studies followed by a punishing internship there are significant differences in the education style and substance The West Indies style is evident in Westward 5 Why do you say that Westward is a sort of spiritual journey Looking backward over ones life the benefit of maturity almost always takes on a spiritual dimension I have had a Christian upbringing in a nation that has written our recognition of these values into the preamble of our Constitution My mother has always told me that I am blessed and in Westward I probe the interplay of luck hard work and divine intervention in my own personal achievements The conclusion is by no means foregone 6 Have you any regrets in writing your memoir Ten years ago two old men Gasper Weir and Cleophas Adderley Sr who were friends of my late grandfather invited me to their homes to talk about the bygone days I wish that I had taken them up on the offer 7 What was your most memorable experience in researching Westward There

Sea of Storms Stuart B. Schwartz,2016-07-26 A panoramic social history of hurricanes in the Caribbean The diverse cultures of the Caribbean have been shaped as much by hurricanes as they have by diplomacy commerce or the legacy of colonial rule In this panoramic work of social history Stuart Schwartz examines how Caribbean societies have responded to the dangers of hurricanes and how these destructive storms have influenced the region s history from the rise of plantations to slavery and its abolition to migrations racial conflict and war Taking readers from the voyages of Columbus to the devastation of Hurricane Katrina Schwartz looks at the ethical political and economic challenges that hurricanes posed to the Caribbean s indigenous populations and the different European peoples who ventured to the New World to exploit its

riches He describes how the United States provided the model for responding to environmental threats when it emerged as a major power and began to exert its influence over the Caribbean in the nineteenth century and how the region's governments came to assume greater responsibilities for prevention and relief efforts that by the end of the twentieth century were being questioned by free market neoliberals Schwartz sheds light on catastrophes like Katrina by framing them within a long and contentious history of human interaction with the natural world Spanning more than five centuries and drawing on extensive archival research in Europe and the Americas *Sea of Storms* emphasizes the continuing role of race social inequality and economic ideology in the shaping of our responses to natural disaster

City Michael Fedo, 2014-04-15 Duluth may be the city of untold delights as lampooned in a Kentucky congressman's speech in

1871 Or it may be portrayed by a joke in Woody Allen's film *Manhattan* Or then again it may be the Zenith City of the unsalted seas celebrated by Dr Thomas Preston Foster founder of the city's first newspaper But whatever else it may be this

city of granite hills foghorns and gritty history the last stop on the shipping lanes of the Great Lakes is undeniably a city with character and characters Duluth native Michael Fedo captures these characters through the happy go melancholy lens

Duluth's colorful and occasionally very dark history and its famous visitors such as Sinclair Lewis Joe DiMaggio and Bob

Dylan his memories make the city as real as the boy next door but with a better story Here among the graceful poignant and

often hilarious remembered moments pranks played on a severe teacher the family's unlikely mob connections a rare

childhood affliction are the coordinates of Duluth's larger landscape the diners and supper clubs the baseball teams radio

days and the smelt fishing rites of spring Woven through these tales of Duluth are Fedo's curious instructive and ultimately

deeply moving stories about becoming a writer from the guidance of an English teacher to the fourteen year old reporter's

interview with Louis Armstrong to his absorption in the events that would culminate in his provocative and influential book

The Lynchings in Duluth These are the sorts of essays personal cultural and historical at once regional and far reaching that

them together **Wasn't That a Time** Jesse Jarnow, 2018-11-06 The dramatic untold story of the Weavers the hit making

folk pop quartet destroyed with the aid of the United States government and who changed the world anyway Following a

series of top ten hits that became instant American standards the Weavers dissolved at the height of their fame Wasn't That a Time The Weavers the Blacklist and the Battle for the Soul of America details the remarkable rise of Pete Seeger's unlikely band of folk heroes from basement hootenannies to the top of the charts and the harassment campaign that brought them down Exploring how a pop group's harmonies might be heard as a threat worthy of decades of investigation by the FBI Wasn't That a Time turns the black and white 1950s into vivid color using the Weavers to illuminate a dark and complex period of American history With origins in the radical folk collective the Almanac Singers and the ambitious People's Songs the singing activists in the Weavers set out to change the world with songs as their weapons pioneering the use of music as a transformative political organizing tool Using previously unseen journals and letters unreleased recordings once secret government documents and other archival research Jesse Jarnow uncovers the immense hopes incredible pressures and daily struggles of the four distinct and often unharmonious personalities at the heart of the Weavers In an era defined by a sharp political divide that feels all too familiar the Weavers became heroes With a class and race conscious global vision that now makes them seem like time travelers from the twenty first century the Weavers became a direct influence on a generation of musicians and listeners teaching the power of eclectic songs and joyous participatory harmonies
