## Run Run Its Scary Poo:

**Run! Run! It's Scary Poo!** Susan Gates, Charles Fuge, 2004 Panther poo means scary poo to shrews. If they smell scary panther poo they have to run like mad because panthers love to snack on shrews. Unfortunately Tiny Shrew can't smell anything much; he can't even tell the difference between a butterfly and poo. Naturally his mother is worried about his chances of survival in the deep dark jungle and Tiny Shrew becomes too ashamed and scared to venture out of his burrow. But when his brother is in mortal danger from an almost silent creeping panther, Tiny Shrew thinks nothing of dashing outside to scare away the panther. How did he know it was there? His super sharp hearing detected it and more than makes up for his lack of olfactory sense. *Kaapse bibliotekaris*, 2006. Issues for Nov 1957 include section Accessions. Aanwinste Sept 1957. The British National Bibliography Arthur James Wells, 2005. *Rickety Stitch and the Gelatinous Goo Book 2: The Middle-Route Run* James Parks, Ben Costa, 2018-07-24. Nimona meets Adventure Time in this full color graphic novel as a singing skeleton continues to search for his origins alongside his gelatin monster sidekick Rickety Stitch. Rickety Stitch is a walking talking singing skeleton minstrel, the only animated skeleton in the dungeon who seems to have retained his soul. He has no idea who he used to be when he was covered in a living breathing sack of meat and skin. His only clue to his former identity is a song he hears snippets of in his dreams, an epic bard's tale that could also explain the old fog covering the comical fantasy land of Eem Oh and his sidekick and only friend is a cube of sentient goo. In this pulse pounding second volume Rickety runs afoul of reanimated beasts, giant spiders and a caravan of rowdy raiders on his quest to uncover the secret of Epoli and learn his true origins. Pigs, Poultry and Poo Jason Gibbs, 2012-10-01. *Pigs, Poultry and Poo* is the story of two people who change their lives and discover a whole new world. Their first step is a move from living and working in the city to rural life and a two hour commute. Over the five years recounted in the book, they mature from feckless beginners to hardened country folk, shedding only the occasional tear when an animal dies. Their animal adventures start with a cat before they move on to

goats and then chickens Slowly building confidence they haphazardly add cows pigs alpacas geese and ducks to their smallholding before reaching a limit On their journey they discover that cats like to sleep that goats are poor predictors of the weather and that there is a serious possibility that a cow could jump over the moon They pick up new skills such as fencing which they get to practise again and again as various animals helpfully demonstrate where they have gone wrong There is occasionally the semblance of a plan but often events overtake the couple and they have to learn to be resilient in the face of adversity The animals have plenty of character from the nervous goat and the grumpy cow to the randy pig Looking after animals is often not easy but at least for one newly countrified pair it s deeply satisfying
