Run Oklahoma Run Jack White, 2013-04-02 Jack White's intentions were to weave a story of a strong hearted people in a Territory of Greatness From the discovery of golden fields of tall grass in 1541 by Spanish explorer Francisco Vasquez de Coronado until the United States Congress made Oklahoma the 46th state in November 1907 Moving from family to family to transport the story from one generation to the next Jack intertwined enough mystery and intrigue to make the book a page turner This is definitely not a historical novel filled only with boring dates and unimaginative facts The story flows and meanders like a winding stream until President Teddy Roosevelt witnesses John Abernathy an Oklahoman grabbing angry Lobo wolves with his bare hands Jack White's goal from the first word typed was to put on paper a record of the history of the most interesting Territory

The Navy in Puget Sound Cory Graff, Puget Sound Navy Museum, 2010-06-21 Even before settlers came to the Puget Sound the U.S. Navy was exploring the sheltered inlets and deep water ports of what was dubbed America's Mediterranean. In 1856 the sailors of the navy warship Decatur repelled an attack by Native Americans saving a tiny village on the shores of Elliott Bay named Seattle. In the ensuing years Puget Sound became the West Coast's premier port of call for the navy's vessels and aircraft operating in the vast Pacific Ocean. During World War II the region turned out a long line of combat and support vessels while quickly repairing many other ships that had been horribly damaged in clashes with the Japanese. In both peace and war the communities of Puget Sound and the U.S. Navy have shared an enduring partnership that remains today.

Last Run of the Whisperer Calvin J. Boal, 2011-06-03 Last Run of the Whisperer is a historical fiction novel based upon the Revolutionary War records of William Waterman of Norwich, Connecticut colony. The author has taken the information that William Waterman has provided to us through his own account of his service in the American Revolution when he petitioned the United States Congress in 1832 for a pension for said service. The author has taken the information provided by William Waterman and completed extensive research on the battles and areas of service that our hero served in, embellishing and expounded upon this information to develop an exciting and accurate historical story surrounding our hero William Waterman. William Waterman himself in his petition to the United States Congress identifies one severe wound received in said service at the battle of White Plain in the colony of New York above New York City. This wound by itself could have cost our hero his life. That he survived this wound and the numerous other battles and action that he undoubtedly saw was extraordinary. Although William Waterman lists a number of battles and theatres of war he saw service in, he does not describe the details of these battles. The author takes his literary liberty upon researching these battles and events to interject our hero into the battles. That William Waterman is involved in each and every one of these battles or theatres of war is based upon William Waterman's own account. Upon his completion of service in the Continental army, William Waterman listed his next service as a privateer, that is, as a licensed pirate. The author has taken the liberty to believe that William Waterman engaged as a privateer in the cause of the upstart Americans and preyed upon British shipping as he makes no mention of serving the British in his petition to the United States Congress and in fact lists his service as a privateer in his petition for his pension, indicating that all of his papers and records of his service in the Continental army were lost when the ship he was engaged on as a privateer was sunk, leading to his subsequent imprisonment by the British on the prison ship Jersey. Our hero William Waterman also does not identify the name of the ship on which he was engaged as a privateer. Again, the author takes his literary liberty to name the privateer ship and thus we have the Last Run of the

Whisperer During the course of our adventure William Waterman loses his boyhood friend to the cause of the American Revolution learns that his father is fighting against him on the side of the British loses his first love to another man while he is imprisoned and eventually finds the girl he is to marry while hiding from the British William Waterman finds peace and contentment spending his life after the war living in the Green Mountains of Vermont **Ships' Data** United States.
