Running with the Legends Michael Sandrock, 1996 Presents biographies of twenty one legendary runners and includes details on training techniques coaching motives and more More than Cricket and Football Joel Nathan Rosen, Maureen M. Smith, 2016-12-02 Contributions by Lisa Doris Alexander Sean Bell Benn L Bongang Joel S Franks Silvana Vilodre Goellner Annette R Hofmann Dong Jinxia Cludia Samuel Kessler Jack Lule Li Luyang Mark Panek Roberta J Park Gamage Harsha Perera Joel Nathan Rosen Viral Shah Maureen M Smith Nancy E Spencer Dominic Standish Tim B Swartz Dan Travis Theresa Walton Fisette and Zhong Yijing Given the presumed dominance of American sport many fans throughout the hemisphere find it difficult to envision the role of sport beyond the confines of their own continent And yet world sport consists of so much more than the games Americans play and so much more than the stereotype of cricket for the elite and football for the working class As worldwide sport continues to gain in popularity we also see parallels to many aspects visible in North American sport particularly celebrity and all its trappings and pitfalls The success of athletes from other countries in basketball and ice hockey and the proliferation of stars imported and now exported to and from North America provides some better examples of sport's international power It also creates a very new kind of sport celebrity albeit one that often shows a rather limited reach beyond that star's own country or continent Thus rather than focusing on the Western Hemisphere this collection of some of world sport's most heralded celebrities including stars of Motocross surfing distance running and more serves as a sort of passport to many places that make up our global sporting environment

was talking to people on the phone Crushed by an immense invisible fist unable to move in any direction just waiting to be completely destroyed Sometimes I was actually hoping that the destruction will come from that fist somehow because it would have spare me the effort of doing it myself Yes there were times when I felt the only viable way out from that nothingness was my physical extinction I think the word many of you use for that is suicidal The book you are about to read is the chronicle of my way out of that space Some parts of it are recorded just as I lived them in the moment journaling style Some chapters are literally pages from my journal blog But some are written once the healing effect of running started to kick in It s not so much about being able to run hundreds of kilometers although a lot of it will be just stories about my races as it is about how to regain balance and overcome anxiety and loss
