Rushton His Times In American Canoeing:

Rushton and His Times in American Canoeing Atwood Manley, 1977-08-01 This is the story of J Henry Rushton a native of northern New York State who became world famous as a builder of canoes He and his craft were at the center of notable events in canoeing history in the nineteenth and early twentieth centuries Rushton was born in 1843 in a small settlement on the edge of the Adirondack wilderness In his thirties seeking to cure himself of consumption in the mountain air he built a boat for a trip into the woods Tradition has it friends asked Rushton to build boats for them too and his career was started Rushton was fortunate in his patrons In 1880 he was approached by the outdoor writer George Washington Sears better known by his pen name 11Nessmuk A frail man Nessmuk asked Rushton to build him an exceptionally lightweight canoe Nessmuk s solitary tours of Adirondack waterways in the 10 3 4 pound Sairy Gamp set a new trend in sports life His letters in the journal Forest and Stream did much to popularize unguided travel through the wilderness and to spread Rushton s fame Many illustrations including two previously unpublished sketches by Frederic Remington help tell the story here Five appendixes include Rushton s catalog descriptions of his construction methods a reprint of an article by Nessmuk an account of the Rushton canoes extant today drawings and specifications of seven of these extant canoes and a lengthy discussion by Harry Rushton of his father s methods of craftsmanship *In a Class All Their Own* Tom Verde, 2020-05-01 Each boat has a story to tell and this book features nearly forty profiles of classic unique boats drawn from articles written for the Westerly Sun newspaper during the summers of 2014 and 2015 Explore not only the histories of the individual vessels but of their classes and designers as well as their relationships to the environs in which they sailed raced cruised and in some case still operate as working vessels These stories include the fabled history of the cat boat the first fiberglass sailing yacht a NY ferry boat repurposed as a houseboat the oldest working fishing boat in Stonington CT racing rivalries in the Sound the French love affair with American boat designs and the Jazz Age era of luxury yachting among others **Canoe and Canvas** Jessica Dunkin, 2019-08-22 Canoe and Canvas offers a detailed portrait of the summer encampments of the American Canoe Association between 1880 and 1910 The encampments were annual events that attracted canoeing enthusiasts from both sides of the Canada US border to socialize race canoes and sleep under canvas While the encampments were located away from cities they were still subjected to urban logic and ways of living The encampments thus offer a unique site for exploring cultures of sport and leisure in late Victorian society but also for considering the intersections between recreation and the politics of everyday life A social history of sport Canoe and Canvas is particularly concerned with how gender class and race shaped the social cultural and physical landscapes of the ACA encampments Although there was an ever expanding arena of opportunity for leisure and sport in the late nineteenth century as the example of the ACA makes clear not all were granted equal access Most of the members of the American Canoe Association and the majority of the campers at the annual encampments were white middle class men though white women were extended partial membership in 1882 and in 1883

they were permitted to camp on site Canoe and Canvas also reveals how Black Indigenous and working class people while obscured in the historical record were indispensable to the smooth functioning of these events through their labour

The Willits Brothers and Their Canoes Patrick F. Chapman, 2006-05-25 For half a century Earl and Floyd Willits built some of the world's finest canoes first near Artondale Washington then on Day Island right off of Puget Sound in Tacoma Turning out approximately twenty canoes a year carefully logging and numbering each one the brothers emphasized quality and design rather than volume Willits Brothers Canoe Company earned a reputation that enabled the tiny company to compete successfully with businesses much larger leaving a name and legacy which is still admired by canoe aficionados today Carefully researched and documented this combination biography and company history tells the story of Earl and Floyd Willits and their unique canoe company Beginning with their family's

westward migration from Illinois it follows the brothers as they set about starting the business that would become their lifelong work. Close attention is given to the Willitses business management and construction techniques as well as their personal lives. Interviews with surviving contemporaries and family members add a personal dimension to the Willitses story. Appendices include a detailed company logbook, instructions from the Willits brothers on various areas of canoe use and maintenance, a price list of canoes from 1928 to 1964, and a list of serial numbers and dates of manufacture. In addition, a price comparison with the Old Town Canoe Company, a listing of museums exhibiting a Willits Brothers canoe, two Willits Brothers Canoe company catalogs, and various plans of Willits canoes are provided. Contemporary photographs from the Willits family collection are also included. **Featherweight Boatbuilding** Mac McCarthy, Henry McCarthy, 1996. Using the Wee Lassie as an example, the author opens your eyes to the natural beauty around you. A practical and beautiful craft, this lightweight and strong double paddle canoe will carry you to waterways that are inaccessible in most boats. **River of Mountains** Peter Lourie, 1995. Lourie's account of his trip is a fresh look at one of America's great and complex waterways, one of the few in fact that still contains its historical and biological species of fish. It is also the longest inland estuary in the world. Henry Hudson called it the great river of the mountains. Nowadays too often the Hudson is stereotyped as a ruined, polluted industrial river; its glorious past is compared to its present neglect. **BUILD YOUR OWN CANOE** Dennis Davis, 2011-10-18. Build Your Own Canoe is a comprehensive, clearly structured and uncomplicated manual that guides the reader through the various stages of constructing an inexpensive, lightweight and versatile plywood canoe. Topics covered include design considerations, building and fitting out the basic hull, customizing the hull to suit yourself, repair and maintenance, advice on transportation, storage, camping, and river access, safety, and the maiden voyage, and the history of the canoe. **The Whole Paddler's Catalog** Zip Kellogg, 1997. For canoeists, kayakers, and rafters. Types of paddling boats and gear, voyaging, health and safety, conservation. **Idleness, Water, and a Canoe** Jamie Benidickson, 1997-01-01. This book describes the cultural significance of two centuries of recreational paddling in Canada, illustrating through contemporary interviews and published sources what the experience of canoeing has meant to the sport's participants. **10 Wooden Boats You Can Build** Peter Spectre, 1995. The beauty of this book is that the construction bugs have already been worked out of the designs. Plans, step by step instructions, material lists, photographs, and detailed diagrams. **Boating**, 1978-01. **Nastawgan** Bruce W. Hodgins, Margaret Hobbs, 1987-06-30. A rich history of Canadian wilderness travel, an utterly compelling collection, said The Globe and Mail, and a gem it absolutely sparkles, according to Canadian Geographic. Declared by the Canadian Historical Association to be the best book published of its year on the regional history of Canada's North. With essays by William C. James, C. E. S. Franks, George Luste, Margaret Hobbs, John Jennings, Shelagh Grant, Gwyneth Hoyle, Bruce W. Cahalan,2022-08-09 The best biography ever about Ed Cahalan's meticulous research and thoughtful interviews have made this book the authoritative source for Abbey scholars and fans alike Doug Peacock author environmentalist activist and explorer and the inspiration for Hayduke in The Monkey Wrench Gang He was a hero to environmentalists and the patron saint of monkeywrenchers a man in love with desert solitude A supposed misogynist ornery and contentious he nevertheless counted women among his closest friends and admirers He attracted a cult following but he was often uncomfortable with it He was a writer who wandered far from Home without really starting out there James Cahalan has written a definitive biography of a contemporary literary icon whose life was a web of contradictions Edward Abbey A Life sets the record straight on Cactus Ed giving readers a fuller more human Abbey than most have ever known It separates fact from fiction showing that much of the myth surrounding Abbey such as his birth in Home Pennsylvania and later residence in Oracle Arizona was self created and self perpetuated It also shows that Abbey cultivated a persona both in his books and as a public speaker that contradicted his true nature publicly racy and sardonic he was privately reserved and somber Cahalan studied all of Abbey's works and private papers and interviewed many people who knew him including the models for characters in The Brave Cowboy and The Monkey Wrench Gang to create the most complete picture to date of the writer's life He examines Abbey's childhood roots in the East and his love affair with the West his personal relationships and tempestuous marriages and his myriad jobs in continually shifting locations including sixteen national parks and forests He also explores Abbey's writing process his broad intellectual interests and the philosophical roots of his politics For Abbey fans who assume that his honest novel The Fool's Progress was factual or that his public statements were entirely off the cuff Cahalan's evenhanded treatment will be an eye opener More than a biography Edward Abbey A Life is a corrective that shows that he was neither simply a countercultural cowboy hero nor an unprincipled troublemaker but instead a complex and multifaceted person whose legacy has only begun to be appreciated The book contains 30 photographs capturing scenes ranging from

Abbey s childhood to his burial site **River Running** Verne Huser,2001-01-01 A guide to white water boating with
